INTRODUCTION AND OVERVIEW

The Gulf Consortium adheres to sound professional and ethical standards without compromise. Every ~~director~~[Director](#), employee, contractor, consultant, or agent appointed or working on behalf of the Gulf Consortium must read, understand, and comply fully with the principles established by this Code of Conduct.

Ethical conduct is a matter of proper intent, characterized by truthfulness and honesty, compliance with all applicable laws and regulations, and [the carefully exercising of](#) good professional judgment. Occasionally, one may be placed in situations in which there is a good-faith disagreement as to what may be the appropriate course of conduct. This Policy is not an exhaustive description of appropriate conduct, because it is impractical to cover in a document of this nature all the significant legal requirements of each jurisdiction in which the Gulf Consortium operates.

The Gulf Consortium requires its ~~director~~[Directors](#), employees, [and consultants \(including but not limited to the General Manager and General Counsel\)](#) ~~managing consultant, and general counsel~~ to:

- Perform all duties to the best of their ability at all times;

- Operate in the best interest of the public and the member counties the Gulf Consortium serves.

The Gulf Consortium regards violations of this Conduct Policy as serious matters. A breach of established policy can put the Gulf Consortium and its member Counties at risk. Anyone who violates this Conduct Policy may be subject to disciplinary action. In addition, violations of law can result in civil or criminal penalties to ~~you~~[the individual](#), as well as the Gulf Consortium. This can also apply to an employee, contractor, consultant, or agent at any level of the Gulf Consortium who directs, approves, or condones violations, or who has knowledge of violations and does not promptly report and correct them.

If Gulf Consortium ~~director~~Directors, employees, contractors, consultants, or agents have questions concerning a specific legal or regulatory requirement or concerning a particular situation, they should, consult with the Gulf Consortium's General Counsel.

As a basic tenant of high professional and ethical standards, each person is responsible for their own conduct. ~~No one may~~Consortium Directors, employees, contractors, consultants, and agents may not justify illegal or unethical conduct by claiming they were ordered by someone else or that such conduct was only "minor" in nature. ~~No one is~~Nor may Consortium Directors, employees, contractors, consultants, or agents ~~authorized to~~ direct someone to commit an illegal or unethical act or omission, regardless of the perceived "minor" nature of the conduct. If a representative of the Gulf Consortium is approached by anyone inside or outside the Gulf Consortium with a request to do something unethical or illegal, that person should refuse to do so and immediately report the incident to the ~~Gulf Consortium~~ General Manager and/or General Counsel.

This is true whether any such statement is made in proposals, invoices, reports, or negotiations, including negotiations of disputes. It is imperative that all invoices and claims submitted to governmental agencies on behalf of the Gulf Consortium accurately reflect the work performed and are in strict conformance with the requirements of the applicable grants. When negotiating disputes with a governmental entity on behalf of the Consortium, such as scope, quality of work, or price, it is not permissible for Consortium agents or representatives to bolster the Gulf Consortium's position with unsupportable claims. Similarly, absent appropriate approval, there will be no use of government-owned equipment for purposes other than its intended contractual use.

In any transaction involving the United States Government, Consortium ~~director~~Directors, employees, contractors, consultants, and agents must comply with the provisions of the Truth in Negotiations Act, 10 U.S.C. § 2306. All "cost and pricing data" on Federal projects must be accurate, current, and complete, and records of such information must be retained. Further, it is a fundamental principle of the United States procurement process that government contractors must not improperly obtain, use, or disclose source selection or

proprietary information.

The Gulf Consortium will neither give nor encourage anyone else to give inducements to governmental employees or contractors for the purpose of obtaining favorable treatment in connection with a contract or subcontract. 1. “Board” means the Board of Directors of the Gulf Consortium.

It may include a description of any requirement for inspection, testing, recycled, or degradable materials content, or preparing a material, supply, service, construction, or equipment item for delivery.

PR-1. BACKGROUND

Outdated policies can expose the Gulf Consortium to risk. Old policies may fail to comply with new laws and regulations. They may not address new systems or technology, which can result in inconsistent practices. This Procedures Review Policy is intended to ensure periodic review of the Gulf Consortium's policies and procedures in order to ensure that such policies and procedures remain up to date with the latest regulations, technology, and industry best practices.

PR-2. OBJECTIVE

Each policy review will address the following questions:

a. Is the policy being implemented as intended?

Each review should consider whether employees, consultants, subrecipients, or other persons or parties to which the policy is addressed are complying with such policy and/or procedure. If there are instances of non-compliance, a review of the reasons why should be conducted. Is the policy outdated? Are the procedures difficult to follow? Have accounting or technology platforms changed during the year that the policy doesn't address? Has sufficient training been completed?

b. Is the policy having the desired effect?

Each policy is intended to meet a clear goal or objective. Over time, review of the policy objectives will help to assess whether a policy is effective. For example, if a policy was put in place to improve employee safety and employees are following the policy but accidents are still occurring at the same rate, the policy should be examined to identify how to revise it to be more effective.

c. Are the policies and procedures current and relevant?

Each review should confirm that policies and procedures align with current systems and structures. If the policies and procedures refer to outdated structures or technology, employees, consultants, subrecipients or other persons or parties to which the policy is addressed are more likely to ignore them or think that they are no longer relevant. For example, if the policies refer to contact individuals that are no longer in place, updates are necessary.

PR-3. PROCESS

Ninety days prior to the established annual review date for all policies, which shall be the anniversary of acceptance by Council of the Consortium's OSA, the following process will commence.

PR-3.1 Determine the parties involved with each policy

Depending on the policy, the individuals and entities involved with the policy ~~will~~may differ. One or more Policy Review Committees shall be created by the Board. The purpose of such Policy Review Committees shall be to review the Consortium's current policies in accordance with the criteria described in Section PR-2 and recommend any proposed changes to the Board. Generally speaking, the Policy Review Committee(s)

shall be comprised of a member of the General Counsel, at least one Board representative, at least one non-Board RESTORE Coordinator and representatives from Accounting, Procurement and Grants Administration. A Consortium staff person or consultant will be designated as a point person for the review of each policy. In addition, General Counsel will be asked to conduct a legal review of statutory references throughout existing policies to ensure they remain accurate and relevant. The following policies at a minimum will be formally reviewed:

- a. Accounting and Financial Management
- b. Communications and Public Records
- c. Conduct and Conflict of Interest
- d. Grant Management
- e. Internal Controls
- f. Procurement
- g. Subrecipient Management

PR-3.2 Convene a review session to propose changes

The Policy Review Committee shall convene at least one group session to review proposed changes put forward by the point person for each policy and to receive the report from General Counsel of any required updates. As needed, additional sessions may be scheduled to allow time for consideration and discussion of all proposed updates or refinements to policy.

PR-3.3 Document all proposed comments and changes to the policy, prepare for Board consideration

The General Manager will maintain an inventory of all policies and procedures and log all proposed changes to each policy and the resolution proposed by the Procedures Review Committee(s). A summary of all proposed changes and supporting justification will be prepared for the Board's consideration.

PR-3.4 Finalize and disseminate updated policies

Changes that are approved by the Board to any policy will be updated in all Gulf Consortium documents and made available within 30 days as a part of the permanent record.

PART A: PROCUREMENT PROCEDURE

P-1. PURPOSE

This policy is adopted to promote the following purposes:

- a. To clarify, organize, and unify the procurement practices used by the Consortium.
- b. To align procurement standards with RESTORE Council's standards and requirements, including 2 CFR Part 200.
- c. To assure adherence to all applicable procurement laws, regulations and procedures.
- d. To promote public confidence in the procurement procedures followed by the Consortium.
- e. To ensure the fair and equitable treatment of all persons who deal with the procurement system of the Consortium.
- f. To maximize economy in Consortium procurement activities and to maximize to the fullest extent practicable the purchasing value of Consortium funds.
- g. To provide safeguards for the maintenance of a procurement system of quality and integrity for the Consortium.

P-2. APPLICATION OF POLICY

P-2.1 Contracts

This policy shall apply to contracts/agreements solicited or entered into after the effective date of this policy or subsequent amendments or revisions, unless the parties agree to its application to a contract solicited or entered into prior to the effective date.

P-2.2 Activities

This policy shall apply to the purchase/procurement of all materials, supplies, services, and equipment except as herein specifically exempted.

P- 2.3 Waiver

The Consortium Board shall have the authority to waive the policies and procedures contained herein when deemed to be in the best interest of the Consortium.

P-3. AUTHORITY OF PROCUREMENT MANAGER

The Procurement Manager shall be designated by the General Manager. Except as otherwise specifically provided in this policy, the Procurement Manager shall:

- a. Purchase or supervise the purchase of all supplies, services, materials, equipment, and construction services defined within the scope of this policy
- b. Upon the prior approval of the General Manager, the Procurement Manager may delegate authority to designee(s).

P-4. SPECIFICATIONS

Technical specifications are designed to ensure that the quality and service will fulfill the requirements for which the equipment, materials, commodities or services are intended. It

is the policy of the Consortium that specifications permit maximum practicable competition consistent with this purpose. Specifications should be drafted with the objective of clearly describing the Consortium's requirements. Specifications take many forms, some of which are more complex than others. The Procurement Manager shall maintain a library of current specifications through the National Institute of Governmental Purchasing (NIGP) for equipment, commodities, materials and services.

The Procurement Manager may make modifications or alterations to specifications to accommodate competitive bidding.

P-4.1 General

The purpose of a specification is to serve as a basis for obtaining a supply or service adequate and suitable for the Consortium's needs. The drafting of specifications should be done in a cost effective manner, taking into account the total cost of ownership and operation, as well as the initial acquisition cost.

P-4.2 Design/Performance Specification

Specifications should, to the extent practicable, emphasize functional or performance criteria while limiting design or other physical descriptions to those necessary to meet the needs of the Consortium.

P-4.3 Detail of Specifications

Bids and quotations should be based on concise specifications. Specifications should be detailed, providing a basis for open and equitable competitive bidding, based upon a common standard. Specifications should clearly describe the product to be purchased and must be free from restrictions that limit competition.

P-4.4 Selection Criteria

The specifications should relate directly to the selection criteria. A proposed selection criteria form with relative weights will be incorporated in the solicitation package.

P-4.5 Revision of Specifications Due to Budget Constraints

Should it be determined, after bids have been opened, that bids received exceed the budgeted amount and additional funds are not available, bids may be rejected. The scope of the specifications may be revised in an effort to ~~comply with~~conform to the established budget.

P-4.6 Alternate Specifications

Alternate specifications involving two or more designs, functional or performance criteria may be proposed by a bidder if the specifications satisfactorily meet the Consortium's requirements and alternate specifications are expressly permitted in the bid document.

P-4.7 Reference-Bidders Qualification and Experience

Bidders may be required to furnish evidence of qualifications and past experience in the type of work as outlined in the specifications, to include specific experience for a

particular services or project.

To expedite validation of bidder credentials for architect or engineering services only, the Procurement Manager may choose to rely on proof of prequalification from other State agencies, including FDOT and FDEP. In the event the scope is relevant to an existing prequalification category, proof of current prequalification status may be required as an essential requirement for bidding.

P-4.8 Familiarity with Laws

The bidder is expected to be familiar and in compliance with all applicable Federal, State, and Local laws, ~~Ordinances~~ordinances, ~~Codes~~codes, ~~Rules~~rules and ~~Regulations~~regulations that in any manner affect the work or services to be performed or the goods to be provided, including, but not limited to, the Americans with Disabilities Act (ADA) and local environmental ordinances. Ignorance on the part of the bidder in no way relieves the bidder from the responsibility of compliance with all ~~said~~applicable laws, ordinances, codes, rules and regulations.

Bidders must possess any and all licenses necessary to perform.

Bidders are responsible for obtaining permits necessary to complete work, at their own expense, prior to starting any work provided by a Consortium purchase order or contract.

P-5. SOLICITATION PROHIBITIONS

To ensure compliance with federal procurement rules, specifications and solicitation requirements may not contain features that unduly restrict competition including, but not limited to:

- a. Imposing unreasonable business requirements/qualifications for bidders or offerors.
- b. Imposing unnecessary experience requirements for bidders and offerors.
- c. Using prequalification procedures (except in the case of qualifications-based procurement for services under section 287.055, F.S. known as the Consultants' Competitive Negotiations Act).
- d. Making a noncompetitive award to any person or firm on a retainer contract with the recipient if the award is not for the property or services specified for delivery under the retainer contract.
- e. Excessive Bonding shall not be permitted. ~~Bid bonds and payment performance bonds shall be required for construction projects in excess of the federal small purchase threshold only.~~
- f. Specifying only a "brand name" product without allowing offers of "an equal" product, or allowing "an equal" product, or allowing "an equal" product without listing the salient characteristics that the "equal" product must meet to be acceptable for award.

- g. Specifying in-State or local geographical preferences or evaluating bids or proposals in light of in-State or local geographical preferences, even if those preferences are imposed by State or local laws or regulations.
- h. Supporting or acquiescing in noncompetitive pricing practices between firms or between affiliated companies including acceptance of submission of identical bid prices for the same products by the same group of firms, or an unnatural pattern of awards that had the cumulative effect of apportioning work among a fixed group of bidders or offerors.

P-6. METHODS OF SOURCE SELECTION

The Consortium policies and procedures address the following methods of source selection:

- a. Small Purchases (including micro purchases and procurement quotes)
- ~~b. Procurement Quotes~~
- ~~e.b.~~ Competitive Solicitations (ITB, RFQ and RFP)
- ~~d.c.~~ Emergency Purchases
- ~~e.d.~~ Sole Source/Non-Competitive Purchases

P-7. APPROVAL THRESHOLDS

For multi-year contracts, when the annual amount is not specified, signature authority is based on the average yearly expenditure over the contract term. This applies for all approval thresholds. Table P-1 provides the Procurement Process thresholds. Table 2 provides the Signature Authority thresholds.

Table P- 1 Procurement Process Thresholds	
Procurement Method	Threshold
Micro Purchase Procedures	Up to \$3,000
Procurement Quotes	\$3,000.01 to \$50,000
Competitive Solicitation – ITB, RFP and RFQ	\$50,000.01 and above

Table P-2 Contract Award and Signature Authority Thresholds	
Individual	Threshold ¹
Procurement Manager	*Procurement Agreements up to \$25,000
General Manager	*Procurement Agreements greater than \$25,000 and no greater than \$50,000
Gulf Consortium	*Procurement Agreements greater than \$50,000
¹ Term contracts will be awarded based upon the value of the initial term of the contract. *All contracts will be in a form approved by the Consortium General Counsel prior to execution.	

P-7.1 Purchases utilizing Federal funds must conform to applicable Federal law, including: 2 CFR Part 1201 incorporating 2 CFR 200 “Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards” and comply with all requirements of FTA Circular C 4220.1F, as amended from time to time. Contracts utilizing Federal funds shall include all required Federal contract clauses.

P-7.2 To ensure compliance with Federal procurement rules, the Procurement Manager shall ensure that adequate competition exists by confirming that two or more responsible bidders are willing and able to compete effectively for the business.

P-7.3 A Cost Analysis shall be completed by the General Manager or designee. The Consortium shall rely on FAR Part 31, Contract Cost Principles and Procedures for allowable costs. In general, costs must be necessary and reasonable, allocable to the project, authorized or not prohibited by Federal law or regulation, and must comply with Federal cost principles applicable to the recipient.

P-7.4 An Independent Cost Estimate is required prior to bidding-receiving bids or proposals for all purchases over the ~~small-purchase threshold~~Simplified Acquisition Threshold and can be obtained by:

- a. Design/engineering firm or member county technical staff for construction work;
- b. Published price lists or past pricing with inflation factors;
- c. Independent third-party staff member not impacted by the final procurement.

P-7.5 Advertisement shall be via website and online services not later than the fourteenth day before the day set for receipt of bids, proposals or qualifications. Unless an earlier timeframe is approved by the Consortium due to an emergency or extenuating circumstance.

P-8. MICRO PURCHASE

The purchase of commodities, equipment, and services, which cost less than \$3,000 does not require solicitation of quotes or bids. Micro purchases shall be authorized by the Procurement Manager or designees and documented as to their conformance with an approved Budget category.

Micro-purchases may be made without obtaining competitive quotations so long as the Procurement Manager determines that the price is reasonable, and that purchases made under the micro-purchase threshold shall be distributed equitably among qualified suppliers, in accordance with 41 U.S.C. Section 1902.

P-9. PROCUREMENT QUOTES

For purchases exceeding \$~~1~~3,000, the Procurement Manager or designee shall obtain multiple competitive quotations whenever possible. The Procurement Manager may solicit

written quotations from the open market and shall use available current vendors and suppliers price lists whenever possible. The Procurement Manager or designee shall prepare a written quotation solicitation form that clearly documents the commodities, equipment or services requested and when needed, contact information, due date for quotation, vendor requirements and other relevant transactional terms. The requested commodities, equipment or services must be adequately described on a consistent basis to assure a like-to-like comparison among vendors. In those instances where the securing of two (2) quotations is not practicable, the Procurement Manager shall provide written justification of such.

Vendors submitting written quotes must have the required expertise and capability to perform the work or supply the commodities or equipment. Quotes must be on company letterhead, which shall be signed and dated by an authorized representative of the vendor. The lowest cost, responsible and responsive vendor who is capable of performing the services or supplying the commodities or equipment shall be awarded the contract.

P-10. COMPETITIVE BIDS (ITB)

P-10.1 Conditions for Use

An ITB shall be utilized when the Procurement Manager is capable of establishing precise specifications for a commodity or defining, with specificity, a scope of services for the commodities or services sought and when the estimated cost of these commodities, equipment or services exceeds \$50,000. Vendors compete on a cost basis for like items or services. The selection shall be based upon the lowest priced, responsive, and responsible bidder.

P-10.1.1 The Procurement Manager shall maintain a posting on the Consortium's website, accessible to the public where all advertisements for bids and/or bid tabulations may be posted. The notice shall include a general description of the goods and services to be procured, the location where specifications may be obtained, closing date, and the time and place for receipt of and the opening of the competitive bidding.

P-10.1.2 Exceptions to competitive award methods include:

- a. Other Governmental Agency Contracts - The Procurement Manager may procure commodities, materials, equipment and services from the State of Florida, Federal Government (GSA) and other governmental entity contracts when deemed to be in the best interest of the Consortium and in compliance with federal procurement requirements.
- b. Emergency Purchases (See Section 12)
- c. Non-competitive Purchase/Sole Source Purchase - (See Section 13)

P-10.2 Procedures

P-10.2.1 All bids shall be submitted no later than the date and time designated in the

notice. The envelope containing the competitive bids shall be sealed. The Procurement Manager or designee shall date and time stamp each response as it is received and file the bids unopened in a secure file until the time designated for the opening. Bids received after the deadline shall be returned unopened to the sender.

P-10.2.3 All Competitive Sealed Bids shall be opened in public at the time, date and place stated in the notice and shall be recorded. Bids will not be accepted after the time set for the bid opening. The official clock for recording time is the clock located in the Procurement Manager's office. The purpose of the bid opening is to record the bids received. Bids are not analyzed for quality or substance at the bid opening.

P-10.3 Substitution

Each Bidder/Offerer represents that the bid is based upon requirements described in the ITB and that such commodities, equipment, materials and services fully meets the requirements of the ITB.

Whenever, any material, item, product, system or process is specified by trade name or name of manufacturer or vendor to establish class or standard required, any other material, item, product, system or process, considered equal by the procurement officer may be accepted, unless otherwise stated in the ITB.

In each such instance, the material, item, product, system or process specified by trade name or name of manufacturer or vendor shall be considered as a standard basis for bidding and to ensure a uniform comparison of bids, the bidder shall base the bid on the particular material, item, product, system or process identified.

Should a bidder decide to substitute a material, item, product system or process other than that named in the specifications, the bidder shall attach to the bid at the time of submission or prior to submission, a separate sheet upon which shall be listed the pre-approved materials, items, products, systems or processes which the bidder desires to substitute.

P-10.3.1 No substitution will be considered unless written request has been submitted to the Procurement Manager for approval within the time specified. Each request shall include a complete description of the proposed substitute, the name of the material or equipment, etc. for which it is to be substituted, drawings, samples, performance and test data, references and other data or information necessary for complete evaluation. A written approval must be issued by the Procurement Manager or designee in order for the substitution to be fully accepted

P-10.3.2 The Procurement Manager and Consortium representative will review the bids and recommend to the Consortium Board the vendor(s) to receive the award on the basis of being the lowest responsive and responsible bidder.

P-10.3.3 After a bid has been opened, a bidder is not permitted to unilaterally withdraw or alter their bid, or deposit.

P-10.4 Correction or Withdrawal of Bids; Cancellation of Awards

Correction or withdrawal of inadvertently erroneous bids, before or after award, or cancellation of awards or contracts based on such bid mistakes, shall be permitted where appropriate under the sole discretion of the Consortium. Mistakes discovered before bid opening may be modified or withdrawn upon written notice received in the office designated in the ITB prior to the time set for bid opening. After bid opening, corrections in bids shall be permitted only to the extent that the bidder can show by clear and convincing evidence that a mistake of a non-judgmental character was made, the nature of the mistake, and the bid price actually intended. After bid opening, no changes in bid price or other provisions of bids prejudicial to the interest of the Consortium or fair competition shall be permitted. In lieu of bid correction, a low bidder alleging a material mistake of fact may be permitted to withdraw its bid if:

- a. the mistake is clearly evident on the face of the bid document but the intended correct bid is not similarly evident; or
- b. the bidder submits evidence that clearly and convincingly demonstrates that a mistake was made. All decisions to permit the correction or withdrawal of bids, or to cancel awards or contracts based on bid mistakes, shall be supported by a written determination made by the Procurement Manager and concurred with by the General Manager.

P-10.5 Effective date.

~~For agreements, the date entered in the text portion of the contract will be the effective date. If no date is indicated, the date the contract is fully executed will be the effective date.~~

P-10.6 5 Notification of Award

After approval of the award, the Procurement Manager or designee will notify the successful bidder. The normal means of notification is by Internet Website; however, the Procurement Manager will notify the successful bidder of the award by the most expedient and practical means available.

P-11. COMPETITIVE SOLICITATION: REQUESTS FOR QUALIFICATIONS (RFQ) AND REQUESTS FOR PROPOSALS (RFP) (COLLECTIVELY THE “PROPOSALS”)

P-11.1 Request for Proposals

RFPs are used when the scope of work, specifications, or contractual terms and conditions cannot be well defined. Evaluation of a response is based on prior established criteria which involves more than price. An RFP includes, but is not limited to, applicable laws and rules, functional or general specifications, statement of work, proposal instructions, and evaluation criteria. Under RFPs, the quality of competing products or services may be compared and judged according

to evaluation criteria and trade-offs can be made between the price and quality of the products or service offered.

P-11.2 Request for Qualifications

A request for qualifications (“RFQ”) is used where the specifications of required professional services are broad and specialized in nature. Evaluation of a response is based on prior established criteria which involves more than price. The purpose of obtaining professional services is to offer to the Consortium special expertise, practical experience, knowledge, resources and an objective outside professional opinion. An RFQ must be utilized in CCNA procurements, but may be used in other instances when deemed appropriate by the Procurement Manager.

P-11.2.1 The provisions and exemptions contained in Florida Statutes section 287.055 (commonly known as the Consultants’ Competitive Negotiation Act, “CCNA”), shall apply herein for the procurement of all professional architecture, engineering, landscape architecture, or registered surveying and mapping services for projects that exceed certain statutory dollar thresholds.

P-11.2.2 Where it is in the best interest of the Consortium, the Consortium may choose to use the FDOT Prequalified Consultants Directory to validate that consultants have the prerequisite credentials in place to perform required services.

P-11.3 Procedures

The Procurement Manager shall schedule key events and dates for the RFP and RFQ review and issuance, public notice, the pre-proposal conference (if required), the proposal opening, evaluation, Board approval, and the preparation of the contract.

P-11.3.1 The Procurement Manager, in coordination with General Counsel, shall review the requirements and prepare the RFP/RFQ package, draft contract, and notice for posting.

P-11.3.2 The Procurement Manager shall advertise and post the RFP/RFQ, and any addendums thereto, on the Consortium website. The notice shall include a general description of the goods and services to be procured, the location where the RFP/RFQ may be obtained, closing date, and the time and place for receipt of and the opening of the competitive solicitation.

P-11.3.3 A pre-proposal conference with vendors may be beneficial, depending on the complexity of the specifications or scope of work to be performed. When pre-proposal conferences are held, the Procurement Manager shall prepare a summary of the meeting. If material changes are made to the RFP/RFQ, the Procurement Manager must prepare an addendum and post it on the Consortium’s website.

- a. The pre-bid/proposal conference is a meeting of potential bidders/offerors, the Procurement Manager and, as appropriate, other representatives of the Consortium or member counties.
- b. The ITB/RFP/RFQ shall stipulate the time, date, and location of the pre-bid/proposal conference, which should be as soon as possible after issuance and will indicate whether attendance is mandatory or non-mandatory.

- c. During the pre-bid/proposal conference, specifications are thoroughly reviewed and discussed with all parties in attendance. Subsequent to the conference, changes to the specifications will be reflected in an addendum prior to bid/proposal submittal. No changes to specifications may be made unless the addendum clearly identifying such changes is posted on the Consortium's website.
- d. Areas of concern regarding specifications, conditions, or alternatives must be addressed as soon as possible after the completion of the conference by the Procurement Manager.
- e. A mandatory pre-bid/proposal conference may be required at the discretion of the Consortium when deemed to be in the Consortium's best interest to do so. Mandatory conferences are held to ensure that potential bidders understand the complexity of the project or scope of work. The requirement for a mandatory conference shall be included in the public announcement/bid document.
- f. All interpretations or corrections shall be issued as addenda. If the location, date, or time of the bid opening changes, written notice of the change shall be given in the form of an addendum, as soon as practicable after the change is made and posted on the Consortium website and FAR system, if applicable.
- g. Occasionally after bids/proposals are solicited, but prior to bid opening or submittal time, changes to the specifications, delivery schedules, quantities, etc. may be needed. Ambiguous provisions may need to be clarified, or errors and oversights corrected. All addenda must be signed by the Procurement Manager or designee, processed on Gulf Consortium Letterhead and reference the Bid/RFP title and number.
- h. The Procurement Manager shall process the proposed addenda promptly upon receipt. Prior to issuing of an addendum, the Procurement Manager and the General Manager must consider the period of time remaining until bid opening. If additional time is likely to be required by a bidder(s), the addendum should extend the opening date for a reasonable period of time to obtain the greatest level of competition and fairness.
- i. Bidders must acknowledge receipt of addenda in their bid submittal at the designated time, date, and location. Bids may be rejected due to failure of vendors to acknowledge receipt of addenda. The Procurement Manager, however, has discretion to consider addenda not material to a bid process and may consider a bid responsive without addenda acknowledgement.
- j. All proposals shall be submitted no later than the date and time designated

in the notice and the RFP/RFQ. The Procurement Manager or designee shall date and time stamp each proposal as it is received and file the proposals unopened in a secure file until the time designated for the opening. Proposals received after the deadline shall be returned unopened to the sender.

- k. RFPs/RFQs shall be opened publicly, in the presence of two or more witnesses, at the time, date, and place designated in the RFP/RFQ. The name of each offeror shall be read aloud; pricing is not announced at an opening for a competitive proposal. P-12. EMERGENCY PURCHASES

P-12.1 Definition of Emergency

A purchase necessitated by a sudden unexpected turn of events (e.g., including but not limited to acts of God, riots, fires, floods, hurricanes, accidents, terrorism, or any circumstances or cause beyond the control of the agency in the normal conduct of its business) where the delay incident to competitive bidding would be detrimental to the interest of the Consortium.

P-12.1.1 To meet an emergency condition, which requires immediate purchase of equipment, commodities or services, the General Manager shall be empowered

to authorize the Procurement Manager to secure by open market procedures, equipment, commodities or services regardless of the amount of the expenditure(s).

P-12.1.2 The Procurement Manager shall have the authority to either reduce the number of days required for competitive sealed bids/proposals, or the Executive Committee may eliminate the requirement for competition altogether based on the emergency situation.

P-12.1.3 Following each emergency purchase made under the provisions of this section, a report shall be prepared by the Procurement Manager, with complete documentation, clearly stating the justification for an exception from the normal purchasing procedures and submitted to the appropriate approval authority within a 72-hour period after the occurrence. The purchase amount will determine the final approval authority and/or ratification thereof. The Procurement Manager will prepare the essential paperwork for obtaining appropriate approval authority (e.g., Board, General Manager).

P-12.1.4 A written explanation of the circumstances of an emergency purchase in an amount in excess of \$5,000 shall be confirmed by the Board, which will then be recorded in the minutes of the Board and be open for public inspection.

P-12.1.5 Approval for Emergency Purchases more than \$5,000 but under \$50,000 will be approved in accordance to the established authorized thresholds (See Section 7).

P-13. SOLE SOURCE/NON-COMPETITIVE PURCHASES

Sole Source and Non-~~competitive~~ Competitive negotiations purchases may only be used as a procurement method for purchases of ~~products or services~~ services, products, equipment, or construction items when available from only one source (Sole Source), or when it is determined by the Procurement Manager that there is only one practicable and reasonable source wherein competitive bidding is not feasible or not advantageous to the Consortium (Non-competitive) as specifically authorized herein. Further, when purchasing products or services with Federal funds, the Consortium may only use such non-competitive methods of procurement as are specifically authorized by 2 C.F.R. Part 200, which are described in Subsection P-13.1 below.

Sole Source purchases (except for proprietary software purchases, in most cases) ~~at or above the bid threshold of \$50,000~~ must be publicly advertised ~~per procedure~~ in accordance with Section P-7 hereof.

Sole Source/Non-Competitive purchases may be made within the authorized procurement limits identified in section P-7 hereof. When a purchase exceeds the threshold amount for Procurement Manager or General Manager approval, the item will be placed on the agenda for Board approval and certification that the vendor has been determined to be a Sole Source or that circumstances justifying a Non-Competitive purchase exist.

P-13.1 ~~Definition of~~ Sole Source Purchases

The purchase of a commodity, service, equipment, or construction item from only one source, which may be used only when one or more of the following circumstances apply:

- a. The item is available only from a single source;

- c. The Federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the non-Federal entity; or
- d. After solicitation of a number of sources, competition is determined inadequate.

~~The purchase of a commodity, service, equipment, or construction item(s) from one available practical source of supply. It can only be used when one or more of these circumstances apply: item is available from only one source, there is a public exigency or emergency, non-Federal entity has prior approval to use this method, and/or after solicitation of a number of sources, competition is determined inadequate.~~

Taking this into consideration, therefore, only one reasonable and practicable source exists to supply a particular good or service. Such advantages may include but not be limited to: uniqueness, vendor qualifications, timeliness of purchase, etc.

P-13.3 Negotiation with Sole Source/Non-Competitive Providers

The Procurement Manager may negotiate with a sole source/non-competitive provider under the following circumstances/examples:

- e. The needed product or service may be available from more than one source.

(Non-~~competitive~~ Competitive Purchase).

- f. Funds have become readily available through a grant process and must be spent in a time frame that does not permit competitive bidding. (Non-~~competitive~~ Competitive Purchase).

Counties may have a Negotiated Indirect Cost Rate (or NICRA) already established due to prior Federal Awards or other federally funded programs. Where counties do not have an established Indirect Cost Rate with a federal agency, a De minimis 10% rate may be used. The 10% De minimis rate may be elected by an organization that has never received a negotiated indirect

cost rate. 2 CFR 200, Subpart E, Section 200.414 (f) specifies that any non-Federal entity that has never received a negotiated indirect cost rate may elect to charge a de minimis rate of 10% of modified total direct costs (MTDC) which may be used indefinitely.

Pot 3 funds are managed separately by each of the Gulf Coast states. The Gulf Consortium is Florida’s designated agency to administer Pot 3 funds.

S-1. BACKGROUND

This Subrecipient Policy is intended to ensure Subrecipient compliance with the Consortium's policies and procedures in order to expedite grant Award and funding activities. For purposes of this policy, the Consortium is the recipient of grant funds and the individual Counties are the Subrecipients. Compliance with federal funding rules, and in particular RESTORE Council policies, is a requirement for all Consortium grant Awards. RESTORE Council requires that Subrecipients must comply, and require each of their Subrecipients, contractors, and subcontractors employed in the completion of the activity, project, or program to comply with all applicable federal rules and regulations. 2 CFR Part 200 is the primary governing regulatory framework for federal grant activity, ~~and. The Financial Assistance Standard Terms and Conditions are included as an appendix. Available on RESTORE Council's website (restorethegulf.gov) are additional details of other pertinent rules and regulations.~~

S-2. SCOPE OF WORK

The Subrecipient must only use funds obligated and disbursed under Award agreements for the purpose of carrying out activities described in the approved scope of work attached thereto. The Subrecipient must not incur or pay any expenses under the Award for activities not related to the attached approved scope of work unless the Consortium first approves an Award amendment explicitly modifying the approved scope of work to include those activities.

S-3. PERIOD OF PERFORMANCE; PRE-AWARD COSTS

The Subrecipient must use funds obligated and disbursed under the Award only during the period of performance specified in the Notice of Award, which is the time period during which the recipient may incur new obligations and costs to carry out the work authorized under the Award. The only exception is for costs incurred prior to the effective date of the Award, which are allowable only if:

- a. The Consortium specifically authorized these costs in writing on or after the issuance date of the Award;
- b. Incurring these costs was necessary for the efficient and timely performance of the scope of work; and
- c. These costs would have been allowable if incurred after the date of the Award.

S-4. INDIRECT COSTS

The Subrecipient may only charge indirect costs to the Award if such costs are allowable under 2 C.F.R. Part 200, subpart E (Cost Principles).

- a. Indirect costs must be consistent with an accepted de minimis rate or the indirect cost rate agreement negotiated between the Subrecipient and its cognizant agency (defined as the federal agency that is responsible for reviewing, negotiating, and approving cost

allocation plans or indirect cost proposals, see 2 C.F.R. § 200.19) and must be included in the Subrecipient's budget.

- a. Unallowable direct costs are not recoverable as indirect costs.
- b. The maximum dollar amount of allocable indirect costs charged to an Award shall be the lesser of:
 - i. The line item amount for the indirect costs contained in the approved budget, including all budget revisions approved in writing by the Consortium; or,
 - ii. The total indirect costs allocable to the Award based on the indirect cost rate approved by a cognizant or oversight federal agency and applicable to the period in which the cost was incurred, provided that the rate is approved on or before the Award end date.

S-5. COST SHARING AND BUDGET LIMITATIONS

- a. The Subrecipient is not required to contribute any matching funds. However, tracking of matching funds is a performance requirement of any Award that was made with a condition of additional funding. In the event that additional funding is not made available the Subrecipient may be required to reimburse the Consortium for the Award.
- b. The Subrecipient shall not request or receive additional funding beyond what was included in the approved application for the approved scope of work from any federal or non-federal source without first notifying the Consortium in writing.

S-6. PROGRAM INCOME

Any program income (defined in 2 C.F.R. § 200.80) generated by the recipient or the Subrecipient during the period of performance of the Award or Subrecipient agreement, as applicable, must be included in the approved budget and be used for the purposes and under the conditions of these Standard Terms and Conditions and any Special Award Conditions, i.e. solely to accomplish the approved scope of work.

S-7. INCURRING COSTS OR OBLIGATING FEDERAL FUNDS BEYOND THE EXPIRATION DATE

The Subrecipient must not incur costs or obligate funds under an Award for any purpose pertaining to the operation of the activity, project, or program beyond the end of the period of performance. The only costs which are authorized for a period up to 90 days following the end of the period of performance are those strictly associated with close-out activities. Close-out activities are normally limited to the preparation of final progress, financial, and required audit reports unless otherwise approved in writing by the Consortium.

Under extraordinary circumstances, and at the Consortium's sole discretion, The Consortium may approve the Subrecipient's request for an extension of the 90-day closeout period.

S-8. TAX REFUNDS

Refunds of taxes paid under the Federal Insurance Contributions Act (FICA) and the Federal Unemployment Tax Act (FUTA) that are received by the Subrecipient during or after the period of performance must be refunded or credited to the Consortium if such taxes were paid out of RESTORE Act funds in accordance with 2 C.F.R. Part 200, subpart E (Cost Principles). The Subrecipient agrees to contact the Consortium immediately upon receipt of these refunds.

S-9. SUBAWARD REQUIREMENTS

- a. The Consortium is obligated to perform all responsibilities required of a pass-through entity, as specified in 2 C.F.R. Part 200. As such, all Subrecipient agreements shall incorporate all the terms and conditions required by Council, including any Special Award Conditions, and must include the information contained in 2 C.F.R. §200.331.
- b. The Consortium shall review and document each Subrecipient's risk of noncompliance with federal statutes, federal regulations, and the terms and conditions of the subAward for purposes of determining the appropriate Subrecipient monitoring strategy, as described in 2 C.F.R. § 200.331(b).
- c. The Consortium must monitor the Subrecipient's use of federal funds through reporting, site visits, regular contact, or other means to provide reasonable assurance that the Subrecipient is administering the subAward in compliance with the RESTORE Act, Treasury's RESTORE Act regulations, the RESTORE Act Standard Terms and Conditions, Program-Specific Terms and Conditions, any Special Award Conditions, and the Subrecipient Agreement, and to ensure that performance goals are achieved.
- d. The Consortium shall provide training and technical assistance to the Subrecipient as necessary.

- b. Problems, delays, or adverse conditions which will materially impair the ability to meet the objective of the Award. This disclosure must include a statement of the action taken, or contemplated, and any assistance needed to resolve the situation.
- c. Favorable developments, which enable meeting time schedules and objectives sooner or at less cost than anticipated or producing more or different beneficial

results than originally planned.

d. The Subrecipient must:

- 1) Promptly provide to the Consortium a copy of all state or local inspector general reports, audit reports other than those prepared under the Single Audit Act, and reports of any other oversight body, if such report pertains to an Award under any RESTORE Act component, including the Comprehensive Plan Component and Spill Impact Component.
- 2) Immediately notify the Consortium of any indication of fraud, waste, abuse, or potentially criminal activity pertaining to grant funds.

S-10.4 Audit Requirements

The Subrecipient is responsible for complying with all audit requirements of the Single Audit Act and 2 C.F.R. Part 200 Subpart F – Audit Requirements.

The Subrecipient must submit an updated *Operational Self-Assessment* form no later than June 30th of each calendar year for the duration of its active Awards. Only one *Operational Self-Assessment* must be submitted per Subrecipient per year. In completing the form, the Subrecipient must note controls or activities that have changed from its previous submission. The Subrecipient must submit the *Operational Self-Assessment* electronically to gulfconsortium@balmoralgroup.us, unless otherwise specified in writing by the Consortium. The form may be downloaded at www.gulfconsortium.org.

S-11. FINANCIAL MANAGEMENT SYSTEM AND INTERNAL CONTROLS REQUIREMENTS; SUBCONTRACTING

- a. Subrecipients must expend and account for Award funds in accordance with federal laws and procedures. In addition, all Subrecipients' financial management systems must be sufficient to:
 - i. Permit the preparation of accurate, current, and complete SF-425, SF-PPR, RESTORE Act Milestones Report, and RESTORE Act Status of Performance Reports, as well as any additional reports required by any Special Award Conditions.
 - ii. Permit the tracing of funds to a level of expenditures adequate to establish that such funds have been used in accordance with all applicable federal, state, and local requirements, including the RESTORE Act, Treasury RESTORE Act regulations, the Standard Terms and Conditions, Program-Specific Terms and Conditions, any Special Award Conditions and the

Subrecipient Agreement.

- iii. Allow for the comparison of actual expenditures with the amount budgeted for each Award made to the Subrecipient by The Consortium under the RESTORE Act.
 - iv. Identify and track all RESTORE Act Awards received and expended by the assigned grant project number, which will be assigned by the Consortium.
 - v. Record the source and application of funds for all activities funded by a Consortium Award, as well as all Awards, authorizations, obligations, unobligated balances, assets, expenditures, program income, and interest earned on federal advances, and allow users to tie these records to source documentation such as cancelled checks, paid bills, payroll and attendance records, contract agreements, etc.
 - vi. Ensure effective control over, and accountability for, all federal funds, and all property and assets acquired with federal funds. The Subrecipient must adequately safeguard all assets and ensure that they are used solely for authorized purposes.
 - vi.vii. Record Subrecipient time (if salary and fringe for Subrecipient personnel are included in the budget) in sufficient detail to document all work effort in a given time period. Where an employee works on single or multiple Awards (including federal and non-federal), a distribution of their salaries/wages and fringe benefits must be supported by a detailed job cost timesheet showing hourly work effort for all time in a pay period. All work effort must be clearly linked to each project and/or task in the pay period. Pay stubs reflecting total hours must match timesheets and be included in the documentation. Work effort should be recorded in a manner similar to that shown in the “Time and Attendance Record – sample form” on <https://www.gulfconsortium.org/forms>.
- b. The Subrecipient must have in place written procedures to implement the requirements set forth in the Award Disbursement, as well as written procedures to determine the allowability of costs in accordance with 2 C.F.R. Part 200, subpart E (Cost Principles) and the terms and conditions of the Award.
 - c. The Subrecipient must establish and maintain effective internal controls over the Award in a manner that provides reasonable assurance that the Subrecipient is managing the Award in compliance with the RESTORE Act, Treasury’s RESTORE Act regulations, the Standard Terms and Conditions, Program-Specific Terms and Conditions, any Special Award Conditions and Subrecipient Agreement. These internal controls shall be in compliance with guidance in “Standards for Internal Control in the Federal Government” issued by the Comptroller General of the

United States or the “Internal Control Integrated Framework”, issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). The Subrecipient must evaluate and monitor its compliance, and the compliance of any Subrecipients, with the RESTORE Act, Standard Terms and Conditions, Program-Specific Terms and Conditions, any Special Award Conditions and Subrecipient Agreement, and promptly remedy any identified instances of noncompliance. When and if an instance of noncompliance cannot be remedied by the Subrecipient, the Subrecipient must promptly report the instance of noncompliance to the Consortium followed by submitting a proposed mitigation plan to the Consortium.

d. The Subrecipient must take reasonable measures to safeguard protected personally identifiable information (PII) consistent with applicable federal, state, and local laws regarding privacy and obligations of confidentiality.

e. Subcontracting; Competition.

i. All procurements by Subrecipients for work to be performed under an Award shall be conducted in a manner to provide, to the maximum extent practicable, open and free competition in accordance with the requirements of 2 C.F.R. §§ 200.317 through 200.326, “Procurement Standards.” The Subrecipient shall be alert to organizational conflicts of interest as well as other practices that may restrict or eliminate competition.

ii. In order to ensure objective contractor performance and eliminate unfair competitive advantage, contractors that develop or draft specifications, requirements, statements of work, or requests for proposals shall be excluded from competing for such procurements. Additionally, contractors that develop or assist with grant applications, planning/feasibility studies, project design, permitting, site investigation and analysis or that otherwise perform work for a Subrecipient that results in such contractor obtaining an unfair competitive advantage as to future stages of the implementation of the project in question shall be prohibited from competing for future procurements related to the project. Examples of situations considered to be restrictive of competition include, but are not limited to, those described in 2 C.F.R. § 200.319(a).

iii. Determination that a contractor has an unfair competitive advantage shall be made on a case by case basis. Initially, the Subrecipient shall submit a certification to the Consortium consistent with paragraph f. below providing its finding as to whether a competitive advantage exists, supporting documentation and explanation, and otherwise certifying that the procurement or prospective procurement complies with 2 C.F.R. §§ 200.317 - 200.326. The certification

submitted by the Subrecipient shall be evaluated by the General Manager in coordination with the General Counsel, which may request such additional information from the Subrecipient as deemed necessary prior to rendering a determination. Notwithstanding the General Manager's determination, in the event the Council, Department of the Treasury, or such other Federal entity having jurisdiction finds that funds paid to a contractor under an Award were improper for any reason, including for violation of 2 C.F.R. §§ 200.317 - 200.326, Subrecipient shall be solely liable for any such amounts and shall return the full amount of the funds in question to the Consortium promptly upon demand.

- f. Certification of Compliance with Procurement Standards. For all subcontracts for work to be performed under an Award, the Subrecipient shall submit a copy of each executed subcontract and documentation of the competitive procurement process pursuant to which the subcontractor was selected (e.g. invitation to bid, request for proposal, etc.) to the Consortium prior to submitting any invoices for subcontracted work. For each subcontract, the Subrecipient shall also submit a certification attesting to the Subrecipient's compliance with the requirements of 2 C.F.R. §§ 200.317 - 200.326. Upon the General Manager's request, the Subrecipient shall also provide such supporting documentation, information, and explanation required to substantiate the Subrecipient's compliance with 2 C.F.R. §§ 200.317 - 200.326.
- g. Procurements Conducted Prior to Award. A Subrecipient shall be permitted to utilize a contractor that was procured prior to the Award date for work to be performed under an Award so long as such contractor was procured in a manner that complies with 2 C.F.R. §§ 200.317 - 200.326, and is not otherwise prohibited by state or federal law or regulation or the provisions of the Award. The Subrecipient shall submit the certification described in paragraph f. above attesting to its compliance with the requirements of 2 C.F.R. §§ 200.317 - 200.326 in the selection of such contractor. Subrecipients shall not be permitted to modify the scope of any prior-procured contract to include work to be performed under an Award that was not adequately described in the competitive solicitation pursuant to which the contractor was initially procured, nor may Subrecipients otherwise evade competitive procurement requirements through the use of contracts procured prior to Award.

S-12. RECORDS RETENTION REQUIREMENTS

- a. The Subrecipient must retain all records pertinent to the Award for a period of three

years, beginning on a date as described in 2 C.F.R. § 200.333. While electronic storage of records (backed up as appropriate) is preferable, the Subrecipient has the option to store records in hardcopy (paper) format. For the purposes of this section, the term “records” includes but is not limited to:

- i. Copies of all contracts and all documents related to a contract, including the Request for Proposal (RFP), all proposals/bids received, all meeting minutes or other documentation of the evaluation and selection of contractors, any disclosed conflicts of interest regarding a contract, all signed conflict of interest forms, all conflict of interest and other procurement rules governing a particular contract, and any bid protests;
 - ii. All documentation of site visits, reports, audits, and other monitoring of contractors (vendors) and Subrecipients;
 - iii. All financial and accounting records, including records of disbursements to contractors (vendors) and Subrecipients, and documentation of the allowability of Administrative Costs charged to the Award;
 - iv. All supporting documentation for the performance outcome and other information reported on the Subrecipient’s SF-425s, SF-PPRs, RESTORE Act Milestones Reports, and RESTORE Act Status of Performance Reports; and
 - v. Any reports, publications, and data sets from any research conducted under the Award.
- b. If any litigation, claim, investigation, or audit relating to the Award or an activity funded with Award funds is started before the expiration of the three-year period, the records must be retained until all litigation, claims, investigations, or audit findings involving the records have been resolved and final action taken.
 - c. If the Subrecipient is authorized to enter into contracts to complete the approved scope of work, the Subrecipient must include in its agreement with the contractor a requirement that the contractor retain all records in compliance with 2 C.F.R. § 200.333.

S.13. THE FEDERAL GOVERNMENT’S RIGHT TO INSPECT, AUDIT, AND INVESTIGATE

S-13.1 Access to Records

- a. The Consortium, Council, the Treasury Office of Inspector General, and the Government Accountability Office have the right of timely and unrestricted access to any documents, papers or other records, including electronic records, of the Subrecipient that are pertinent to the Award, in order to make audits, investigations,

examinations, excerpts, transcripts, and copies of such documents. This right also includes timely and reasonable access to the Subrecipient's personnel for the purpose of interview and discussion related to such documents. This right of access shall continue as long as records are required to be retained.

- b. If the Subrecipient is authorized to enter into contracts to complete the approved scope of work, the Subrecipient must include in its contract a requirement that the contractor make available to the Consortium, Council, the Treasury Office of Inspector General, and the Government Accountability Office any documents, papers or other records, including electronic records, of the contractor that are pertinent to the Award, in order to make audits, investigations, examinations, excerpts, transcripts, and copies of such documents. This right also includes timely and reasonable access to the contractor's personnel for the purpose of interview and discussion related to such documents. This right of access shall continue as long as records are retained.

S-13.2 Access to the Subrecipient's Sites

The Consortium, Council, the Treasury Office of Inspector General, and Government Accountability Office shall have the right during normal business hours to conduct announced and unannounced onsite and offsite physical visits of recipients and their Subrecipients and contractors corresponding to the duration of their records retention obligation for the Award.

S-14. AWARD DISBURSEMENT

- a. Unless otherwise specified in a Special Award Condition, the Consortium will require Award funds to be disbursed on a reimbursement basis. The Consortium may require pre-approval of drawdown requests. If the Consortium requires pre-approval of drawdown requests, the Consortium will provide the Subrecipient with instructions on what billing to submit. The Consortium will make payment within 30 calendar days after receipt of the billing, unless The Consortium determines the request to be improper or inaccurate, in which case payment will not be made.
- b. To the extent available, the Subrecipient must disburse funds available from program income, rebates, refunds, contract settlements, audit recoveries, and interest earned on such funds before requesting additional cash payments of Award funds.
- c. The Consortium will use the Leon County Clerk of Court's office to disburse payment of Award funds via electronic funds transfer. All Award funds will be disbursed electronically using the Automated Clearing House (ACH) for next day or future day payments only. Subrecipients shall request their funding request via Form GC-1, which can be obtained at www.gulfconsortium.org. Awards paid through ACH may contain controls or withdrawal limits set by the Consortium.
- d. The Subrecipient must minimize the time between the transfer of funds from the

Consortium and the use of the funds by the recipient. The Subrecipient must make timely payment to contractors (vendors) in accordance with the contract provisions.

S-15. EFFECT OF A GOVERNMENT SHUTDOWN ON DISBURSEMENTS AND THE AVAILABILITY OF TREASURY PERSONNEL

In the event of a federal government shutdown, Treasury will issue guidance to Council and in turn to the Consortium, who will in turn notify the Subrecipient concerning the expected effects on any Award.

S-16. NOTIFICATIONS AND PRIOR APPROVAL

S-16.1 Notifications

In addition to other notifications required under these Standard Terms and Conditions, the Subrecipient must promptly notify the Consortium in writing whenever any of the following is anticipated or occurs:

- a. Except for changes described in (16.2) below, the Subrecipient may revise the budget without prior approval. If the Subrecipient alters the budget, the Subrecipient must provide a revised budget form (SF-424A or SF-424C, as applicable) to the Consortium as an attachment to the SF-PPR, reflecting all budget revisions from the same period covered by the SF-PPR. Acceptance of such budget information does not constitute the Consortium's approval of the revised budget.

 - viii. The inclusion of costs that require prior approval in accordance with 2 C.F.R. Part 200, Subpart E—Cost Principles, unless described in the application and approved in the Award.

S-18. SUBRECIPIENT AGREEMENT AMENDMENTS AND CLOSEOUT

S-18.1 Agreement Amendments

- a. The terms of an Award may be amended if requested by a Subrecipient and approved in writing by both the Consortium and the Council. The Consortium reserves the right to unilaterally seek amendment to the terms of any Award if required by state or federal law or regulation.~~the Award may be amended with the written approval of the Subrecipient and the Consortium.~~

 - iii. The Subrecipient's obligations regarding audits, property management and disposition (if applicable), and records retention.

S-19. STATE EXPENDITURE PLAN (SEP) AMENDMENTS

S-19.1 SEP Amendment Process

An SEP amendment is required if there is either a change in scope (i.e., new project activity or increased size of project) or there are revisions requiring an increase in funds for a new activity or bigger project.

The following describes the general process for an SEP amendment:

- 1) Obtain approval from County BOCC for the proposed SEP project changes,
- 2) Obtain Gulf Consortium approval to proceed with an SEP amendment (to ensure efficiency and reduce frequency of amendments),
- 3) Prepare the project narrative with sections corresponding to those in the SEP, and identify the projects proposed to be removed from the SEP, along with a brief discussion of the rationale for the change,
- 4) Provide the SEP amendment to RESTORE Council for preview (optional),
- 5) Present the draft SEP amendment to the Gulf Consortium with a request for action to make the SEP amendment available for public review,
- 6) Make the draft SEP amendment public with a forum to receive comments for a 45-day period,
- 7) Make any needed edits in response to comment period,
- 8) Submit the SEP amendment to RESTORE Council after the 45-day comment period; this will include a statement of public participation and any necessary edits or responses to comments,
- 9) After RESTORE Council reviews and approves the SEP amendment, the applications for funding can be submitted – grant application materials can be developed while Council review proceeds.

S-19.1 Costs for SEP Amendments

Gulf Consortium costs for SEP amendments are grant eligible under SEP project 24-1: Adaptive Management and Compliance Project. If costs for a particular county's SEP amendments are unusually large (greater than \$10,000), costs to that county can be "charged" in either of the following two options. 1) The county directly pays the Consortium through increased dues. The SEP amendment effort by Consortium contractors is invoiced to the Consortium rather than to RESTORE Council. 2) The SEP amendment effort by Consortium contractors is invoiced to RESTORE Council, and the county associated with large costs has their SEP project amounts decreased by an amount equal to the SEP amendment costs.

S-19.20. PROGRAM-SPECIFIC TERMS AND CONDITIONS – AWARDS UNDER POT 3

In addition to all the Standard Terms and Conditions described in Sections 3 to 18 of this document, all Subrecipient Agreements concerning the SubAward of funds shall include the following program-specific terms and conditions:~~Consortium Awards shall include the following Program-Specific Terms and Conditions:~~

S-19.1 Administrative Costs

- ~~a. Administrative costs are defined at 31 C.F.R. § 34.2.~~

~~b. Under no circumstances may the Subrecipient use more than three percent (3%) of the Award funds received for administrative costs. Administrative costs do not include indirect costs that are identified specifically with, or readily assignable to facilities, as defined in 2 C.F.R. § 200.414. Costs borne by Subrecipients do not count toward the three percent cap.~~

~~e.a.~~ Up to 100 percent of program income may be used to pay for allowable administrative costs, subject to the three percent (3%) cap.

~~S-19.2 Oil Spill Liability Trust Fund~~

Oil Spill Liability Trust Fund. The Subrecipient and its sub-Subrecipients and contractors must not seek any compensation for the approved program or project from the Oil Spill Liability Trust Fund. ~~The Subrecipient and its contractors must not seek any compensation for the approved program or project from the Oil Spill Liability Trust Fund. The Subrecipient must not use Consortium funds to fund activities for which any claim for compensation was filed and paid out by the Oil Spill Liability Trust Fund after July 6, 2012.~~

SUBCONSULTANT POLICY APPENDIX - STANDARD TERMS AND CONDITIONS

The following Financial Assistance Standard Terms and Conditions developed by the RESTORE Council will govern grants Awarded by the Consortium. In addition to these Standard Terms and Conditions, Special Terms and Conditions may apply to each grant as well.

1. Statutory and National Policy Requirements

The non-Federal entity¹ (also referred to as “recipient” or “grantee”) and any Subrecipients must, in addition to the assurances made as part of the application, comply and require each of its contractors and subcontractors employed in the completion of the project to comply with all applicable statutes, regulations, executive orders (EOs), Office of Management and Budget (OMB) circulars, terms and conditions, and approved applications. This document provides the Gulf Coast Ecosystem Restoration Council (“Council”) standard terms and conditions (ST&Cs) for all Council Awards. 2 CFR § 5900.101 provides the Council’s adoption of 2 CFR Part 200, giving regulatory effect to the OMB guidance.

This Award is subject to the laws and regulations of the United States. Any inconsistency or conflict in terms and conditions specified in the Award will be resolved according to the following order of precedence: public laws, regulations, applicable notices published in the *Federal Register*, EOs, OMB circulars, the Council ST&Cs, and special Award conditions. Special Award conditions may amend or take precedence over the ST&Cs if and when so provided by the ST&Cs.

Certain of the ST&Cs contain, by reference or substance, a summary of the pertinent statutes or regulations published in the *Federal Register* or Code of Federal Regulations (C.F.R.), EOs, OMB circulars, or the assurances (Forms SF-424B and SF-424D). No such provision will be construed so as to be in derogation of, or an amendment to, any such statute, regulation, EO, OMB circular, or assurance.

2. ~~Programmatic~~Programmatic Requirements

The recipient must use funds only for the purposes identified in the grant Award agreement in accordance with the requirements in 31 C.F.R. § 34.803(d). All activities under the Award must meet the eligibility requirements of the Gulf RESTORE Program as defined in 31 C.F.R. §§ 34.201, 34.202 or 34.203, according to component.

¹ The OMB Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards located at 2 C.F.R. part 200 uses the term “non-Federal entity” to generally refer to an entity that carries out a Federal Award as a recipient or Subrecipient. Because certain of the provisions of these ST&Cs apply to recipients rather than Subrecipients, or vice versa, for clarity, these ST&Cs use the terms “non-Federal entity”, “recipient”, and “Subrecipient.” In addition, the OMB Uniform Guidance uses the term “pass-through entity” to refer to a non-Federal entity that makes a subAward.

2.1 Performance (Technical) Reports

- a. Non-Federal entities must use OMB-approved government-wide standard information collections when providing financial and performance information and, as appropriate and in accordance with such information collections, are required to relate financial data to the performance accomplishments of the Federal Award. When applicable, recipients must also provide cost information to demonstrate cost effective practices (e.g., through unit cost data). The Non-Federal entity's performance will be measured in a way that will help the Council and other non-Federal entities to improve program outcomes, share lessons learned and spread the adoption of promising practices. Recipients will be provided with clear performance goals, indicators and milestones as described in 2 C.F.R. § 200.210 "Information contained in a Federal Award."
- b. Recipients must submit performance (technical) reports, which may be Form SF-PPR "Performance Progress Report" or any successor form, or another format as required by the Council, to the Council- designated grants officer (Grants Officer). Performance reports should be submitted electronically, unless the recipient makes an arrangement with the Grants Officer for submission in hard copy (no more than one original and two copies) in accordance with the Award conditions.
- c. Performance Reports must be submitted with the same frequency as the Federal Financial Report (Form SF-425), unless otherwise authorized by the Grants Officer. If events occur between scheduled performance reporting dates that have significant impact upon the activity, project or program, the recipient must notify the Grants Officer as soon as possible.
- d. Performance (technical) reports shall contain brief information as prescribed in the *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (2 C.F.R. part 200, specifically 2 C.F.R. § 200.328) incorporated into the Award, unless otherwise specified in the Award provisions. Specifically, in the "performance narrative" (item 10 on the SF-PPR), the recipient must provide the following information:
 1. Activities and Accomplishments:
 - i. Summarize activities undertaken during the reporting period;
 - ii. Summarize any key accomplishments, including milestones and metrics completed for the period;
 - iii. List any contracts Awarded during the reporting period, along with the name of the contractor and its principal, the DUNS number of the contractor, the value of the contract, the date of Award, a brief description of the services to be provided, and whether or not local preference was used in the selection of the contractor;

and

- iv. If the recipient is authorized to make subAwards, list any subAwards executed during the reporting period, along with the name of the entity and its principal, the DUNS number of the entity, the value of the agreement, the date of Award, and a brief description of the scope of work.

2. Adaptive Management:

- i. Indicate if any operational, legal, regulatory, budgetary, and/or ecological risks, and/or any public controversies, have materialized; if so, indicate what mitigation strategies have been undertaken to attenuate these risks or controversies; and
3. Summarize any challenges that have impeded the recipient's ability to accomplish the approved scope of work on schedule and on budget Findings/Events: Summarize any significant findings or events, if applicable.
4. Dissemination Activities: Describe any activities to disseminate or publicize results of the activity, project, or program, if applicable.

5. Monitoring:

- i. Describe all efforts taken to monitor contractor and/or Subrecipient performance, to include site visits, during the reporting period. For subAwards, indicate whether the Subrecipient submitted an audit to the recipient, and if so, whether the recipient issued a management decision on any findings; and
- ii. Describe any other activities or relevant information not already provided.
6. Planned Activities: Summarize the activities planned for the next reporting period.
7. Attachments: List and attach any deliverables completed during the performance period or other materials to be submitted with the report.

2.2 Reporting on Real Property

In accordance with 2 C.F.R. § 200.329, the Federal Awarding agency or pass-through entity must require a non-Federal entity to submit reports at least annually on the status of real property in which the Federal government retains an interest, unless the Federal interest in the real property extends 15 years or longer. If the attached Federal interest is for a period of 15 years or longer, the Council or pass-through entity may, at its option, require the non-Federal entity to report at various multi-year frequencies as specified in the terms of the Award (e.g., every two years or every three years, not to exceed a five-year reporting period; or the Council

or pass-through entity may require annual reporting for the first three years of a Federal Award and thereafter require reporting every five years).

2.3 Unsatisfactory Performance

Failure to perform the work in accordance with the terms of the Award and maintain at least a satisfactory performance as determined by the Council may result in designation of the non-Federal entity as high risk and the assignment of special Award conditions or other further action as provided in Section B.06, “Non- Compliance with Award Provisions” below.

2.4 Programmatic Changes

The non-Federal entity shall report programmatic changes to the Grants Officer in accordance with 2 C.F.R. § 200.308, and shall request prior approvals in accordance with 2 C.F.R. § 200.407.

2.5 Other Federal Awards with Similar Programmatic Activities

The non-Federal entity shall immediately provide written notification to the Grants Officer in the event that, subsequent to receipt of the Council Award, other financial assistance is received to support or fund any portion of the scope of work incorporated into the Council Award. The Council will not pay for any costs that are funded by other sources.

2.6 Non-Compliance with Award Provisions

Failure to comply with any or all of the provisions of the Award may have a negative impact on future funding by the Council and may be considered grounds for any or all of the following actions: withholding of payments pending correction of the deficiency by the non-Federal entity and/or more severe enforcement action by the Council or pass-through entity in accordance with 2 C.F.R. § 200.338; disallowance of (that is, denial of both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance; suspension or termination of all or any portion of the Award; initiation of suspension or debarment proceedings as authorized under 2 C.F.R. part 180 and any Council regulations and policies promulgated pursuant to its authority (or in the case of a pass-through entity, recommendation that such a proceeding be initiated by the Council); withholding of further Awards for the project or program; or enforcement of other remedies that may be legally available. *See also* 2 C.F.R. §§ 200.339 through 200.342.

2.7 Prohibition against Assignment by the Non-Federal Entity

The non-Federal entity shall not transfer, pledge, hypothecate, mortgage, or otherwise assign the Award, or any interest therein, or any claim arising thereunder, to any party or parties, including without limitation any bank, trust company or other financing or financial institution, without the express written approval of the Grants Officer.

2.8 Disclaimer Provisions

- a. The United States expressly disclaims any and all responsibility or liability to the non-

Federal entity or third persons for any actions of the non-Federal entity or third persons resulting in death, bodily injury, personal or property damage, or any other damage, loss or liability in connection with or resulting in any way from the performance of the Award or any subAward or subcontract under the Award.

- b. Acceptance of this Award by the non-Federal entity does not in any way establish or constitute an agency relationship between the United States and the non-Federal entity.

3. Financial Requirements

3.1 Financial Reports

- a. In accordance with 2 C.F.R. § 200.327, the recipient shall submit a “Federal Financial Report” (Form SF-425 or any successor form, or another format as required by the Council) on a semi-annual basis. Semi-annual reporting periods will be specified in the grant Award for either the periods ending March 31 and September 30, or any portion thereof, or June 30 and December 31, or any portion thereof, unless otherwise specified in a special Award condition. Reports are due no later than 10 days following the end of each reporting period. A final Form SF-425 shall be submitted within 45 days after the expiration of the project period.
- b. The report should be submitted to the Grants Officer electronically, unless the recipient makes an arrangement with the Grants Officer for submission in hard copy (no more than one original and two copies), in accordance with the Award conditions.
- c. The recipient must report to the Council at the conclusion of the grant period, or other period specified by the Council, on the use of funds pursuant to the Award in accordance with the requirements in 31 C.F.R. § 34.803(e).
- d. The recipient must forecast cash requirements/draws semi-annually, for the periods October 1 to March 31 and April 1 to September 30, throughout the life of the grant. Forecasted cash requirements must be updated with the submission of each “Federal Financial Report.”

3.2 Financial Management

- a. In accordance with 2 C.F.R. § 200.302(a), each State, including a state’s administrative agents and the Gulf Consortium of Florida counties, must expend and account for the Federal Award in accordance with state laws and procedures for expending and accounting for the state’s own funds. In addition, the state’s and other non-Federal entities’ financial management systems, including records documenting compliance with Federal statutes, regulations, and the terms and conditions of the Federal Award, must be sufficient to permit the preparation of reports required by general and program-specific terms and conditions – including preparation of accurate, current and complete SF- 425, Performance (Technical) Report, reporting on subAwards, and any additional reports required by any additional Award conditions. The financial management system also must

be sufficient to trace funds to a level of expenditures adequate to establish that such funds have been used according to the Federal statutes, regulations – including without limitation the Resources and Ecosystem Sustainability, Tourist Opportunities, and Revived Economies of the Gulf Coast States Act of 2012 (RESTORE Act), Council and Treasury RESTORE Act regulations – and the terms and conditions of the Federal Award. *See also* 2 C.F.R. § 200.450 “Lobbying.”

- b. The financial management system of each non-Federal entity must provide all information required by 2 C.F.R. § 200.302(b) and maintain detailed records sufficient to account for the receipt, obligation and expenditure of grant funds in accordance with the requirements in 31 C.F.R. § 34.803(b). *See also* 2 C.F.R. §§ 200.333 “Retention requirements for records”; 200.334 “Requests for transfer of records”; 200.335 “Methods for collection, transmission and storage of information”; 200.336 “Access to records”; and 200.337 “Restrictions on public access to records.” Specifically, the financial management system must provide for:
 - 1. Identification and tracking of all Council Awards received and expended by the Catalog of Federal Domestic Assistance (CFDA) title and number, Federal Award identification number and year, name of the Federal agency, and name of the pass-through entity, if any;
 - 2. Records that adequately identify the source and application of all funds for Federally-funded activities, including information pertaining to Federal Awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest, and are supported by source documentation; and
 - 3. Effective control over, and accountability for, all Federal funds, and all property and assets acquired with Federal funds. The recipient must adequately safeguard all assets and ensure that they are used solely for authorized purposes.
- c. The recipient must establish written procedures to implement the requirements set forth in Subsection, C.03 “Award Payments,” below, as well as written procedures to determine the allowability of costs in accordance with 2 C.F.R. Part 200, subpart E “Cost Principles,” and the terms and conditions of this Award.

3.3 Award Payments

- a. The reimbursement method of payment will be used under this Award, unless otherwise specified in a special Award condition. The Grants Officer will determine the appropriate method of payment. Payments are made through electronic funds transfers directly to the non-Federal entity’s bank account and in accordance with the requirements of the Debt Collection Improvement Act of 1996 (31 U.S.C. § 3701 *et. seq.*) and the Cash Management Improvement Act (31 U.S.C. § 6501 *et. seq.*).
 - 1. Consistent with 2 C.F.R. § 200.305(a), for States, payments are governed by the Treasury-State Cash Management Improvement Act (CMIA) agreements and default procedures codified at 31

C.F.R. Part 205 “Rules and Procedures for Efficient Federal-State Funds Transfers” and Treasury Financial Manual Volume I, 4A-2000 “Overall Disbursing Rules for All Federal Agencies.”

2. Consistent with 2 C.F.R. § 200.305(b), for non-Federal entities other than States, payment methods must minimize the amount of time elapsing between the transfer of funds from the U.S. Treasury or the pass-through entity and the disbursement by the non-Federal entity.
- b. The Council Award Number must be included on all payment-related correspondence, information, and forms.
- c. Unless otherwise provided for in the Award terms, payments under this Award will be made using the Department of Treasury’s Automated Standard Application for Payment ([ASAP](#))² system. Under the ASAP system, payments will be made through preauthorized electronic funds transfers in accordance with the requirements of the Debt Collection Improvement Act of 1996. Awards paid under the ASAP system will contain a special Award condition, clause or provision describing enrollment requirements and any controls or withdrawal limits set in the ASAP system. Recipients enrolled in the ASAP system are not required to submit a “Request for Advance or Reimbursement” (Form SF-270 or successor form), in order to receive payments relating to their Award. Pre-approval prior to requesting payments may be required for recipients that are determined by the Council to be in a high risk category or noncompliant (*see* 2 C.F.R. § 200.205 “Federal Awarding agency review of risk posed by applicants,” and *see* section 13 “Remedies for Noncompliance” below).
 1. In order to receive payments under ASAP, recipients are required to enroll with the Department of Treasury, Financial Management Service, Regional Financial Centers, which enables them to use the on-line and Voice Response System (VRS) method of withdrawing funds from their ASAP established accounts.
 2. The following information will be required to make withdrawals under ASAP: (i) ASAP account number, i.e., the Federal Award number found on the cover sheet of the Award; (ii) Agency Location Code (ALC); and (iii) Region Code.
- d. When expressly allowed through a special Award condition, advances shall be limited to the minimum amounts necessary to meet immediate disbursement needs, but in no event shall advances exceed the amount of cash required for a 30-day period. Funds advanced but not disbursed in a timely manner and any accrued interest thereon must be promptly returned to the Council. The Grants Officer may periodically request documentation from the non-Federal entity verifying that the elapsed time between the transfer of funds and disbursement has been minimized. If a non-Federal entity demonstrates an unwillingness or inability to establish procedures that will minimize time elapsing between transfer of funds and disbursement or if the non-Federal entity otherwise fails to continue to qualify

for the advance payment method, the Grants Officer may change the method of payment to reimbursement only.

- e. Where the use of an alternative system other than ASAP is provided for in the Award terms, requests for payment will be submitted to the Grants Officer.
 - 1. Form SF-3881, “ACH Vendor/Miscellaneous Payment Enrollment Form,” must be completed before the first Award payment can be made via the “Request for Advance or Reimbursement” (Form SF-270) request.
 - 2. When advance payment is expressly allowed for by special Award condition, the non-Federal entity must submit the request no more frequently than monthly, and advances will be approved for periods to cover only expenses anticipated over the following 30 days. The non-Federal entity must complete the “ACH Vendor Miscellaneous Payment Enrollment Form” (Form SF-3881 or successor form), and Form SF-270, and submit those forms to the Grants Officer.

3.3 Federal and Non-Federal Sharing

- a. Awards that include Federal and non-Federal sharing incorporate a budget consisting of shared allowable costs. If actual allowable costs are less than the total approved budget, the Federal and non-Federal cost shares shall be calculated by applying the approved Federal and non-Federal cost share ratios to actual allowable costs. If actual allowable costs are greater than the total approved budget, the Federal share shall not exceed the total Federal dollar amount authorized by the Award.
- b. The non-Federal share, whether in cash or in-kind, is to be paid out at the same general rate as the Federal share. Exceptions to this requirement may be granted by the Grants Officer based on sufficient documentation demonstrating previously determined plans for, or later commitment of, cash or in-kind contributions. In any case the non-Federal entity must meet its cost share commitment over the life of the Award. The non-Federal entity must create and maintain sufficient records sufficient to justify all non-Federal sharing requirements and to facilitate questions and audits. *See* Section 9 “Audits” below for audit requirements, and *see* 2 C.F.R. § 200.306 for additional requirements regarding cost sharing.

3.4 Program Income

- a. Non-Federal entities are encouraged to earn income to defray program costs where appropriate. Any program income shall be earned and applied consistent with the requirements of 2 C.F.R. § 200.307.
- b. The recipient must maintain detailed records sufficient to account for the receipt, obligation, and expenditure of grant funds including the tracking of program income. Program income must be included in the non-Federal entity’s approved budget and tracked in accordance with the requirements in 31 C.F.R. § 34.803(b).
- c. All program income must be documented in the Federal financial report submitted to the Council for the period in which the income was earned.

3.5 Budget Changes and Transfer of Funds among Categories

- a. Requests for changes to the approved budget must be made in accordance with 2 C.F.R. § 200.308 “Revision of budget and program plans” and submitted in writing to the Grants Officer who will make the final determination on such requests and notify the non-Federal entity in writing thereof.
 1. Construction Awards. For construction Federal Awards, the non-Federal entity must request prior written approval promptly from the Grants Officer for budget revisions whenever one or more of the following applies:
 - i. The revision results from changes in the scope or the objective of the project or program;
 - ii. The need arises for additional Federal funds to complete the project; or
 - iii. A revision is desired which involves specific costs for which prior written approval requirements may be imposed consistent with applicable OMB cost principles listed in 2 C.F.R. part 200, Subpart E— “Cost Principles.”
 2. Non-Construction Awards. For non-construction Federal Awards, recipients must request prior written approval promptly from the Grants Officer for budget revisions whenever one or more of the following applies:
 - i. Change in the scope or the objective of the project or program;
 - ii. Change in a key person specified in the application or the Federal Award;
 - iii. The disengagement from the project for more than three months, or a 25 percent reduction in time devoted to the project, by the approved project director or principal investigator;
 - iv. The inclusion, unless waived by the Council, of costs that require prior approval in accordance with 2 C.F.R. part 200 Subpart E— “Cost Principles” or 45 C.F.R. Part 75 Appendix IX “Principles for Determining Costs Applicable to Research and Development under Awards and Contracts with Hospitals,” or 48 C.F.R. Part 31 “Contract Cost Principles and Procedures,” as applicable;
 - v. The transfer of funds budgeted for participant support costs as defined in 2 C.F.R. § 200.75 “Participant support costs to other categories of expense”;
 - vi. The subAwarding, transferring or contracting out of any work under a Federal Award unless (a) described in the application and funded in the approved Federal Award, or (b) applicable to the acquisition of supplies, material, equipment or general support services only; or
 - vii. Changes in the amount of approved cost-sharing or matching provided by the non- Federal entity. No other prior approval requirements for specific items may be imposed unless a deviation has been approved by OMB. *See also* 2 C.F.R. §§ 200.102 “Exceptions” and 200.407 “Prior written approval.”

3. Both Construction and Non-Construction Activities in Award. If a single Award provides support for construction and non-construction work, the recipient must request prior written approval from the Grants Officer before making any fund or budget transfers between the two types of work supported.
- b. In accordance with 2 C.F.R. § 200.308(e), transfers of funds by the recipient among direct cost categories are permitted for Awards in which the Federal share of the project is the Simplified Acquisition Threshold (\$150,000 as of 12/26/2013) or less. For Awards in which the Federal share of the project exceeds the Simplified Acquisition Threshold, the recipient must request prior written approval from the Grants Officer for transfers of funds among direct cost categories when the cumulative amount of such direct cost transfers exceeds ten percent of the total budget³ as last approved by the Grants Officer. The 10% threshold applies to the total Federal funds authorized by the Grants Officer at the time of the transfer request. The same requirements apply to the cumulative amount of transfer of funds among programs, functions, and activities. This transfer authority does not authorize the recipient to create new budget categories within an approved budget without the prior written approval of the Grants Officer. No transfer that enables any Federal appropriation, or part thereof, to be used for an unauthorized purpose will be permitted. The foregoing provision does not prohibit the recipient from requesting Grants Officer approval for revisions to the budget. *See* 2 C.F.R. § 200.308 (as applicable) for specific requirements concerning budget revisions and transfer of funds between budget categories.
- c. The recipient is not authorized at any time to transfer amounts budgeted for direct costs to the indirect costs line item or vice versa without the prior written approval of the Grants Officer.

3.6 Indirect (Facilities and Administrative [F&A]) Costs

- a. Indirect (facilities and administrative [F&A]) costs will not be allowable charges against an Award unless permitted under the Award, specifically included as a line item in the Award's approved budget and consistent with 2 C.F.R. §§ 200.414 "Indirect (F&A) costs" and Subpart E "Cost Principles."
- b. Indirect costs of recipients are subject to the three percent (3%) cap on administrative expenses stated in 33 U.S.C. § 1321(t)(1)(B)(iii) and 31 C.F.R. § 34.204. The three percent cap on administrative expenses applies only to recipients and does not flow down to Subrecipients.
- c. Excess indirect costs may not be used to offset unallowable direct costs.
- d. Indirect costs charged must be consistent with the indirect cost rate agreement negotiated between the non-Federal entity and its cognizant agency (defined as the Federal agency that is responsible for reviewing, negotiating, and approving cost allocation plans or

³ The cumulative amount of direct cost transfers is calculated by summing the negative variances between the approved and proposed budgets. Variance is calculated by subtracting the proposed budget amount for each cost category from the approved budget amount for the category. Only variances less than zero are totaled. The cumulative negative variance is then divided by the total grant Award budget to determine the percentage transferred, i.e., cumulative % of transfer(s) = $\{[\Sigma (\text{negative variances})] / \text{total Award budget}\} \times 100$.

indirect cost proposals, *see* 2 C.F.R. § 200.19) and must be included in the recipient's budget. The Council will accept approved indirect cost rates unless otherwise authorized by a Federal statute or regulation, or requirements at 2 C.F.R. § 200.414(c) are met.

1. If indirect costs are permitted and the non-Federal entity wishes to include indirect costs in its budget, but the non-Federal entity has not previously established an indirect cost rate with a Federal agency, the requirements for determining the relevant cognizant agency and developing and submitting indirect (F&A) cost rate proposals and cost allocation plans are contained in Appendices III – VII to 2 C.F.R. Part 200 as follows:
 - Appendix III to 2 C.F.R. Part 200 – Indirect (F&A) Costs Identification and Assignment, and Rate Determination for Institutions of Higher Education (IHEs);
 - Appendix IV to 2 C.F.R. Part 200 – Indirect (F&A) Costs Identification and Assignment, and Rate Determination for Nonprofit Organizations;
 - Appendix V to 2 C.F.R. Part 200 – State/Local Governmentwide Central Service Cost Allocation Plans;
 - Appendix VI to 2 C.F.R. Part 200 – Public Assistance Cost Allocation Plans; and
 - Appendix VII to 2 C.F.R. Part 200 – States and Local Government and Indian Tribe Indirect Cost Proposals.

The cognizant agency for governmental units or agencies not specifically identified by OMB will be determined based on the Federal agency providing the largest amount of Federal funds. *See* 2 C.F.R. §200.416 “Cost allocation plans and indirect cost proposals.” When the Council is not the oversight or cognizant Federal agency, the non-Federal entity shall provide the Grants Officer with a copy of a negotiated rate agreement or a copy of the transmittal letter submitted to the cognizant or oversight Federal agency requesting a negotiated rate agreement.

2. For those organizations for which the Council is cognizant or has oversight, the Council or its designee will either negotiate a fixed rate with carry-forward provisions for the non-Federal entity or, in some instances, will limit its review to evaluating the procedures described in the non-Federal entity's cost allocation plan. Indirect cost rates and cost allocation methodology reviews are subject to future audits to determine actual indirect costs.
3. Within 90 days after the Award start date, the non-Federal entity shall submit to the address listed below documentation (indirect cost proposal, cost allocation plan, etc.) necessary to perform the review. The non-Federal entity shall provide the Grants Officer with a copy of the transmittal letter.

Gulf Coast Ecosystem Restoration Council Office
Attn: Senior Grants Management Officer

If the non-Federal entity fails to submit the required documentation to the Council within 90 days of the Award start date, the Grants Officer may amend the Award to preclude the recovery of any indirect costs under the Award. If the Council, oversight or cognizant Federal agency determines there is a finding of good and sufficient cause to excuse the non-Federal entity's delay in submitting the documentation, an extension of the 90-day due date may be approved by the Grants Officer.

4. The non-Federal entity may use the fixed rate proposed in the indirect cost plan until such time as the Council provides a response to the submitted plan. Actual indirect costs must be calculated annually and adjustments made through the carry-forward provision used in calculating the following year's rate. This calculation of actual indirect costs and the carry-forward provision is subject to audit. Indirect cost rate proposals must be submitted annually. Organizations that have previously established indirect cost rates must submit a new indirect cost proposal to the cognizant agency within six months after the close of each of the recipients' fiscal years.
 - e. The maximum dollar amount of allocable indirect costs for which the Council will reimburse the non-Federal entity shall be the lesser of:
 1. The line item amount for the Federal share of indirect costs contained in the approved Award budget, including all budget revisions approved in writing by the Grants Officer; or
 2. The Federal share of the total indirect costs allocable to the Award based on the indirect cost rate approved by a cognizant or oversight Federal Agency for indirect costs and applicable to the period in which the cost was incurred, provided that the rate is approved in writing on or before the Award end date, subject to the three percent (3%) cap on administrative expenses provided in 33 U.S.C. § 1321(t)(1)(B)(iii) and 31 C.F.R. § 34.204.
 - f. In addition, a non-Federal entity that is a State, local government, Indian tribe, institution of higher education, or nonprofit organization and has never received a negotiated indirect cost rate may elect to charge a *de minimis* rate of 10% of modified total direct costs. *See also* 2 C.F.R. § 200.414(f).
- 3.7 Incurring Costs or Obligating Federal Funds Outside of the Period of Performance
- a. The non-Federal entity shall not incur costs or obligate funds for any purpose pertaining to the operation of the project, program, or activities beyond the period of performance, i.e., the time during which the non-Federal entity may incur new obligations to carry out the work authorized under the Federal Award. *See* 2 C.F.R. §§ 200.77 and 200.309.
 1. The Council or pass-through entity must include start and end dates of the period of performance in the Federal Award.

2. All activities supported through an Award must occur and be completed during the approved period of performance, whether funded directly or through a subAward or subcontract, and all obligated costs must be liquidated within 90 days following the end date of the period of performance.
3. The only costs which may be authorized for a period of not to exceed 90 days following the end of the project period are those solely associated with close-out activities. Close-out activities are limited to the preparation of final progress, financial, and required project audit reports unless otherwise approved in writing by the Grants Officer. The Grants Officer may approve extensions of the 90-day closeout period upon a request by the non-Federal entity as provided in 2 C.F.R. § 200.343.
- b. Unless otherwise authorized in 2 C.F.R. § 200.343 or a special Award condition, any extension of the project period can only be authorized by the Grants Officer in writing. Verbal or written assurances of funding from anyone other than the Grants Officer shall not constitute authority to obligate funds for programmatic activities beyond the end of the project period.
- c. Pre-Award Costs. Pre-Award costs are those incurred prior to the effective date of the Federal Award directly pursuant to the negotiation and in anticipation of the Federal Award where such costs are necessary for efficient and timely performance of the scope of work. Such costs are allowable only to the extent that they would have been allowable if incurred after the date of the Federal Award and only with the written approval of the Grants Officer. The recipient must use funds obligated and disbursed under the Award only during the period of performance specified in the Award document. *See* 2 C.F.R. § 200.458.
- d. The Council has no obligation to provide any additional prospective funding. Any amendment of the Award to increase funding and to extend the project period is at the sole discretion of the Council.

3.8 Tax Refunds

Refunds of Federal Insurance Contributions Act (FICA) (26 U.S.C. §§ 3101-3128) or Federal Unemployment Tax Act (FUTA) (26 U.S.C. §§ 3301-3311) taxes received by the non-Federal entity during or after the period of performance must be refunded or credited to the Council whenever the benefits were financed with Federal funds under the Award. The non-Federal entity shall contact the Grants Officer immediately upon receipt of these refunds. The non-Federal entity shall in addition refund portions of FICA/FUTA taxes determined to belong to the Federal Government, including refunds received after the period of performance ends.

4. Internal Controls

Consistent with 2 C.F.R. § 200.303, each non-Federal entity:

1. Must establish and maintain effective internal control over the Federal Award that provides reasonable assurance that the non-Federal entity is managing the Federal Award

in compliance with Federal statutes, regulations, and the terms and conditions of the Federal Award. These internal controls must be in compliance with guidance in “[Standards for Internal Control in the Federal Government](#)”⁴ issued by the Comptroller General of the United States or the “[Internal Control Integrated Framework](#),”⁵ issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

2. Must comply with Federal statutes, regulations, and the terms and conditions of the Federal Award.
3. Must evaluate and monitor the non-Federal entity’s compliance with statute, regulations and the terms and conditions of Federal Award.
4. Must take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings.
5. Must take reasonable measures to safeguard protected personally identifiable information and other information the Council or pass-through entity designates as sensitive or the non-Federal entity considers sensitive consistent with applicable Federal, state and local laws regarding privacy and obligations of confidentiality.

5. Property Standards

5.1 Standards

The non-Federal entity must comply with the property standards as stipulated in 2 C.F.R. §§ 200.310 to 200.316.

5.2 Insurance coverage

Recipients must provide insurance coverage for real property and equipment acquired or improved with Federal funds equivalent to that provided for property owned by the non-Federal entity. Federally-owned property need not be insured unless required by the terms and conditions of the Federal Award. *See* 2 C.F.R. § 200.310.

5.3 Real Property

- a. Real property or an interest in real property may not be acquired under an Award without prior written approval of the Grants Officer.
- b. Title of real property. Subject to the obligations and conditions set forth in this section, title to real property acquired or improved under a Federal Award will vest upon acquisition in the non-Federal entity.
- c. Use. Except as otherwise provided by Federal statutes or by the Council, real property must be used for the originally authorized purpose as long as needed for that purpose, during which time the non- Federal entity must not dispose of or encumber its title or any other interest therein.
- d. Willing Sellers. Land or interest in land may only be acquired by purchase, exchange or donation from a willing seller in accordance with the requirements in 31 C.F.R. §

34.803(f).

- e. Federal Acquisitions. Funds may not be used to acquire land in fee title by the Federal Government unless the exceptions in 31 C.F.R. § 34.803(g) are met.
- f. Disposition. When real property is no longer needed for the originally authorized purpose, the non-Federal entity must obtain disposition instructions from the Council or pass-through entity. The instructions will provide that the non-Federal entity do one of the following:
 - 1. Retain title after compensating the Council. The amount paid to Council will be computed by applying the Council's percentage of participation in the cost of the original purchase (and costs of any improvements) to the fair market value of the property. However, if the non-Federal entity is disposing of real property acquired or improved with a Federal Award and acquiring replacement real property under the same Federal Award, the net proceeds from the disposition may be used as an offset to the cost of the replacement property.
 - 2. Sell the property and compensate the Council. The amount due to the Council will be calculated by applying the Council's percentage of participation in the cost of the original purchase (and cost of any improvements) to the proceeds of the sale after deduction of any actual and reasonable selling and fixing-up expenses. If the Federal Award has not been closed out, the net proceeds from sale may be offset against the original cost of the property. When the non-Federal entity is directed to sell property, it must utilize sales procedures that provide for competition to the extent practicable and result in the highest possible return.
 - 3. Transfer title to the Council or to a third party designated or approved by the Council. The non-Federal entity is entitled to be paid an amount calculated by applying the non-Federal entity's percentage of participation in the purchase of the real property (and cost of any improvements) to the current fair market value of the property.
- g. The Grants Officer may require the non-Federal entity to submit the Tangible Personal Property Report (Form SF-428 or successor form), and/or Real Property Status Report (Form SF-429 or successor form), including applicable attachments to each form, in connection with the reporting of tangible personal property or of real property acquired or improved, in whole or in part, under a Council financial assistance Award. The Grants Officer may also require the non-Federal entity to submit Form SF-428 and/or Form SF-429, or successor forms, in connection with a non-Federal entity's request to acquire, encumber, dispose of, or take any other action pertaining to tangible personal property or to real property acquired or improved, in whole or in part, under a Council financial assistance Award.

5.4 Federally-owned and Exempt Federally-owned Property

- a. Title to Federally-owned property⁶ remains vested in the Federal government. The non-

⁶ Federally-owned property as defined in 2 C.F.R. § 200.312 means property acquired under a Federal Award where the title vests with the Federal government. Exempt Federally-owned property means property acquired under a

Federal entity must submit annually an inventory listing of Federally-owned property in its custody to the Grants Officer. Upon completion of the Federal Award or when the property is no longer needed, the non-Federal entity must report the property to the Grants Officer for further Council utilization. If the Council has no further need for the property, it must declare the property excess and report it for disposal to the appropriate Federal disposal authority, unless the Council has statutory authority to dispose of the property by alternative methods (e.g., the authority provided by the Federal Technology Transfer Act (15 U.S.C. § 3710 (i)) to donate research equipment to educational and non-profit organizations in accordance with Executive Order 12999, “Educational Technology: Ensuring Opportunity for All Children in the Next Century.”). The Council will issue appropriate instructions to the non-Federal entity. The Council may exercise this option when statutory authority exists.

- b. Absent statutory authority and specific terms and conditions of the Federal Award, title to exempt Federally-owned property acquired under the Federal Award remains with the Federal government.
- c. The Grants Officer may require the non-Federal entity to submit the Tangible Personal Property Report (Form SF-428 or successor form), and/or Real Property Status Report (Form SF-429 or successor form), including applicable attachments to each form, in connection with the reporting of Federally-owned property that is in the non-Federal entity’s custody pursuant to a Council financial assistance Award or with a non-Federal entity’s request to acquire, encumber, dispose of, or take any other action pertaining to Federally-owned property.

5.5 Equipment

- a. Recipients must comply with the equipment standards provided in 2 C.F.R. §§ 200.313 “Equipment” and 200.439 “Equipment and other capital expenditures.”
- b. American-Made Equipment and Products. Recipients are hereby notified that they are encouraged, to the greatest extent practicable, to purchase American-made equipment and products with funding provided under this Award.
- c. Use, management, and disposition of equipment acquired.
 - 1. For recipients that are States: The recipient must use, manage and dispose of equipment acquired under this Award in accordance with state laws and procedures.
 - 2. For recipients that are not States: Equipment must be used by the recipient in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by the Federal Award. Before disposing of equipment during the period of performance, the recipient must seek disposition instructions from the Grants Officer for equipment acquired under this Award if the current fair market value of the equipment is greater than \$5,000 per unit. Disposition

instructions must be requested by submitting a completed “Tangible Personal Property Report” (SF-428 or any successor form) and the “Disposition Request/Report” (SF-428-C or any successor form). In addition, not later than 60 days after the end of the period of performance, the recipient must submit to the Grants Officer a completed SF- 428 and “Final Report Form” (SF-428-B or any successor form) if the recipient retains any equipment with a current fair market value greater than \$5,000 per unit.

5.6 Supplies

- a. Title to supplies vests in the non-Federal entity upon acquisition. If residual inventory of unused supplies exceeds \$5,000 in total aggregate value upon termination or completion of the project or program and the supplies are not needed for any other Federal Award, then the non-Federal entity may retain the supplies for use on other activities or sell them, but must, in either case, compensate the Federal government for its share. The amount of compensation must be computed in the same manner as for equipment as prescribed in 2 C.F.R. § 200.313 “Equipment”; *see* 200.313(e)(2) for the calculation methodology. *See also* 2 C.F.R. § 200.453 “Materials and supplies costs, including costs of computing devices.” The recipient must report the value and the retention or sale of such supplies by submitting to the Grants Officer a completed “Tangible Personal Property Report” (SF-428 or any successor form) and “Final Report Form” (SF-428-B or any successor form) no later than 60 days after the end of the period of performance.
- b. As long as the Federal government retains an interest in the supplies, the non-Federal entity must not use supplies acquired under a Federal Award to provide services to other organizations for a fee that is less than private companies charge for equivalent services, unless specifically authorized by Federal statute.

5.7 Intangible Property

- a. Title to intangible⁷ property acquired under a Federal Award vests upon acquisition in the non-Federal entity.
- b. The non-Federal entity must use intangible property for the originally-authorized purpose, and must not encumber the property without the prior written approval of the Council. When no longer needed for the originally authorized purpose, disposition of the intangible property must occur in accordance with the provisions in 2 C.F.R. § 200.313(e).
- c. The non-Federal entity may copyright any work that is subject to copyright and was developed, or for which ownership was acquired, under a Federal Award. The Council reserves a royalty-free, perpetual, nonexclusive and irrevocable license to reproduce, publish, distribute, exhibit, and/or otherwise use and exploit the work throughout the world in all media now known or hereafter devised, and to authorize others to do so for Federal purposes.

⁷ Intangible property as defined by 2 C.F.R. § 200.59 means property having no physical existence, such as trademarks, copyrights, patents and patent applications and property, such as loans, notes and other debt instruments, lease agreements, stock and other instruments of property ownership (whether the property is tangible or intangible).

- d. The non-Federal entity is subject to applicable regulations governing patents and inventions, including governmentwide regulations issued by the Department of Commerce at 37 C.F.R. part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Awards, Contracts and Cooperative Agreements.”
- e. The Federal government has the right, perpetually throughout the world in all media now known or hereafter devised, to:
 - 1. Obtain, reproduce, publish, distribute, exhibit, and/or otherwise use and exploit the data produced under a Federal Award; and
 - 2. Authorize others to do so for Federal purposes.
- f. Freedom of Information Act (FOIA). Pursuant to 2 C.F.R. § 200.315(e), in response to a FOIA request for research data relating to published research findings⁸ produced under a Federal Award that were used by the Federal government in developing an agency action that has the force and effect of law, the Council will request, and the non-Federal entity must provide, within a reasonable time, the research data⁹ so that such data can be made available to the public through the procedures established under the FOIA. If the Council obtains the research data solely in response to a FOIA request, the Council may charge the requester a reasonable fee equal to the full incremental cost of obtaining the research data that reflects the costs incurred by the Council and the non-Federal entity. Pursuant to 5 U.S.C. § 552(a)(4)(A), this fee is in addition to any fees the Council may assess under the FOIA.

5.8 Property Trust Relationship

Real property, equipment and intangible property acquired or improved with a Federal Award must be held in trust by the non-Federal entity as trustee for the beneficiaries of the project or program under which the property was acquired or improved. The Council may require the non-Federal entity to record liens or other appropriate notices of record to indicate that personal or real property has been acquired or improved with a Federal Award and that use and disposition conditions apply to the property.

6. Procurement Standards

⁸ Published research findings (as defined by 2 C.F.R. § 200.315(e)(2)) means findings are published in a peer-reviewed scientific or technical journal; or a Federal agency publicly and officially cites the research findings in support of an agency action that has the force and effect of law. Used by the Federal government in developing an “agency action that has the force and effect of law” is defined as when an agency publicly and officially cites the research findings in support of an agency action that has the force and effect of law.

⁹ As defined by 2 C.F.R. § 200.315(e)(3), research data means the recorded factual material commonly accepted in the scientific community as necessary to validate research findings, but not any of the following: preliminary analyses, drafts of scientific papers, plans for future research, peer reviews, or communications with colleagues. This “recorded” material excludes physical objects (e.g., laboratory samples). Research data also do not include: trade secrets, commercial information, materials necessary to be held confidential by a researcher until they are published, or similar information which is protected under law; and personnel and medical information and similar information the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, such as information that could be used to identify a particular person in a research study.

Pursuant to 2 C.F.R. § 200.317, when procuring property and services under this Federal Award, a State must follow the same policies and procedures it uses for procurements from its non-Federal funds. The State will comply with 2 C.F.R. § 200.322 “Procurement of recovered materials,” and the State must ensure that every purchase order or other contract includes any clauses required by section 2 C.F.R. § 200.326 “Contract provisions.” All other non-Federal entities, including Subrecipients of a State, will follow the requirements of 2 C.F.R. §§ 200.318 “General procurement standards” through 200.326 “Contract provisions.”

- a. For recipients that are States: When executing procurement actions under the Award, the recipient must follow the same policies and procedures it uses for procurements from its non-Federal funds. The recipient must ensure that every purchase order or other contract contains any clauses required by federal statutes and EOs and their implementing regulations, including all of the provisions listed in Appendix II to 2 C.F.R. Part 200 “Contract Provisions for Non-Federal Entity Contracts under Federal Awards,” as well as any other provisions required by law or regulations.
- b. For recipients that are not States: The recipient must follow all procurement requirements set forth in 2 C.F.R. §§ 200.318, 200.319, 200.320, 200.321, 200.323, 200.324, and 200.325. In addition, all contracts executed by the recipient to accomplish the approved scope of work must contain any clauses required by federal statutes and EOs and their implementing regulations, including all of the provisions listed in Appendix II to 2 C.F.R. Part 200 “Contract Provisions for Non-Federal Entity Contracts under Federal Awards.”

7. Non-Discrimination Requirements

No person in the United States shall, on the ground of race, color, national origin, handicap, age, religion, or sex, be excluded from participation in, be denied the benefits of, or be subject to discrimination under any program or activity receiving Federal financial assistance. The non-Federal entity shall comply with the non-discrimination requirements below:

7.1 Statutory Provisions

- a. Title VI of the Civil Rights Act of 1964 (42 U.S.C. §§ 2000d *et seq.*) and any Council regulations and policies promulgated pursuant to its authority prohibit discrimination on the grounds of race, color, or national origin under programs or activities receiving Federal financial assistance;
- b. Title IX of the Education Amendments of 1972 (20 U.S.C. §§ 1681 *et seq.*) prohibits discrimination on the basis of sex under Federally assisted education programs or activities;

The Americans with Disabilities Act of 1990 (ADA) (42 U.S.C. §§ 12101 *et seq.*) prohibits discrimination on the basis of disability under programs, activities, and services provided or made available by state and local governments or instrumentalities or agencies thereto, as well as public or private entities that provide public transportation;

- d. Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. § 794), and any Council regulations and policies promulgated pursuant to its authority prohibit discrimination on the basis of handicap under any program or activity receiving or benefiting from Federal assistance.

All new construction and alteration projects shall comply with the 2010 Standards.
- f. The Age Discrimination Act of 1975, as amended (42 U.S.C. §§ 6101 *et seq.*), and any Council regulations and policies promulgated pursuant to its authority prohibit discrimination on the basis of age in programs or activities receiving Federal financial assistance;

Parts II and III of EO 11246, “Equal Employment Opportunity,” (30 FR 12319, 1965), as amended by EO 11375 (32 FR 14303, 1967) and EO 12086 (43 FR 46501, 1978), requiring Federally-assisted construction contracts to include the nondiscrimination provisions of §§ 202 and 203 of that EO and Department of Labor regulations implementing EO 11246 (41 C.F.R. § 60-1.4(b), 1991).
- b. EO 13166 (August 11, 2000), “Improving Access to Services for Persons With Limited English Proficiency,” requiring Federal agencies to examine the services provided, identify any need for services to those with limited English proficiency (LEP), and develop and implement a system to provide those services so LEP persons can have meaningful access to them.
- c. Pilot Program for Enhancement of Employee Whistleblower Protections. The National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2013 (Pub. L. No. 112-239, enacted January 2, 2013 and codified at 41 U.S.C. § 4712) includes a pilot program of whistleblower protection. It applies to all Council Awards, subAwards, or contracts under Awards issued beginning July 1, 2013 through January 1, 2017. The following provision implements that law:

In accordance with 41 U.S.C. § 4712, an employee of a non-Federal entity or contractor under a Federal Award or subAward may not be discharged, demoted, or otherwise discriminated against as a reprisal for disclosing to a person or body information that the employee reasonably believes is evidence of gross mismanagement of a Federal Award, subAward, or a contract under a Federal Award or subAward, a gross waste of Federal funds, an abuse of authority relating to a Federal Award or subAward or contract under a Federal Award or subAward, a substantial and specific danger to public health or safety,

or a violation of law, rule, or regulation related to a Federal Award, subAward, or contract under a Federal Award or subAward. These persons or bodies include:

1. A Member of Congress or a representative of a committee of Congress.
2. An Inspector General.
3. The Government Accountability Office.
4. A Federal employee responsible for contract or grant oversight or management at the relevant agency.
5. An authorized official of the Department of Justice or other law enforcement agency.
6. A court or grand jury.
7. A management official or other employee of the contractor, subcontractor, or grantee who has the responsibility to investigate, discover, or address misconduct.

Non-Federal entities shall inform their employees in writing of the rights and remedies provided under 41 U.S.C. § 4712, in the predominant native language of the workforce.

7.3 Title VII Exemption for Religious Organizations

Generally, Title VII of the Civil Rights Act of 1964, 42 U.S.C. § 2000e *et seq.*, provides that it shall be an unlawful employment practice for an employer to discharge any individual or otherwise to discriminate against an individual with respect to compensation, terms, conditions, or privileges of employment because of such individual's race, color, religion, sex, or national origin. However, Title VII, 42 U.S.C. § 2000e-1(a), expressly exempts from the prohibition against discrimination on the basis of religion, a religious corporation, association, educational institution, or society with respect to the employment of individuals of a particular religion to perform work connected with the carrying on by such corporation, association, educational institution, or society of its activities.

8. Records Retention

The recipient must retain all records pertinent to this Award for a period of no less than three years, beginning on a date as described in 2 C.F.R. § 200.333. While electronic storage of records (backed up as appropriate) is preferable, the recipient has the option to store records in hardcopy (paper) format. For the purposes of this section, the term "records" includes but is not limited to:

- 8.1 Copies of all contracts and all documents related to a contract, including the Request for Proposal (RFP), all proposals/bids received, all meeting minutes or other documentation of the evaluation and selection of contractors, any disclosed conflicts of interest regarding a contract, all signed conflict of interest forms (if applicable), all conflict of interest and other procurement rules governing a particular contract, and any bid protests;
- 8.2 Copies of all subAwards, including the funding opportunity announcement or

equivalent, all applications received, all meeting minutes or other documentation of the evaluation and selection of Subrecipients, any disclosed conflicts of interest regarding a subAward, and all signed conflict of interest forms (if applicable);

- 8.3 All documentation of site visits, reports, audits, and other monitoring of contractors (vendors) and Subrecipients (if applicable);
- 8.4 All financial and accounting records, including records of disbursements to contractors (vendors) and Subrecipients, and documentation of the allowability of Administrative Costs charged to this Award;
- 8.5 All supporting documentation for the performance outcome and other information reported on the recipient's Financial Reports and Performance (Technical) Reports; and
- 8.6 Any reports, publications, and data sets from any research conducted under this Award.
- 8.7 If any litigation, claim, investigation, or audit relating to this Award or an activity funded with Award funds is started before the expiration of the three-year period, the records must be retained until all litigation, claims, investigations, or audit findings involving the records have been resolved and final action taken.

9. Audits

- a. Under the Government Accounting Office's authorities (5 U.S.C. § 701 et seq.) and the Inspector General Act of 1978, as amended, 5 U.S.C. App. 3, § 1 *et seq.*, an audit of the Award may be conducted at any time. The Treasury Office of Inspector General (OIG), Government Accounting Office (GAO) and the Council are authorized to audit Council Awards. *See* Section 1608 of the RESTORE Act; and *see* 31 C.F.R. §§ 34.205, 34.406, 34.508 and 34.805.
- b. The Treasury OIG (as specified in the RESTORE Act), or any of his or her duly authorized representatives, the GAO and the Council shall have timely and unrestricted access to any pertinent books, documents, papers, and records of the non-Federal entity, whether written, printed, recorded, produced, or reproduced by any electronic, mechanical, magnetic, or other process or medium, in order to make audits, inspections, excerpts, transcripts, or other examinations as authorized by law.
- c. If the Treasury OIG requires a program audit on a Council Award, the OIG will usually make the arrangements to audit the Award, whether the audit is performed by OIG personnel, an independent accountant under contract with the Council, or any other Federal, state, or local audit entity.
- d. The Treasury OIG, the GAO, and the Council shall have the right during normal business hours to conduct announced and unannounced onsite and offsite physical visits of recipients and their Subrecipients and contractors corresponding to the duration of their records retention obligation for this Award.

9.1 Organization-Wide, Program-Specific, and Project Audits

- a. Organization-wide or program-specific audits must be performed in accordance with the Single Audit Act Amendments of 1996, as implemented by 2 C.F.R. part 200, Subpart F,

“Audit Requirements.” Recipients that are subject to the provisions of 2 C.F.R. part 200, Subpart F and that expend \$750,000 or more in a year in Federal Awards must have an audit conducted for that year in accordance with the requirements contained in 2 C.F.R. part 200, Subpart F. A copy of the audit shall be submitted to the Bureau of the Census, which has been designated by OMB as a central clearinghouse, by electronic submission to the Federal Audit Clearinghouse [website](#). If it is necessary to submit by paper, the address for submission is:

Federal Audit Clearinghouse
Bureau of the Census
1201 E. 10th Street
Jeffersonville, IN 47132

- b. Except for the provisions for biennial audits provided in paragraphs (1) and (2) of this section, audits required must be performed annually. Any biennial audit must cover both years within the biennial period.
 1. A State, local government, or Indian tribe that is required by constitution or statute, in effect on January 1, 1987, to undergo its audits less frequently than annually, is permitted to undergo its audits pursuant to this part biennially. This requirement must still be in effect for the biennial period.
 2. Any nonprofit organization that had biennial audits for all biennial periods ending between July 1, 1992, and January 1, 1995, is permitted to undergo its audits pursuant to this part biennially.
- c. Council programs may have specific audit guidelines that will be incorporated into the Award. When the Council does not have a program-specific audit guide available for the program, the auditor will follow the requirements for a program-specific audit as described in 2 C.F.R. § 200.507. The non-Federal entity may include a line item in the budget for the cost of the audit for approval. A copy of the program-specific audit shall be submitted to the Grants Officer and to the OIG at OIGCounsel@oig.treas.gov or if e-mail is unavailable, submission to the OIG can be made at the following address:

Treasury Office of Inspector General
1500 Pennsylvania Ave. NW
Washington, DC 20220

9.2 Audit Resolution Process

- a. An audit of the Award may result in the disallowance of costs incurred by the non-Federal entity and the establishment of a debt (account receivable) due the Council. For this reason, the non-Federal entity should take seriously its responsibility to respond to all audit findings and recommendations with adequate explanations and supporting evidence whenever audit results are disputed.

- b. A non-Federal entity whose Award is audited has the following opportunities to dispute the proposed disallowance of costs and the establishment of a debt:
 - 1. Unless the Inspector General determines otherwise, the non-Federal entity has 30 days after the date of the transmittal of the draft audit report to submit written comments and documentary evidence.
 - 2. The non-Federal entity has 30 days after the date of the transmittal of the final audit report to submit written comments and documentary evidence. There will be no extension of this deadline.
 - 3. The Council will review the documentary evidence submitted by the non-Federal entity and notify the non-Federal entity of the results in an *Audit Resolution Determination Letter*. The non-Federal entity has 30 days after the date of receipt of the *Audit Resolution Determination Letter* to submit a written appeal. There will be no extension of this deadline. The appeal is the last opportunity for the non-Federal entity to submit written comments and documentary evidence that dispute the validity of the audit resolution determination.
 - 4. An appeal of the Audit Resolution Determination does not prevent the establishment of the audit-related debt nor does it prevent the accrual of interest on the debt. If the Audit Resolution Determination is overruled or modified on appeal, appropriate corrective action will be taken retroactively. An appeal will stay the offset of funds owed by the auditee against funds due to the auditee.
 - 5. The Council will review the non-Federal entity's appeal and notify the non-Federal entity of the results in an *Appeal Determination Letter*. After the opportunity to appeal has expired or after the appeal determination has been rendered, the Council will not accept any further documentary evidence from the non-Federal entity. No other administrative appeals to the Council are available.

10. Debts

10.1 Payment of Debts Owed the Federal Government

- a. The non-Federal entity must promptly pay any debts determined to be owed the Federal Government. Council debt collection procedures are set out in 2 C.F.R. part 200, Subpart D. In accordance with 2 C.F.R. § 200.345, delinquent debt includes any funds paid to the non-Federal entity in excess of the amount to which the non-Federal entity is finally determined to be entitled under the terms of the Federal Award, constituting a debt to the Federal government (this includes a post-delinquency payment agreement) unless other satisfactory payment arrangements have been made. In accordance with 2 C.F.R. § 200.345, failure to pay a debt by the due date, or if there is no due date, within 90 calendar days after demand, shall result in the assessment of interest, penalties and administrative costs in accordance with the provisions of 31 U.S.C. § 3717 and 31 C.F.R. parts 900 through 999. The Council will transfer any debt that is more than 180 days delinquent to the Bureau of the Fiscal Service for debt collection services, a process known as “cross-

servicing,” pursuant to 31 U.S.C. § 3711(g), 31 C.F.R. § 285.12 and any Council regulations and policies promulgated pursuant to its authority, and may result in the Council taking further action as specified in Section B.06 “Non- Compliance With Award Provisions” Above. Funds for payment of a debt shall not come from other Federally-sponsored programs. Verification that other Federal funds have not been used will be made (e.g., during on-site visits and audits).

- b. If a non-Federal entity fails to repay a debt within 90 calendar days after the demand, the Council may reduce the debt by: (1) Making an administrative offset against other requests for reimbursements; (2) Withholding advance payments otherwise due to the non-Federal entity; or (3) Other action permitted by Federal statute. *See* 2 C.F.R. § 200.345(a).

10.2 Late Payment Charges

- a. Interest shall be assessed on the delinquent debt in accordance with section 3717(a) of the Debt Collection Act of 1982, as amended (31 U.S.C. § 3701 *et seq.*). The minimum annual interest rate to be assessed is the [Department of the Treasury’s Current Value of Funds Rate \(CVFR\)](#).¹⁰ The CVFR is published by the Department of the Treasury in the [Federal Register](#)¹¹ and in the [Treasury Financial Manual Bulletin](#).¹² The assessed rate shall remain fixed for the duration of the indebtedness.
- b. Penalties shall accrue at a rate of not more than six percent (6%) per year or such higher rate as authorized by law.
- c. Administrative charges, that is, the costs of processing and handling a delinquent debt, are determined by the Council.

10.3 Effect of Judgment Lien on Eligibility for Federal Grants, Loans, or Programs

Pursuant to 28 U.S.C. § 3201(e), unless waived by the Council a debtor who has a judgment lien against the debtor’s property for a debt to the United States shall not be eligible to receive any grant or loan that is made, insured, guaranteed, or financed directly or indirectly by the United States or to receive funds directly from the Federal Government in any program, except funds to which the debtor is entitled as beneficiary, until the judgment is paid in full or otherwise satisfied.

11. Government-wide Debarment and Suspension

The non-Federal entity shall comply with the provisions of 2 C.F.R. Part 180, “OMB Guidelines To Agencies on Governmentwide Debarment and Suspension (Nonprocurement),” which generally prohibit entities, and their principals, that have been debarred, suspended, or voluntarily excluded from participating in Federal nonprocurement

transactions either through primary or lower tier covered transactions, and which sets forth the responsibilities of recipients of Federal financial assistance regarding transactions with other persons, including Subrecipients and contractors.

12. Lobbying Restrictions

12.1 Statutory Provisions

The non-Federal entity shall comply with 2 C.F.R. § 200.450 (“Lobbying”), which incorporates the provisions of 31 U.S.C. § 1352, the “New Restrictions on Lobbying” published at 55 FR 6736 (February 26, 1990), and OMB guidance and notices on lobbying restrictions. In addition, non-Federal entities must comply with any Council regulations and policies promulgated pursuant to its authority. These provisions prohibit the use of Federal funds for lobbying the executive or legislative branches of the Federal Government in connection with the Award, and require the disclosure of the use of non-Federal funds for lobbying. Executive lobbying costs, i.e., costs incurred in attempting to improperly influence¹³ either directly or indirectly an employee or officer of the executive branch of the Federal government to give consideration or to act regarding a Federal Award or a regulatory matter, are unallowable costs. *See* 2 C.F.R. § 200.450(b) and (c).

12.2 Disclosure of Lobbying Activities

The non-Federal entity receiving in excess of \$100,000 in Federal funding shall submit a completed Form SF-LLL or any successor form, “Disclosure of Lobbying Activities,” regarding the use of non-Federal funds for lobbying. The Form SF-LLL shall be submitted within 30 days following the end of the calendar quarter in which there occurs any event that requires disclosure or that materially affects the accuracy of the information contained in any disclosure form previously filed. The non-Federal entity must submit any required Forms SF-LLL, including those received from Subrecipients, contractors, and subcontractors, to the Grants Officer. *See* 31 U.S.C. § 1352.

13. Remedies for Non Compliance

- a. If a non-Federal entity fails to comply with Federal statutes, regulations or the terms and conditions of a Federal Award, the Council or pass-through entity may impose additional conditions, as described in 2 C.F.R. § 200.207 “Specific conditions” (e.g., requiring additional reporting or more frequent submission of the Financial or Performance (Technical) Reports; requiring additional activity, project, or program monitoring; requiring the recipient or one or more of its Subrecipients to obtain technical or management assistance; or establishing additional actions that require prior approval). If the Council or pass-through entity determines that noncompliance cannot be remedied by imposing additional conditions, pursuant to 2 C.F.R. § 200.338, the Council or pass-through entity may take one or more of the following actions, as appropriate in the

¹³ To improperly influence means any influence that induces or tends to induce a Federal employee or officer to give consideration or to act regarding a Federal Award or regulatory matter on any basis other than the merits of the matter.

circumstances:

1. Temporarily withhold cash payments pending correction of the deficiency by the non-Federal entity or more severe enforcement action by the Council or pass-through entity.
2. Disallow (that is, deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance.
3. Wholly or partly suspend or terminate the Federal Award.
4. Initiate suspension or debarment proceedings as authorized under 2 C.F.R. part 180 and Council regulations (or in the case of a pass-through entity, recommend such a proceeding be initiated by the Council).
5. Withhold further Federal Awards for the project or program.
6. Take other remedies that may be legally available.

The Council will notify the recipient in writing of the Council's proposed determination that an instance of non-compliance has occurred, provide details regarding the instance of noncompliance, and indicate the remedy that the Council proposes to pursue. The recipient will then have 30 calendar days to respond and provide information and documentation contesting the Council's proposed determination or suggesting an alternative remedy. The Council will consider information provided by the recipient and issue a final determination in writing, which will state the Council's final findings regarding noncompliance and the remedy to be imposed.

b. RESTORE Act-Specific Remedy for Non-compliance

1. If the Council determines that the recipient has expended funds to cover the cost of any ineligible activities, in addition to the remedies available in this section, the Council, in coordination with the U.S. Department of Treasury ("Treasury"), will make no additional payments to the recipient from the RESTORE Trust Fund, including no payments from the RESTORE Trust Fund for activities, projects, or programs under any other RESTORE Act Component until the recipient has either (a) deposited an amount equal to the amount expended for the ineligible activities in the RESTORE Trust Fund, or (b) the Council, in coordination with Treasury, has authorized the recipient to expend an equal amount from the recipient's own funds for an activity that meets the requirements of the RESTORE Act. *See* 33 U.S.C. § 1321(t)(1)(G) and (H), and *see* 31 C.F.R. § 34.804 "Noncompliance."
2. If the Council determines that the recipient has materially violated the terms of the Award, the Council, in coordination with Treasury, will make no additional funds available to the recipient from any part of the RESTORE Trust Fund until the recipient corrects the violation.

- c. In extraordinary circumstances, the Council may require that any of the remedies above take effect immediately upon notice in writing to the recipient. In such cases, the recipient may contest the Council's determination or suggest an alternative remedy in writing to the Council, and the Council will issue a final determination.
 - d. Instead of, or in addition to, the remedies listed above, the Council may refer the noncompliance to the Treasury OIG for investigation or audit, pursuant to 31 C.F.R. § 34.805 "Treasury Inspector General." The Council will refer all allegations of fraud, waste, or abuse to the Treasury OIG.
 - e. Termination. In accordance with 2 C.F.R. § 200.339, when a Federal Award is terminated or partially terminated, both the Council or pass-through entity and the non-Federal entity remain responsible for compliance with the requirements in 2 C.F.R. §§ 200.343 "Closeout" and 200.344 "Post-closeout adjustments and continuing responsibilities."
1. The Federal Award may be terminated in whole or in part as follows:
 - i. By the Council or pass-through entity, if a non-Federal entity fails to comply with the terms and conditions of a Federal Award;
 - ii. By the Council or pass-through entity for cause;
 - iii. By the Council or pass-through entity with the consent of the non-Federal entity, in which case the two parties will agree upon the termination conditions, including the effective date and, in the case of partial termination, the portion to be terminated; or
 - iv. By the non-Federal entity upon sending to the Council or pass-through entity written notification setting forth the reasons for such termination, the effective date, and, in the case of partial termination, the portion to be terminated. However, if the Council or pass-through entity determines in the case of partial termination that the reduced or modified portion of the Federal Award or subAward will not accomplish the purposes for which the Federal Award was made, the Council or pass-through entity may terminate the Federal Award in its entirety.
 2. The Council or pass-through entity is required to provide a notice of termination to the non-federal entity, pursuant to 2 C.F.R. § 200.340:
 - i. If the Federal Award is terminated for the non-Federal entity's failure to comply with the Federal statutes, regulations, or terms and conditions of the Federal Award, the notification must state that the termination decision may be considered in evaluating future applications received from the non-Federal entity.
 - ii. Upon termination of a Federal Award, the Council will provide the information required under FFATA to the Federal Web site established to fulfill the requirements of FFATA, and update or notify any other relevant

governmentwide systems or entities of any indications of poor performance as required by 41 U.S.C. § 417b and 31 U.S.C. § 3321 and implementing guidance at 2 C.F.R. part 77. See also 2 C.F.R. part 180 for the requirements for Suspension and Debarment.

14. Codes of Conduct and SubAward, Contract and Subcontract Provisions

14.1 Code of Conduct for Recipients

- a. The non-Federal entity must immediately report any indication of fraud, waste, abuse or potential criminal activity pertaining to grant funds to the Council, Treasury and the Treasury Inspector General in accordance with the requirements in 31 C.F.R. § 34.803(a).
- b. Pursuant to the certification in Form SF-424B, paragraph 3, or equivalent, the non-Federal entity must maintain written standards of conduct to establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain in the administration of the Award.
- c. Non-Federal entities must comply with the requirements of 2 C.F.R. § 200.318 “General procurement standards,” including maintaining written standards of conduct covering conflicts of interest and governing the performance of its employees engaged in the selection, Award and administration of contracts. No employee, officer or agent shall participate in the selection, Award or administration of a contract supported by a Federal Award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to or planning to employ any of the foregoing parties, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. The officers, employees and agents of the non-Federal entity must neither solicit nor accept any gratuities, favors or anything of monetary value from contractors or parties to subcontracts. However, non-Federal entities may set written standards of conduct for circumstances in which the financial interest is not substantial or the gift is an unsolicited item of nominal value. Such standards must provide for disciplinary actions to be taken for violations of the standards of conduct by officers, employees or agents of the non-Federal entity.

14.2 Applicability of Award Provisions to Subrecipients

- a. The non-Federal entity shall require all Subrecipients, including lower tier Subrecipients, under the Award to comply with the provisions of the Award, including applicable cost principles, administrative provisions, audit requirements, and all associated terms and conditions. *See* 2 C.F.R. part 200, Subpart D, “Subrecipient Monitoring and Management” *and see* 2 C.F.R. § 200.101(b)(1). Additionally, the non-Federal entity must perform all responsibilities required of a pass-through entity, as specified in 2 C.F.R. Part 200, including evaluating and documenting a Subrecipient’s risk of noncompliance; providing

training and technical assistance necessary to complete the subAward activities; monitoring the performance of the Subrecipient; and taking any necessary enforcement actions against a noncompliant Subrecipient. *See* 2 C.F.R. § 200.331 “Requirements for pass through entities.”

- b. Prior to dispersing funds to a Subrecipient, the recipient must execute a legally-binding written agreement with the entity receiving the subAward in accordance with the requirements in 31 C.F.R. § 34.803(c). The written agreement shall extend all applicable program requirements to the Subrecipient. The written agreement must include a requirement that the contractor or Subrecipient retain all records in compliance with 2 C.F.R. § 200.333.
- c. A non-Federal entity is responsible for Subrecipient monitoring, including the following:
 1. Federal Award Identification. The non-Federal entity must ensure that each subAward includes the following information and applicable compliance requirements at the time of the subAward. If any of these data elements change, the pass through entity must include the changes in a subsequent subAward modification. When some of this information is not available, the pass-through entity must provide the best information available to describe the Federal Award and subAward.
 - i. Subrecipient name (which must match the registered name in DUNS);
 - ii. Subrecipient’s DUNS number (*see* 2 C.F.R. § 200.32 “Data Universal Numbering System (DUNS) number”);
 - iii. Federal Award Identification Number (FAIN);
 - iv. Federal Award Date (*see* 2 C.F.R. § 200.39 “Federal Award date”);
 - v. SubAward Period of Performance Start and End Date;
 - vi. Amount of Federal Funds Obligated by this action;
 - vii. Total Amount of Federal Funds Obligated to the Subrecipient;
 - viii. Total Amount of the Federal Award;
 - ix. Federal Award project description, as required to be responsive to the Federal Funding Accountability and Transparency Act (FFATA);
 - x. Name of Federal Awarding agency, pass-through entity and contact information for Awarding official;
 - xi. CFDA Number and Name; the pass-through entity must identify the dollar amount made available under each Federal Award and the CFDA number at time of disbursement;
 - xii. Identification of whether the Award is for research and development (R&D); and
 - xiii. Indirect cost rate for the Federal Award (including whether the *de minimis* rate is charged per 2 C.F.R. § 200.414 “Indirect (F&A) costs”).
 2. Award Monitoring. The non-Federal entity is responsible for oversight of the operations of the Federal Award supported activities. The non-Federal entity must monitor its activities under Federal Awards to assure that compliance with applicable

Federal requirements and performance expectations are being achieved. Monitoring by the non-Federal entity must cover each program, function or activity. *See* 2 C.F.R. §§ 200.328 “Monitoring and reporting program performance,” and 200.331 “Requirements for pass-through entities.” The non-Federal entity shall monitor activities of the Subrecipient through reporting, site visits, regular contact, or other means, as necessary to ensure that the subAward is used solely for authorized purposes, in compliance with Federal statutes, regulations and the terms and conditions of the subAward; and that subAward performance goals are achieved. Pass-through entity monitoring of the Subrecipient must include:

- i. Reviewing financial and programmatic reports required by the pass-through entity.
 - ii. Following-up and ensuring that the Subrecipient takes timely and appropriate action on all deficiencies pertaining to the Federal Award provided to the Subrecipient from the pass-through entity detected through audits, on-site reviews, and other means.
 - iii. Issuing a management decision for audit findings pertaining to the Federal Award provided to the Subrecipient from the pass-through entity as required by 2 C.F.R. § 200.521 “Management decision.”
3. Subrecipient Audits. The non-Federal entity is responsible for ensuring that Subrecipients expending \$750,000 or more in Federal Awards during the Subrecipient’s fiscal year have met the audit requirements of 2 C.F.R. part 200, Subpart F, “Audit Requirements,” and that the required audits are completed within nine (9) months after the end of the Subrecipient’s audit period. In addition, the non-Federal entity is required to issue a management decision on audit findings within six (6) months after receipt of the Subrecipient’s audit report, and to ensure that the Subrecipient takes timely and appropriate corrective action on all audit findings. Pursuant to 2 C.F.R. § 200.505, in cases of continued inability or unwillingness to have an audit conducted in accordance with this part, Federal agencies and pass-through entities must take appropriate action as provided in 2 C.F.R. § 200.338 “Remedies for noncompliance.”

14.3 Competition and Codes of Conduct for SubAwards

- a. Unless otherwise approved in writing in advance by the Grants Officer, all subAwards will be made in a manner to provide, to the maximum extent practicable, open and free competition in accordance with the requirements of 2 C.F.R. §§ 200.317 through 200.326 “Procurement Standards.” The non-Federal entity must be alert to organizational conflicts of interest as well as other practices among Subrecipients that may restrict or eliminate competition. In order to ensure objective Subrecipient performance and eliminate unfair competitive advantage, Subrecipients that develop or draft work requirements, statements of work, or requests for proposals shall be excluded from competing for such subAwards.

- b. The non-Federal entity must maintain written standards of conduct covering conflicts of interest and governing the performance of its employees engaged in the selection, Award and administration of contracts. No employee, officer, or agent must participate in the selection, Award, or administration of a contract supported by a Federal Award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to or planning to employ any of the foregoing parties, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. The officers, employees, and agents of the non-Federal entity shall neither solicit nor accept gratuities, favors or anything of monetary value from contractors or parties to subcontracts. However, non-Federal entities may set standards of conduct for circumstances in which the financial interest is not substantial or the gift is an unsolicited item of nominal value. Such standards must provide for disciplinary actions to be taken for violations of the standards of conduct by officers, employees or agents of the non-Federal entity.
- c. If the non-Federal entity has a parent, affiliate or subsidiary organization that is not a State, local government or Indian tribe, the non-Federal entity must also maintain written standards of conduct covering organizational conflicts of interest, wherein relationships with a parent company, affiliate or subsidiary organization cause the non-Federal entity to be or appear to be unable to be impartial in conducting a procurement action involving such related organization.
- d. A financial interest may include employment, stock ownership, a creditor or debtor relationship, or prospective employment with the organization selected or to be selected for a subAward. An appearance of impairment of objectivity may result from an organizational conflict where, because of other activities or relationships with other persons or entities, a person is unable or potentially unable to render impartial assistance or advice. It may also result from non-financial gain to the individual, such as benefit to reputation or prestige in a professional field.

14.4 Applicability of Provisions to SubAwards, Contracts, and Subcontracts

- a. The non-Federal entity shall include the following notice in each request for applications or bids for a subAward, contract, or subcontract, as applicable:

Applicants or bidders for a lower tier covered transaction (except procurement contracts for goods and services under \$25,000 not requiring the consent of a Council official) are subject to 2 C.F.R. Part 180, "OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement)." In addition, applicants or bidders for a lower tier covered transaction for a subAward, contract, or subcontract greater than \$100,000 of Federal funds at any tier are subject to relevant statutes, including among others, the provisions of 31 U.S.C. 1352, as well as the common rule, "New Restrictions on Lobbying," published at 55 FR 6736 (February 26, 1990), including definitions, and

the Office of Management and Budget “Governmentwide Guidance for New Restrictions on Lobbying,” and notices published at 54 FR 52306 (December 20, 1989), 55 FR 24540 (June 15, 1990), 57 FR 1772 (January 15, 1992), and 61 FR 1412 (January 19, 1996).

When the recipient makes a subAward to a Subrecipient that is authorized to enter into contracts for the purpose of completing the subAward scope of work, the recipient must require the Subrecipient to comply with the requirements contained in this section.

- b. Pursuant to 2 C.F.R. Appendix II to part 200, “Contract Provisions for Non-Federal Entity Contracts Under Federal Awards,” and in addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non-Federal entity under the Federal Award must contain provisions covering the following, as applicable:
 1. Contracts for more than the Simplified Acquisition Threshold (\$150,000 as of 12-26-2013), which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. § 1908, must address administrative, contractual or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.
 2. All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.
 3. Equal Employment Opportunity. Except as otherwise provided under 41 C.F.R. part 60, all contracts that meet the definition of “Federally assisted construction contract” in 41 C.F.R. part 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. 60-1.4(b), in accordance with EO 11246, “Equal Employment Opportunity” (30 F.R. 12319, 12935, 3 C.F.R. part, 1964-1965 Comp., p. 339), as amended by EO 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 C.F.R. part 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.”
 4. Davis-Bacon Act. When required by Federal program legislation, all prime construction contracts in excess of \$2,000 Awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 C.F.R. part 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to Award a contract or

subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Council. The contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations (29 C.F.R. part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or Subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Council.

5. Contract Work Hours and Safety Standards Act (40 U.S.C. §§ 3701-3708). Where applicable, all contracts Awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations (29 C.F.R. part 5). Under 40 U.S.C. § 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. § 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.
6. Rights to Inventions Made Under a Contract or Agreement. If the Federal Award meets the definition of “funding agreement” under 37 C.F.R. § 401.2(a) and the non-Federal entity or Subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the non-Federal entity or Subrecipient must comply with the requirements of 37 C.F.R. part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the Awarding agency.
7. Mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C. § 6201).
8. Debarment and Suspension (Executive Orders 12549 and 12689). A contract Award

(see 2 C.F.R. § 180.220) must not be made to parties listed on the governmentwide Excluded Parties List System in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 C.F.R. part 180 that implement Executive Orders 12549 (3 C.F.R. part 1986 Comp., p. 189) and 12689 (3 C.F.R. part 1989 Comp., p. 235), “Debarment and Suspension.” The Excluded Parties List System in [SAM](#)¹⁴ contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

9. Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352). Contractors that apply or bid for an Award of \$100,000 or more must file the required certification, a “Disclosure of Lobbying Activities” (Form SF-LLL or successor form). Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other Award covered by 31 U.S.C. § 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal Award. Such disclosures are forwarded from tier-to-tier up to the Federal Award recipient. The Form SF-LLL must be submitted within 15 days following the end of the calendar quarter in which there occurs any event that requires disclosure or that materially affects the accuracy of the information contained in any disclosure form previously filed. The non-Federal entity must submit all disclosure forms received, including those that report lobbying activity on its own behalf, to the Grants Officer within 30 days following the end of the calendar quarter.
10. Procurement of recovered materials (section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act). A state agency or agency of a political subdivision of a State and its contractors must comply with requirements of Section 6002 including procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 C.F.R. part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired by the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.
11. Pilot Program for Enhancement of Employee Whistleblower Protections. The National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2013 (Pub. L. No. 112-239, enacted January 2, 2013 and codified at 41 U.S.C. § 4712) includes a pilot program of whistleblower protection. It applies to all Council Awards, subAwards,

¹⁴ System for Award Management (SAM) website - <https://www.sam.gov>, verified 8/18/2015.

or contracts under Awards issued beginning July 1, 2013 through January 1, 2017. Non-Federal entities and contractors under Federal Awards and subAwards shall inform their employees in writing of the rights and remedies provided under 41 U.S.C. § 4712, in the predominant native language of the workforce. *See* section 7.2 (c) of this document.

- c. The recipient must include in its legal agreement or contract with the Subrecipient a requirement that the Subrecipient make available to the Council, the Treasury OIG, and the GAO any documents, papers or other records, including electronic records, of the Subrecipient, that are pertinent to the Award, in order to make audits, investigations, examinations, excerpts, transcripts, and copies of such documents. This right also includes timely and reasonable access to the Subrecipient's personnel for the purpose of interview and discussion related to such documents. This right of access shall continue as long as records are required to be retained.
- d. The recipient and any Subrecipients, contractors, or subcontractors must comply with provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328), as applicable, which limit the political activities of employees whose principal employment activities are funded in whole or in part with federal funds.
- e. When contracting, the non-Federal entity must take all necessary affirmative steps, as prescribed in 2 C.F.R. § 200.321(b), to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible.

14.5 SubAward and/or Contract to a Federal Agency

- a. The non-Federal entity, Subrecipient, contractor, and/or subcontractor shall not sub-grant or sub-contract any part of the approved project to any agency or employee of the Council and/or other Federal department, agency, or instrumentality without the prior written approval of the Grants Officer.
- b. Requests for approval of such action must be submitted in writing to the Grants Officer. The Grants Officer will notify the non-Federal entity in writing of the final determination.

15. Amendments and Closeout

- a. Amendments to an Award must be requested in writing and require the written approval of the Grants Officer. The recipient must provide an explanation for the reason an amendment is requested. The Council reserves the right to amend the terms of the Award when required by law or regulation.
- b. The non-Federal entity must comply with the closeout requirements as stipulated in 2 C.F.R. § 200.343. Closeout of the Award does not affect any of the post-closeout adjustments and continuing responsibilities under 2 C.F.R. § 200.344.

16. Environmental Compliance

Environmental impacts must be considered by Federal decision-makers in deciding whether or not to approve: (1) a proposal for Federal assistance; (2) such proposal with mitigation; or (3) a different proposal having less adverse environmental impacts. Federal environmental laws require that the funding agency initiate an early planning process that considers potential impacts that projects funded with Federal assistance may have on the environment. Non-Federal entities must comply with all applicable environmental laws, regulations and policies. Additionally, recipients may be required to assist the Council in complying with laws, regulations and policies applicable to Council actions. Laws, regulations, and policies potentially applicable to Council actions and/or recipients may include but are not limited to the statutes and EOs listed below. The Council does not make independent determinations of compliance with laws such as the Clean Water Act. Rather, the Council may require a recipient to provide information to the Council to demonstrate that the recipient has complied with or will comply with all such requirements. In some cases, if additional information is required after an application is selected, funds may be withheld by the Grants Officer under a special Award condition requiring the recipient to submit additional information sufficient to enable the Council to make an assessment regarding compliance with applicable environmental laws, regulations and policies.

If a recipient is permitted to make any subAwards, the recipient must include all of the environmental statutes, regulations and EOs listed below in any agreement or contract with a Subrecipient, and require the Subrecipient to comply with all of these and to notify the recipient if the Subrecipient becomes aware of any impact on the environment that was not noted in the recipient's approved application package.

16.1 The National Environmental Policy Act (42 U.S.C. § 4321 et seq.)

Council approval of financial assistance Awards may be subject to the environmental review requirements of the National Environmental Policy Act (NEPA). In such cases, recipients of financial assistance Awards may be required to assist the Council in complying with NEPA. For example, applicants may be required to assist the Council by providing information on a proposal's potential environmental impacts, or drafting or supplementing an environmental assessment or environmental impact statement if the Council determines such documentation is required. Independent of the Council's responsibility to comply with NEPA, where appropriate, projects or programs funded by the Council may trigger Federal agency NEPA compliance duties involving a separate Federal action, such as the issuance of a Federal permit.

16.2 The Endangered Species Act (16 U.S.C. § 1531 et seq.)

Council approval of financial assistance for project implementation is subject to compliance with section 7 of the Endangered Species Act (ESA). Recipients must identify any impact or activities that may involve a Federally-listed threatened or endangered species, or their designated critical habitat. Section 7 of the ESA requires every Federal agency to ensure that any action it authorizes, funds or carries out, in the United States or upon the high seas, is not

likely to jeopardize the continued existence of any listed species or result in the destruction or adverse modification of designated critical habitat. Federal agencies have the responsibility for ensuring that a protected species or habitat does not incur adverse effects from actions taken under Federal assistance Awards, and for conducting the required consultations with the National Marine Fisheries Service (NMFS) and the U.S. Fish and Wildlife Service under the Endangered Species Act, as applicable.

16.3 Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. § 1801 et seq.)

Recipients of financial assistance Awards must identify to the Council any effects the Award may have on essential fish habitat (EFH). Federal agencies which fund, permit, or carry out activities that may adversely impact EFH are required to consult with NMFS regarding the potential effects of their actions, and respond in writing to NMFS recommendations. These recommendations may include measures to avoid, minimize, mitigate, or otherwise offset adverse effects on EFH. In addition, NMFS is required to comment on any state agency activities that would impact EFH. Provided the specifications outlined in the regulations are met, EFH consultations will be incorporated into interagency procedures previously established under NEPA, the Endangered Species Act, Clean Water Act, Fish and Wildlife Coordination Act, or other applicable statutes.

16.4 Clean Water Act Section 404 (33 U.S.C. § 1344 et seq.)

Clean Water Act (CWA) Section 404 regulates the discharge of dredged or fill material into waters of the United States, including wetlands. Activities in waters of the United States regulated under this program include fill for development, water resource projects (such as levees and some coastal restoration activities), and infrastructure development (such as highways and airports). CWA Section 404 requires a permit from the U.S. Army Corps of Engineers before dredged or fill material may be discharged into waters of the United States, unless the activity is exempt from Section 404 regulation (e.g., certain farming and forestry activities).

16.5 The Migratory Bird Treaty Act (16 U.S.C. §§ 703-712), Bald and Golden Eagle Protection Act (16 U.S.C. § 668 et seq.), and Executive Order No. 13186, Responsibilities of Federal Agencies to Protect Migratory Birds

A number of prohibitions and limitations apply to projects that adversely impact migratory birds and bald and golden eagles. Executive Order 13186 directs Federal agencies to enter a Memorandum of Understanding with the U.S. Fish and Wildlife Service to promote conservation of migratory bird populations when a Federal action will have a measurable negative impact on migratory birds.

16.6 National Historic Preservation Act (16 U.S.C. § 470 et seq.)

Council approval of financial assistance Awards may be subject to Section 106 of the National Historic Preservation Act (NHPA). In such cases, recipients of financial assistance Awards

may be requested to assist the Council in identifying any adverse effects the Award may have on properties included on or eligible for inclusion on the National Register of Historic Places. Pursuant to 36 C.F.R. § 800.2(c)(4), applicants and recipients may also be requested to assist the Council in initiating consultation with State or Tribal Historic Preservation Officers, Indian tribes, Native Hawaiian Organizations or other applicable interested parties as necessary to the Council's responsibilities to identify historic properties, assess adverse effects to them, and determine ways to avoid, minimize or mitigate adverse effects on historic properties.

Pursuant to guidelines issued by the National Park Service under the Abandoned Shipwreck Act (43 U.S.C. §§ 2101-2106), state and Federal agencies whose activities may disturb, alter, damage, or destroy State-owned shipwrecks must take into account the effect of the proposed activity on any state-owned shipwreck and afford the state agencies assigned management responsibility for state-owned shipwrecks a reasonable opportunity to comment on the proposed activity.

16.7 Clean Air Act (42 U.S.C. § 7401 et seq.), Federal Water Pollution Control Act (33 U.S.C. § 1251 et seq.) (Clean Water Act), and Executive Order 11738 ("Providing for administration of the Clean Air Act and the Federal Water Pollution Control Act with respect to Federal contracts, grants or loans")

Recipients must comply with the provisions of the Clean Air Act (42 U.S.C. §§ 7401 et seq.), Clean Water Act (33 U.S.C. §§ 1251 et seq.), and Executive Order 11738. Recipients shall not use a facility that the Environmental Protection Agency (EPA) has placed on EPA's List of Violating Facilities (this list is incorporated into the Excluded Parties List System which is part of SAM) in performing any Award that is nonexempt under subpart J of 2 C.F.R. part 1532.

16.8 The Flood Disaster Protection Act (42 U.S.C. § 4002 et seq.)

Flood insurance, when available, is required for Federally-assisted construction or acquisition in areas having special flood hazards and flood-prone areas. When required, recipients will ensure that flood insurance is secured for their project(s).

16.9 Executive Order 11988 ("Floodplain Management"), Executive Order 13690 ("Establishing a Federal Flood Risk Management Standard and a Process for Further Soliciting and Considering Stakeholder Input"), and Executive Order 11990 ("Protection of Wetlands")

Recipients must identify proposed actions located in a floodplain and/or wetlands to enable the Council to determine whether there is an alternative to minimize any potential harm. Floodplains are identified through a climate-informed science approach, adding 2-3 feet of elevation to the 100-year floodplain, or using the 500-year floodplain.

16.10 Executive Order 13112 (“Invasive Species”)

Federal agencies must identify actions that may affect the status of invasive species and use relevant programs and authorities to: (i) prevent the introduction of invasive species; (ii) detect and respond rapidly to and control populations of such species in a cost-effective and environmentally sound manner; (iii) monitor invasive species populations accurately and reliably; (iv) provide for restoration of native species and habitat conditions in ecosystems that have been invaded; (v) conduct research on invasive species and develop technologies to prevent introduction and provide for environmentally sound control of invasive species; and (vi) promote public education on invasive species and the means to address them. In addition, an agency may not authorize, fund, or carry out actions that it believes are likely to cause or promote the introduction or spread of invasive species in the United States or elsewhere.

16.11 The Coastal Zone Management Act (16 U.S.C. § 1451 et seq.)

Federally funded projects must be consistent with a coastal state’s approved management program for the coastal zone.

16.12 The Coastal Barriers Resources Act (16 U.S.C. § 3501 et seq.)

Only in certain circumstances may Federal funding be provided for actions within a Coastal Barrier System. The Coastal Barriers Resources Act generally prohibits new Federal expenditures, including Federal grants, within specific units of the Coastal Barrier Resources System (CBRS). Although the Act restricts Federal expenditures for coastal barrier development, Section 6(a)(6)(A) contains an exemption for projects relating to the study, management, protection, or enhancement of fish and wildlife resources and habitats, including recreational projects. Section 6(a)(6)(G) also exempts nonstructural projects for shoreline stabilization that are designed to mimic, enhance or restore natural stabilization systems.

However, care must be taken when interpreting any exemptions described, as they are limited to projects that are consistent with the purpose of this Act as interpreted by the lead agency, Department of Interior. Applicants should work with the U.S. Fish and Wildlife Service, which reviews proposals to determine whether a project falls within a protected unit and if so, whether an exception applies. Maps of the CBRS are available through the interactive U.S. Fish and Wildlife Service [Coastal Barrier Resources System Mapper](http://www.fws.gov/cbra/Maps/Mapper.html).¹⁵

16.13 The Wild and Scenic Rivers Act (16 U.S.C. § 1271 et seq.)

This Act applies to Awards that may affect existing or proposed components of the National Wild and Scenic Rivers system. Funded projects in the National Wild and Scenic Rivers system must be consistent with Wild and Scenic Rivers Act requirements.

16.14 The Safe Drinking Water Act (42 U.S.C. § 300 et seq.)

The Sole Source Aquifer program under this statute precludes Federal financial assistance for any project that the EPA determines may contaminate a designated sole source aquifer through a recharge zone so as to create a significant hazard to public health.

16.15 The Resource Conservation and Recovery Act (42 U.S.C. § 6901 et seq.)

This act regulates the generation, transportation, treatment, and disposal of hazardous wastes, and also provides that recipients of Federal funds that are state agencies or political subdivisions of states give preference in their procurement programs to the purchase of recycled products pursuant to EPA guidelines.

16.16 The Comprehensive Environmental Response, Compensation, and Liability Act (Superfund) (42 U.S.C. § 9601 et seq.)

The Comprehensive Environmental Response, Compensation, and Liability Act (Superfund) (42 U.S.C. § 9601 et seq.), as amended by the Community Environmental Response Facilitation Act, provides the President with broad, discretionary response authorities to address actual and threatened releases of hazardous substances, as well as pollutants and contaminants where there is an imminent and substantial danger to public health and the environment. Section 103 of this Act contains specific reporting requirements and responsibilities and section 117 of the Act contains specific provisions designed to ensure meaningful public participation in the response process.

16.17 Executive Order 12898 (“Environmental Justice in Minority Populations and Low Income Populations”)

This Order identifies and addresses adverse human health or environmental effects of programs, policies and activities on low income and minority populations. Consistent with EO 12898, recipients may be requested to help identify and address, as appropriate, disproportionate impacts to low income and minority populations which could result from their project.

16.18 Rivers and Harbors Act (33 U.S.C. 407)

A permit may be required from the U.S. Army Corps of Engineers if the proposed activity involves any work in, over or under navigable waters of the United States. Recipients must identify any work (including structures) that will occur in, over or under navigable waters of the United States and obtain the appropriate permit, if applicable.

16.19 Marine Protection, Research and Sanctuaries Act (Pub. L. 92- 532, as amended), National Marine Sanctuaries Act (16 U.S.C. 1431 et seq.), and Executive Order 13089 (“Coral Reef Protection”)

The Marine Protection, Research and Sanctuaries Act prohibits dumping of material into ocean waters beyond the territorial limit without a permit. Recipients must identify any potential ocean dumping of materials, obtain the appropriate permit, if applicable, and notify

the Council. Under the National Marine Sanctuaries Act, Federal agencies are required to protect National Marine Sanctuary resources. Recipients must identify actions that are in or may affect a National Marine Sanctuary and notify the Council. EO 13089 requires that any actions authorized or funded by Federal agencies not degrade the condition of coral reef ecosystems. Recipients must identify any action that might affect a coral reef ecosystem and notify the Council.

16.20 Executive Order 13653 (“Preparing the United States for the Impacts of Climate Change”)

This EO requires Federal agencies to identify and support smarter, more climate-resilient investments by States, local communities and tribes, including by providing incentives through agency guidance and grants. Recipients must identify and describe any project elements that promote climate resilience.

16.21 Farmland Protection Policy Act (7 U.S.C. 4201 et seq.)

This act requires agency programs, to the extent possible, be compatible with state, local and private programs and policies to protect farmland from irreversible conversion to nonagricultural uses. Recipients must identify any irreversible conversion of farmland to nonagricultural uses as a result of their project.

16.22 Fish and Wildlife Coordination Act (16 U.S.C. 661 et seq.)

During the planning of water resource development projects, agencies are required to give fish and wildlife resources equal consideration with other values. Additionally, the Fish and Wildlife Service and fish and wildlife agencies of States must be consulted whenever waters of any stream or other body of water are “proposed or authorized, permitted or licensed to be impounded, diverted... or otherwise controlled or modified” by any agency under a Federal permit or license.

17. Miscellaneous Requirements

17.1 Criminal and Prohibited Activities

- a. The Program Fraud Civil Remedies Act (31 U.S.C. § 3801 *et seq.*), provides for the imposition of civil penalties against persons who make false, fictitious or fraudulent claims to the Federal Government for money (including money representing grants, loans or other benefits).
- b. The False Claims Amendments Act and the False Statements Act (18 U.S.C. §§ 287 and 1001, respectively), provide that whoever makes or presents any false, fictitious or fraudulent statement, representation or claim against the United States shall be subject to imprisonment of not more than five years and shall be subject to a fine in the amount provided by 18 U.S.C. § 287.
- c. The Civil False Claims Act (31 U.S.C. § 3729 *et seq.*), provides that suits can be brought by the government, or a person on behalf of the government, for false claims made under Federal assistance programs.

- d. The Copeland “Anti-Kickback” Act (18 U.S.C. § 874), prohibits a person or organization engaged in a Federally-supported project from enticing an employee working on the project from giving up a part of his compensation under an employment contract. The Copeland “Anti-Kickback” Act also applies to contractors and subcontractors pursuant to 40 U.S.C. § 3145.

17.2 Political Activities

The non-Federal entity must comply, as applicable, with provisions of the Hatch Act (5 U.S.C.

§§1501-1508) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.

17.3 Drug-Free Workplace

The non-Federal entity shall comply with the provisions of the Drug-Free Workplace Act of 1988 (Pub. L. No. 100-690, Title V, Sec. 5153, as amended by Pub. L. No. 105-85, Div. A, Title VIII, Sec. 809, as codified at 41 U.S.C. § 8102) and any Council regulations and policies promulgated pursuant to its authority, which require that the non-Federal entity take steps to provide a drug-free workplace.

17.4 Foreign Travel

- a. The non-Federal entity may not use funds from this Award for travel outside of the United States unless the Grants Officer provides prior written approval. The non-Federal entity shall comply with the provisions of the Fly America Act (49 U.S.C. § 40118). The implementing regulations of the Fly America Act are found at 41 C.F.R. §§ 301-10.131 through 301-10.143.
- b. The Fly America Act requires that Federal travelers and others performing U.S. Government-financed air travel must use U.S. flag air carriers, to the extent that service by such carriers is available. Foreign air carriers may be used only in specific instances, such as when a U.S. flag air carrier is unavailable, or use of U.S. flag air carrier service will not accomplish the agency’s mission.
- c. One exception to the requirement to fly U.S. flag carriers is transportation provided under a bilateral or multilateral air transport agreement, to which the United States Government and the government of a foreign country are parties, and which the Department of Transportation has determined meets the requirements of the Fly America Act pursuant to 49 U.S.C. § 40118(b). The United States Government has entered into bilateral/multilateral “Open Skies Agreements” (U.S. Government Procured Transportation) that allow Federally-funded transportation services for travel and cargo movements to use foreign air carriers under certain circumstances. There are multiple “Open Skies Agreements” currently in effect. For more information about the current bilateral and multilateral agreements, visit the [GSA website](http://www.gsa.gov/portal/content/103191).¹⁶ Information on the Open

- d. If a foreign air carrier is anticipated to be used for any portion of travel under a Council financial assistance Award the non-Federal entity must obtain prior written approval from the Grants Officer. When requesting such approval, the non-Federal entity must provide a justification in accordance with guidance provided by 41 C.F.R. § 301-10.142, which requires the non-Federal entity to provide the Grants Officer with the following: name; dates of travel; origin and destination of travel; detailed itinerary of travel; name of the air carrier and flight number for each leg of the trip; and a statement explaining why the non-Federal entity meets one of the exceptions to the regulations. If the use of a foreign air carrier is pursuant to a bilateral agreement, the non-Federal entity must provide the Grants Officer with a copy of the agreement or a citation to the official agreement available on the GSA website. The Grants Officer shall make the final determination and notify the non-Federal entity in writing. Failure to adhere to the provisions of the Fly America Act will result in the non-Federal entity not being reimbursed for any transportation costs for which the non-Federal entity improperly used a foreign air carrier.

17.5 Increasing Seat Belt Use in the United States

Pursuant to EO 13043, recipients should encourage employees and contractors to enforce on-the-job seat belt policies and programs when operating company-owned, rented or personally owned vehicles.

17.6 Research Involving Human Subjects

- a. All proposed research involving human subjects must be conducted in accordance with 15 C.F.R. part 27 "Protection of Human Subjects." No research involving human subjects is permitted under this Award unless expressly authorized by special Award condition, or otherwise in writing by the Grants Officer.
- b. Federal policy defines a human subject as a living individual about whom an investigator conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information. Research means a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge.
- c. Department of Commerce regulations at 15 C.F.R. part 27, applying to all Federal departments and agencies, require that recipients maintain appropriate policies and procedures for the protection of human subjects. In the event it becomes evident that human subjects may be involved in this project, the non-Federal entity shall submit appropriate documentation to the Federal Program Officer for approval by the appropriate Council officials.  4. Documentation of IRB approval of any modification to a prior approved protocol or to an informed consent form.
- d. 17.7 Federal Employee Expenses

Federal agencies are generally barred from accepting funds from a non-Federal entity to pay transportation, travel or other expenses for any Federal employee. Use of Award funds (Federal or non-Federal) or the non-Federal entity's provision of in-kind goods or services, for the purposes of transportation, travel or any other expenses for any Federal employee may raise appropriation augmentation issues. In addition, Council policy prohibits the acceptance of gifts, including travel payments for Federal employees, from recipients or applicants, regardless of the source.

17.8 Minority Serving Institutions Initiative

Pursuant to EOs 13555 ("White House Initiative on Educational Excellence for Hispanics"), 13270 ("Tribal Colleges and Universities"), and 13532 ("Promoting Excellence, Innovation, and Sustainability at Historically Black Colleges and Universities"), the Council is strongly committed to broadening the participation of minority serving institutions (MSIs) in its financial assistance programs. The Council's goals include achieving full participation of MSIs in order to advance the development of human potential, strengthen the Nation's capacity to provide high-quality education, and increase opportunities for MSIs to participate in and benefit from Federal financial assistance programs. The Council encourages all recipients to include meaningful participation of MSIs. Institutions eligible to be considered MSIs are listed on the Department of Education website.

17.9 Research Misconduct

The Council adopts, and applies to financial assistance Awards for research, the Federal Policy on Research Misconduct (Federal Policy) issued by the Executive Office of the President's Office of Science and Technology Policy on December 6, 2000 (65 FR 76260). As provided for in the Federal Policy, research misconduct refers to the fabrication, falsification or plagiarism in proposing, performing or reviewing research, or in reporting research results. Research misconduct does not include honest errors or differences of opinion. Non-Federal entities that conduct extramural research funded by the Council must foster an atmosphere conducive to the responsible conduct of sponsored research by safeguarding against and resolving allegations of research misconduct. Non-Federal entities also have the primary

responsibility to prevent, detect and investigate allegations of research misconduct and, for this purpose, may rely on their internal policies and procedures, as appropriate, to do so. Federal Award funds expended on an activity that is determined to be invalid or unreliable because of research misconduct may result in appropriate enforcement action under the Award, up to and including Award termination and/or suspension or debarment. The Council requires that any allegation that contains sufficient information to proceed with an inquiry be submitted to the Grants Officer, who will also notify the Treasury OIG of such allegation. Once the non-Federal entity has investigated the allegation, it shall submit its findings to the Grants Officer. The Council may accept the non-Federal entity's findings or proceed with its own investigation. The Grants Officer will inform the non-Federal entity of the Council's final determination.

17.10 Publications, Videos, Signage and Acknowledgment of Sponsorship

- a. Publication of results or findings in appropriate professional journals and production of video or other media is encouraged as an important method of recording, reporting and otherwise disseminating information and expanding public access to Federally-funded projects (*e.g.*, scientific research).
- b. Recipients are required to submit a copy of any publication materials, including but not limited to print, recorded or Internet materials, to the Council.
- c. When releasing information related to a funded project, recipients must include a statement that the project or effort undertaken was or is sponsored by the Council.
- d. Any signage produced with funds from the Award or informing the public about the activities funded in whole or in part by the Award, must first be approved in writing by the Grants Officer.

This [report/video/etc.] was prepared by [non-Federal entity name] using Federal funds under Award [number] from the RESTORE Council. The statements, findings, conclusions, and recommendations are those of the author(s) and do not necessarily reflect the views of the RESTORE Council.

Recipients must comply with the Laboratory Animal Welfare Act of 1966, as amended, (Pub. L. No. 89- 544, 7 U.S.C. § 2131 *et seq.*) (animal acquisition, transport, care, handling, and use in projects), and implementing regulations, 9 C.F.R. Parts 1, 2, and 3; the Endangered Species Act (16 U.S.C. § 1531 *et seq.*); Marine Mammal Protection Act (16 U.S.C. § 1361 *et seq.*) (taking possession, transport, purchase, sale, export or import of wildlife and plants); the Nonindigenous Aquatic Nuisance Prevention and Control Act (16 U.S.C. § 4701 *et seq.*) (ensure preventive measures are taken or that probable harm of using species is minimal if there is an escape or release); and all other applicable statutes pertaining to the care, handling

and treatment of warm-blooded animals held for research, teaching or other activities supported by Federal financial assistance. No research involving vertebrate animals is permitted under any Council financial assistance Award without the prior written approval of the Grants Officer.

17.12 Homeland Security Presidential Directive 12

If the performance of a grant Award requires non-Federal entity personnel to have routine access to Federally-controlled facilities and/or Federally-controlled information systems (for purpose of this term “routine access” is defined as more than 180 days), such personnel must undergo the personal identity verification credential process. In the case of foreign nationals, the Council will conduct a check with U.S. Citizenship and Immigration Services’ (USCIS) Verification Division, a component of the Department of Homeland Security (DHS), to ensure that the individual is in a lawful immigration status and that he or she is eligible for employment within the United States. Any items or services delivered under a financial assistance Award shall comply with the Council personal identity verification procedures that implement Homeland Security Presidential Directive 12, “Policy for a Common Identification Standard for Federal Employees and Contractors,” FIPS PUB 201, and OMB Memorandum M-05-24. The non-Federal entity shall ensure that its Subrecipients and contractors (at all tiers) performing work under this Award comply with the requirements contained in this term. The Grants Officer may delay final payment under an Award if the Subrecipient or contractor fails to comply with the requirements provided below. The non-Federal entity shall insert the following term in all subAwards and contracts when the subAward non-Federal entity or contractor is required to have routine physical access to a Federally- controlled facility or routine access to a Federally-controlled information system:

- a. The Subrecipient or contractor shall comply with the Council personal identity verification procedures identified in the subAward or contract that implement Homeland Security Presidential Directive 12 (HSPD-12), Office of Management and Budget (OMB) Guidance M-05-24, as amended, and Federal Information Processing Standards Publication (FIPS PUB) Number 201, as amended, for all employees under this subAward or contract who require routine physical access to a Federally-controlled facility or routine access to a Federally-controlled information system.*

The Subrecipient or contractor shall account for all forms of Government-provided identification issued to the Subrecipient or contractor employees in connection with performance under this subAward or contract. The Subrecipient or contractor shall return such identification to the issuing agency at the earliest of any of the following, unless otherwise determined by the Council: (1) When no longer needed for subAward or contract performance; (2) Upon completion of the Subrecipient or contractor employee’s employment; or (3) Upon subAward or contract completion or termination.*

17.13 Compliance with Department of Commerce Bureau of Industry and Security Export Administration Regulations

- a. This clause applies to the extent that this financial assistance Award involves access to export- controlled items.
- b. In performing this financial assistance Award, the non-Federal entity may gain access to items subject to export control (export-controlled items) under the Export Administration Regulations (EAR). The non-Federal entity is responsible for compliance with all applicable laws and regulations regarding export-controlled items, including the EAR's deemed exports and reexports provisions. The non-Federal entity shall establish and maintain effective export compliance procedures at Council and non-Council facilities throughout performance of the financial assistance Award. At a minimum, these export compliance procedures must include adequate controls of physical, verbal, visual, and electronic access to export-controlled items, including by foreign nationals.
- c. Definitions
 1. Export-controlled items. Items (commodities, software, or technology), that are subject to the EAR (15 C.F.R. §§ 730-774), implemented by the Department of Commerce's Bureau of Industry and Security. These are generally known as "dual-use" items, items with both a military and commercial application.
 2. Deemed Export/Reexport. The EAR defines a deemed export as a release of export-controlled items (specifically, technology or source code) to a foreign national in the U.S. Such release is "deemed" to be an export to the home country of the foreign national. 15 C.F.R. § 734.2(b)(2)(ii). A release may take the form of visual inspection, oral exchange of information, or the application abroad of knowledge or technical experience acquired in the U.S. If such a release occurs abroad, it is considered a deemed reexport to the foreign national's home country. Licenses may be required for deemed exports or reexports.
- d. The non-Federal entity shall control access to all export-controlled items that it possesses or that comes into its possession in performance of this financial assistance Award, to ensure that access to, or release of, such items are restricted, or licensed, as required by applicable Federal laws, EOs, and/or regulations, including the EAR.
- e. As applicable, non-Federal entity personnel and associates at Council sites shall be informed of any procedures to identify and protect export-controlled items.
- f. To the extent the non-Federal entity wishes to provide foreign nationals with access to export- controlled items, the non-Federal entity shall be responsible for obtaining any necessary licenses, including licenses required under the EAR for deemed exports or deemed reexports.
- g. Nothing in the terms of this financial assistance Award is intended to change, supersede, or waive the requirements of applicable Federal laws, EOs or regulations.
- h. Compliance with the foregoing will not satisfy any legal obligations the non-Federal entity may have regarding items that may be subject to export controls administered by other agencies such as the Department of State, which has jurisdiction over exports of munitions items subject to the International Traffic in Arms Regulations (ITAR) (22 C.F.R. §§ 120-

130), including releases of such items to foreign nationals.

- i. The non-Federal entity shall include this Subsection .13, including this Subparagraph i, in all lower tier transactions (subAwards, contracts, and subcontracts) under this financial assistance Award that may involve access to export-controlled items.

- a. Unless there is an actual rescission of funds for specific grant obligations, recipients of Federal financial assistance Awards for which funds have been obligated generally will be able to continue to perform and incur allowable expenses under the Award during a funding hiatus. Recipients are advised that ongoing activities by Federal employees involved in grant administration (including payment processing) or similar operational and administrative work cannot continue when there is a funding lapse. Therefore, there may be delays, including payment processing delays, in the event of a shutdown.
- b. All Award actions will be delayed during a government shutdown; if it appears that a non-Federal entity's performance under a grant or cooperative agreement will require agency involvement, direction or clearance during the period of a possible government shutdown, the Program Officer or Grants Officer, as appropriate, may attempt to provide such involvement, direction, or clearance prior to the shutdown or advise recipients that such involvement, direction, or clearance will not be forthcoming during the shutdown. Accordingly, recipients whose ability to withdraw funds is subject to prior agency approval, which in general are recipients that have been designated high risk, recipients of construction Awards, or are otherwise limited to reimbursements or subject to agency review, will be able draw funds down from the relevant Automatic Standard Application for Payment (ASAP) account only if agency approval is given and coded into ASAP prior to any government shutdown or closure. This limitation may not be lifted during a government shutdown. Recipients should plan to work with the Grants Officer to request prior approvals in advance of a shutdown wherever possible. Recipients whose authority to draw down Award funds is restricted may decide to suspend work until the government reopens.

- c. The ASAP system may remain operational during a government shutdown. As applicable, recipients that do not require Council approval to draw down advance funds from their ASAP accounts may be able to do so during a shutdown. The 30-day limitation on the drawdown of advance funds will apply notwithstanding a government shutdown and advanced funds held for more than 30 days shall be returned with interest.

18. Certifications

At a minimum, the non-Federal entity must comply with the certifications and requirements in 31 C.F.R. § 34.802, assurances (Forms SF-424B and SF-424D, or equivalent, as applicable), and any required Council-specific certifications. Other certifications may be required by 2 C.F.R. part 200. Certifications must be signed by an authorized senior official of the entity receiving grant funds who can legally bind the organization or entity, and who has oversight for the administration and use of the funds in question.

The requestor does not have to provide a name, contact information, or show any special or legitimate interest in the record requested. However, if an individual requests records that are deemed confidential or entitled to exemption and the requestor claims entitlement to view the records, then identification may be requested.

CPR-4.3.2 The Gulf Consortium cannot refuse a request because it is "over broad," but can request clarification from the person requesting records. The custodian is not required to answer questions concerning the requested records, create records that do not already exist, or reformat its records in a particular form other than the form in which they already exist. The custodian must allow inspection and copying within limited reasonable time. The custodian can retrieve the record, review for exemptions and/or confidential information (in coordination with the Gulf Consortium's legal counsel where appropriate), and redact or delete any portion claimed exempt.

If the nature or volume of Public Records requested to be inspected or copied is such as to require extensive use of information technology resources or extensive clerical or supervisory functions, a special service charge may be imposed. Any such special service charge so imposed shall be reasonable and shall be based on the actual cost incurred for the extensive use of information technology resources or the labor cost of the personnel providing the service that is actually incurred by the Gulf Consortium or attributable to the clerical and supervisory assistance required, or both. Actual cost means base salary plus benefits for Gulf Consortium employees or the applicable contract rates for contracted Gulf Consortium services for the lowest paid employee or contractor who is able to perform the service.

CPR-4.4.1 In order to maximize the efficient use of Gulf Consortium resources, upon receipt of a Public Records request, the custodian shall estimate all costs associated with fulfilling that request and provide that estimate to the requestor within two (2) business days of receipt of the request. Any estimates in excess of \$10 must be paid in full before the custodian begins producing the requested records. Upon receipt of a deposit of all estimated costs, the requested materials shall be made available within a reasonable time thereafter, which should not to exceed five (5) business days unless unusual circumstances exist. If the deposit exceeds the cost of the request, the balance will be returned to the requestor. IC-1. BACKGROUND

The Gulf Consortium has established internal controls in order to maintain accuracy and transparency concerning financial disclosures and to achieve fiduciary accountability. The Consortium is responsible for:

- a. Fiscally managing and safeguarding SEP funds as well as any funds received from other sources;
- b. Disbursing funds to sub-recipients in a timely manner for reimbursement of eligible project expenditures;
- c. Keeping accurate and up-to-date records of all financial transactions related to project activities;
- d. Assisting member county staff with monitoring and evaluation of their sub-awards; and
- e. Aiding county staff in understanding and complying with financial controls and procedures necessary to ensure effective stewardship of the Florida SEP funds.

IC-2. INTERNAL CONTROL SYSTEM

The Consortium's internal control system has been modeled in accordance with the Committee of Sponsoring Organizations (COSO) internal control framework and the five inter-related components including:

- a. Risk assessment
- b. Control environment
- c. Control activities
- d. Information and communication
- e. Monitoring

IC-2.1 The Consortium will evaluate each of the above categories on a regular basis to adjust or change policies and procedures to enhance the internal control policy. **Figure IC-1** illustrates the process.

Figure IC-1. Gulf Consortium Internal Framework

IC-3. CONTROL ENVIRONMENT

The internal control environment for the Consortium begins with the Board and extends to all Consortium vendors and consultants as well as member county staff. The Consortium follows the five principles requisite to a sufficient control environment;

IC-3.1 The Consortium demonstrates a commitment to integrity and ethical values, as evidenced by its Code of Conduct.

IC-3.2 The ~~governing board~~Board demonstrates independence from management in exercising oversight of the development and performance of internal control over financial reporting. An example is a meeting at least annually between the audit committee and external auditors without management present.

IC-3.3 With oversight from the ~~governing board~~Board, management establishes structures, reporting lines, and appropriate authorities and responsibilities to achieve financial reporting objectives. For example, processes are established in the Procurement Policy and Grants Manual to ensure related-party transactions are identified and disclosed.

IC-3.4 The Consortium demonstrates a commitment to attract, develop, and retain competent individuals in alignment with financial reporting objectives. The Consortium has hired vendors through a competitive bidding process which are required to carry out their part of the internal controls and to report any areas they view as deficiencies. Vendors of

the Consortium are governed by respective policies depending on their working relationship with the Consortium and are required to familiarize themselves with pertinent policies, including policies relating to subrecipients, procurement, and conduct. Vendors are required to report any control deficiencies to the Consortium's General Manager and/or General Counsel.

IC-3.5 The Consortium holds individuals accountable for their internal control responsibilities. Vendors are retained through contracts which allow for termination for non-performance.

IC-3.6 The Consortium's internal control activities include written policies, procedures, techniques, and mechanisms that help ensure the Board's directives are carried out in compliance with the RESTORE Act criteria as well as other applicable State and Federal law. Control activities are intended to identify, prevent, or reduce risks. Control activities occur throughout the Consortium's financial department, at all levels and in all functions. Control activities include things such as:

- a. Approvals
- b. Authorizations
- c. Verifications
- d. Reconciliations
- e. Documentation
- f. Separation of duties
- g. Safeguarding of assets

IC-3.7 For each transaction cycle, the flow of information through the process and the internal control activities taken is documented and analyzed. Depending on the transaction at hand, documentation may include organizational charts, standard operation procedures, manuals, flowcharts, decision tables, questionnaires, and/or review checklists.

IC-4. RISK ASSESSMENT

The initial task in risk assessment involves identifying, analyzing, and categorizing the various risks facing the Consortium. The identification process examines both internal and external events or circumstances that could adversely affect the Consortium's ability to carry out its fiduciary responsibilities. Several risks have been identified, along with accordant mitigating factors. The risks to the Consortium include:

- a. The lack of traditional infrastructure consisting of staff and administrative support is an inherent risk for the Consortium. This risk is being mitigated with the careful selection of vendor support with cooperation from members of the Board and potential use of member county's staff and other resources. Key personnel have clearly defined duties and possess adequate knowledge and expertise to perform their duties.

- b. Due to the lack of traditional infrastructure, the Consortium has ~~undertaken to stand~~ ~~up~~ developed formal processes to logistically manage numerous grants concurrently. The Consortium has requisitioned grant management software and financial accounting software in order to reduce risk of misreporting and enhance transparency in financial disclosures. The Consortium will own and operate these systems with the support of a General Manager and other vendors and consultants.
- c. The size of the control environment involves multiple counties and is considered an inherent risk for the Consortium. To mitigate this risk, the grant management policies and procedures established by the Consortium require uniformity among member counties and a high level of transparency and adherence to such policies. Training and ongoing compliance monitoring ~~will be~~ is required with respect to sub-recipient grant milestone completion and disbursement requests.

IC-4.1 The Consortium will continue to monitor, develop, and combat risks as they are identified in the control environment.

IC-5. COMMUNICATION AND INFORMATION

IC-5.1 The Consortium is committed to transparency with the public, RESTORE Council, its member counties, and other stakeholders with respect to financial reporting on SEP related projects, programs, and activities. The Consortium's website provides detailed information regarding the status of Consortium funding and activities, including the status of projects included in the SEP.

IC-5.2 The Consortium's financial system provides procedures to ensure that each member county and sub-recipient receives relevant, valid, reliable, and timely communications.

IC-5.3 The Consortium's grant management system is designed to allow member counties to obtain reliable and timely information so that they can make informed decisions, analyze any risks, and communicate actions and other important information to the Consortium.

IC-5.4 The Consortium shall provide monthly financial reports for review by the Board at each Board meeting.

IC-5.5 All reported potential improprieties are reviewed, investigated, and resolved in a timely manner. Management has developed communication approaches through policy adoption that specify individual responsibilities in dealing with inappropriate behavior.

IC-6. MONITORING

Monitoring of the internal control system will continually be performed to assess whether controls are effective and operating as intended. The Consortium's monitoring structure is built into normal, recurring intervals and is designed to provide feedback on a timely basis. Such monitoring will be carried out by the General Manager, the Audit Committee, and the Procedures Review Board at least annually. Ongoing monitoring occurs through routine

managerial activities such as supervision, reconciliations, checklists, comparisons, performance evaluations, and status reports.

IC-6.1 Any deficiencies found during monitoring will be reported to the Audit Committee. General Manager and/or General Counsel. The monitoring process will also include analysis of whether exceptions are being reported and resolved quickly.

IC-7. FINANCIAL REPORTING

Financial reporting within the Consortium is a critical component in evaluating the progress financially and programmatically within the sub-recipient grants. It is imperative that the Consortium Board and the public receive timely, accurate and complete financial reporting information. Financial reports will provide the General Manager and the Board with critical data to measure the goals and objectives of the grants overseen by the Consortium.

IC-7.1. The basic principles of sound financial management include, but are not limited to, tight internal controls, financial transparency, segregation of duties, and independent external auditing. By integrating these processes into the administrative and fiduciary functions of the organization, the Consortium can ensure timely, accurate, and complete reporting throughout the SEPs lifecycle.

The Consortium's financial control system consists of both preemptive controls (created to prevent errors or fraud) and detective controls (designed to identify an error or fraud after it has occurred). The processes created by the Consortium are designed to provide reasonable assurance in the reliability of project financial reporting.

IC-7.1.1 The financial control system includes multiple protections of public funds including:

- a. Procedures that provide for appropriate segregation of duties to reduce the risk of asset loss or fraud.
- b. Defined roles for the proper consultants and employees to authorize and record financial transactions.
- c. Subrecipient training for member county staff performing their duties and functions as they relate to sub-award grant funds. The Consortium will require sub-recipients to operate and use Consortium resources with minimal potential for waste, fraud, and mismanagement.

IC-7.2. The principles of sound financial management are designed so the Consortium will be able to:

- a. Ensure that funds are spent in accordance with the respective grant awards and State and Federal law.
- b. Prevent fraud and reduce or eliminate fiduciary risk and financial loss.

- c. Maintain compliance with the financial documentation and reporting requirements contained in the RESTORE Act.
- d. Create a uniform financial standard for member counties.
- e. Ensure that financial reports and disclosures are accurate, complete, and reliable.

IC-8. SEGREGATION OF DUTIES

IC-8.1 To maintain effective internal controls, the Consortium has created a system of internal checks and balances among the entities performing contract administration and financial duties for SEP related projects, programs, and activities.

IC-8.2 Duties and tasks related to financial reporting and analysis are segregated to ensure dual controls and proper oversight. Two individuals are required for oversight of all administrative activities that involve confidential or valuable assets, such as opening of bids or handling deposits. For cash management, a designated fiscal agent manages any grant funds received from the RESTORE Council, allowing for an additional layer of protection for the Consortium's assets. The Consortium has instituted firewalls between the approval of disbursements and access to funding.

IC-9. INDEPENDENT FINANCIAL AUDITING

The Consortium is subject to annual audits conducted by independent auditors which evaluate the presentation of financial statements as well as the effectiveness of internal controls based upon widely held government standards including, but not limited to, 2 CFR Part 200 and the Single Audit Act of 1996.

IC - 9.1 Effective financial controls depend on clear policies and procedures for different areas of activity, such as cash management procedures (e.g., requests for funds, project budgets, and disbursement of funds); procurement policies which follow appropriate laws, regulations, and policies; and administrative policies, such as procedures review policies.

IC - 9.2 Federal Single Audit Act

Federal audit and annual reporting requirements are contained in 2 CFR 200 Subpart F. Non-federal entities expending \$750,000 or more in a year in federal awards are required to have a single or program-specific audit conducted for that year, performed by an outside auditor. It is important that all grant activity and any changes to the grant are well documented to facilitate any audit. Audit findings made during the audit are provided to the grantor, which could prompt an audit by the grantor.

The following list contains the fourteen types of compliance requirements considered in every audit conducted under 2 CFR Part 200, Subpart F, which help to form the basis for the system of internal controls developed by the Consortium:

- a. Activities: Allowed or Unallowable

- b. Allowable Costs/Cost Principles
- c. Cash Management
- d. Eligibility
- e. Equipment and Real Property Management
- f. Matching, Level of Effort, Earmarking
- g. Period of Availability of Federal Funds
- h. Procurement, Suspension and Debarment
- i. Program Income
- j. Reporting
- k. Subrecipient Monitoring
- l. Special Tests and Provisions

IC-9.3 Florida Single Audit Act

The Consortium will also adhere to the Florida Single Audit Act, which establishes uniform audit requirements for state financial assistance, and follows the same cost principles and requirements established in the Federal Single Audit Act.

IC-9.4 Audit Deficiencies

If any internal or external audit should identify deficiencies, the Consortium shall develop responses to the observations identified in the audit and develop corrective actions to remediate the identified deficiencies.

The Audit Committee and/or General Manager will annually confirm the status of corrective actions taken in response to identified deficiencies and shall inform the Board when all such deficiencies have been satisfactorily remediated.

The Audit Committee and/or Procedures Review Committee will annually review the Consortium's grant processes and procedures and recommend improvements to reduce risk to the Consortium.
