AGENDA

THE GULF CONSORTIUM Executive Committee Call

November 7, 2019, 4:00 p.m. Eastern

**GoToMeeting
Dial-in Number: 1-669-224-3217
Participant Passcode: 865-760-109 #**

Committee Members

Chair - Warren Yeager (Gulf), Vice-chair - Commissioner Chris Constance (Charlotte), Secretary - Commissioner Jack Mariano (Pasco), Commissioner John Meeks (Levy), David Edwards (Wakulla), Commissioner Scott Carnahan (Citrus), Commissioner Betsy Barfield (Jefferson)

Staff

Valerie Seidel, Dan Dourte, Richard Bernier (The Balmoral Group)
Lynn Hoshihara, Evan Rosenthal (Nabors, Giblin & Nickerson, P.A.)

Item 1. Call to Order.

Chairman Warren Yeager will call the meeting to order

Item 2. Roll Call.

Valerie Seidel will call the roll.

Item 3. Consent Agenda.

The consent agenda items are presented for approval. Executive Committee members may remove any items from this agenda that they have questions on or would like to discuss in depth. Any items removed would then be included in the regular agenda in an order assigned by the Chair.

Consent Agenda Items:

- Minutes September 17, 2019 – Executive Committee Meeting. (Please see back up pages 6-10)

RECOMMEND: Approval of a consent agenda item.

Item 4. Additions or Deletions.

Any additions or deletions to the committee meeting agenda will be announced.

RECOMMEND: Approval of a final agenda.

www.gulfconsortium.org

Item 5. Public Comments.

The public is invited to provide comments on issues that are on today's agenda

Item 6. Grant applications for review/approval and SEP project status

Dan Dourte (The Balmoral Group) will give an update on Grant applications for review and approval. One grant application has been received for a total of about \$180,000 for engineering/permitting effort for Gulf County's project 6-2: St. Joseph Peninsula Coastal Erosion Control Project. Upcoming subrecipient applications should be delivered to the Gulf Consortium by 12/20/2019; these will be reviewed at the January 2020 Board Meeting. A summary of all grant applications has been provided in the agenda item. This is regularly updated and can be accessed on P.7 of the interface at

<https://datavisual.balmoralgroup.us/GulfConsortiumProjects>. 6 projects have awards (3 RESTORE awards – 1 of those includes 4 county projects) and 10 projects are under review by RESTORE Council.

RECOMMEND: Approval of this grant application for full Board consideration

(Please see back up pages 11-14)

Item 7. SEP Amendment for release of draft for public comment

An SEP amendment has been prepared to: 1) add one new project in the SEP for Adaptive Planning (including SEP amendments, policy revisions, OSA updates, financial audits, and possibly procurements), 2) update the original sequencing/timing of funding and funding totals to reflect changes in Santa Rosa, Okaloosa, Pasco, and Wakulla Counties, and 3) to update the budgeted cost amounts for all project milestones to reflect Gulf Consortium administrative costs and to accommodate the new Adaptive Planning project, per RESTORE Council advice.

RECOMMEND: Approval of the draft SEP Amendment #2 for full Board consideration

(Please see back up pages 15-45)

Item 8. Manager's Report.

Valerie Seidel (The Balmoral Group) will present the Managers Report.

(Please see back up pages 46-48)

Item 9. Financial Report

Richard Bernier (The Balmoral Group) will deliver updated financial reports for the fiscal year end September 30, 2019.

(Please see back up pages 49-58)

Item 10. General Counsel's Report

Lynn Hoshihara (NGN) will give an updated General Counsel Report.

www.gulfconsortium.org

Item 11. FDEP – Pot 2 update

To be provided verbally at Board meeting 11/20/2019

Item 12. Public Comments

The public is invited to provide comments on issues that are on NOT today's agenda.

Item 13. Upcoming Gulf Consortium Board Meeting

Wednesday, November 20, 2019, 2 pm, ET

Fort Lauderdale Marriott Harbor Beach

Broward County

Room: TBD

Item 14. Adjourn

Notice of Meeting/Workshop Hearing

OTHER AGENCIES AND ORGANIZATIONS

Gulf Consortium

The Gulf Consortium announces a public meeting of its Executive Committee via communications media technology to which all persons are invited to participate.

DATE AND TIME: November 7, 2019 at 4:00 pm (ET)

PLACE: This meeting will be conducted via communications media technology (teleconference). Interested persons may participate by telephone via the following:

Dial in Number +1 (669) 224-3217

Participant Passcode: 865-760-109

Interested persons may also participate in the meeting at the following location, at which communications media technology will be provided:

The Balmoral Group, 165 Lincoln Avenue, Winter Park, FL 32789

GENERAL SUBJECT MATTER TO BE CONSIDERED: The Executive Committee of the Gulf Consortium will conduct a Board of Directors preview meeting, consisting of a PSEP Grant Update, status of grant applications, and other business at the discretion of the Executive Committee. The location of the conference call is The Balmoral Group, 165 Lincoln Avenue, Winter Park, FL 32789. A copy of the agenda may be obtained at www.gulfconsortium.org or by contacting: General Manager at 407-629-2185 or Gulf.Consortium@balmoralgroup.us.

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this workshop/meeting is asked to advise the agency at least 3 days before the workshop/meeting by contacting the General Manager at 407-629-2185 or Gulf.Consortium@balmoralgroup.us. If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

If any person decides to appeal any decision made by the Executive Committee with respect to any matter considered at this meeting, he/she may need to ensure that a verbatim record of the proceeding is made, which record includes the testimony and evidence from which the appeal is to be issued.

For more information, please contact the General Manager at 407-629-2185 or Gulf.Consortium@balmoralgroup.us.

Jefferson	Commissioner Betsy Barfield	

AGENDA ITEM 3

**Gulf Consortium Executive Committee
November 7, 2019**

**Agenda Item 3
Approval of September 17, 2019 Minutes**

Statement of Issue:

Request to approve the minutes of the September 17, 2019 meeting of the Executive Committee.

Options:

- (1) Approve the September 17, 2019 minutes as presented; or
- (2) Amend and then approve the minutes.

Recommendation:

Motion to approve Option 1.

Prepared by:

Amanda Jorjorian
The Balmoral Group
General Manager

Attachment:

Draft Minutes, September 17, 2019 meeting of the Executive Committee.

Action Taken:

Motion to: _____, Made by: _____;

Seconded by: _____.

Approved____; Approved as amended____; Defeated_____.

**Gulf Consortium Executive Committee Meeting
September 17, 2019, Time 4:00p.m. (Eastern)
Teleconference**

Members in Attendance: Commissioner Chris Constance (Charlotte), David Edwards (Wakulla), Commissioner Scott Carnahan (Citrus), Commissioner John Meeks (Levy), Commissioner Betsy Barfield (Jefferson)

Also in Attendance: Valerie Seidel (The Balmoral Group), Dan Dourte (The Balmoral Group), Evan Rosenthal (Nabors, Giblin & Nickerson), Lynn Hoshihara (Nabors, Giblin & Nickerson),

Agenda Item 1 – Call to Order

Co-Chair Commissioner Chris Constance (Charlotte) called the meeting to order at 4:01pm (ET).

Agenda Item #2 – Roll Call

Attendees as above.

Agenda Item #3 – Consent Agenda - Approval of March 14, 2019 Minutes

Co-Chair Commissioner Chris Constance (Charlotte) presented the minutes for the June 4, 2019 Executive Meeting for approval. Commissioner John Meeks (Levy) made the motion to approve the minutes, seconded by Commissioner Betsy Barfield (Jefferson). All in favor.

ACTION: EXECUTIVE COMMITTEE APPROVED

Agenda Item #4 – Additions or Deletions

David Edwards (Wakulla) made the motion to approve the agenda as presented, seconded by John Meeks (Levy). All in favor.

ACTION: EXECUTIVE COMMITTEE APPROVED

Agenda Item #5 – Public Comment

None.

Agenda Item#6 –Financial Report

Co-Chair Commissioner Chris Constance (Charlotte) recognized Valerie Seidel (The Balmoral Group) who provided updated financial report from the Finance Committee Meeting held on the 11th. An action item was to approve the renewal of the audit agreement with Warren Averett for two one year extensions. Dave Edwards (Wakulla) made the motion to approve the renewal of the audit agreement, second by Commissioner Scott Carnahan (Citrus).

ACTION: EXECUTIVE COMMITTEE APPROVED

Agenda Item#7- Proposed Budget

Co-Chair Commissioner Chris Constance (Charlotte) recognized Valerie Seidel (The Balmoral Group) who presented the proposed budget for the next fiscal year. Because the County dues were reduced the previous year, after estimating the budget, there would need to be an increase in the dues to cover meeting and administrative related expenses. The county fees would increase from \$4,135 to \$4,771 for the larger counties and from \$1,000 to \$1,154 for the smaller counties, with a 4-meeting schedule. The committee discussed the line items on the budget. Dave Edwards (Wakulla) made the motion to approve the budget for board discussion, second by Commissioner John Meeks (Levy).

ACTION: EXECUTIVE COMMITTEE APPROVED

Agenda Item #8 – Grant Applications for Review and Approval; upcoming subrecipient applications

Co-Chair Commissioner Chris Constance (Charlotte) recognized Dan Dourte (The Balmoral Group) who gave an update on the grant applications submitted to RESTORE and asked the committee for approval of the nine new grant applications totaling \$16,957,740 to be submitted. Commissioner John Meeks (Levy) made the motion to approve the grant applications for board review, seconded by Commissioner Betsy Barfield (Jefferson).

ACTION: EXECUTIVE COMMITTEE APPROVED

Agenda Item #9 – SEP Amendment Request

Valerie Seidel (The Balmoral Group) brought to the committee a request to prepare an SEP amendment to bring to the November board meeting. This amendment would describe a new project in the SEP to accommodate SEP Amendments, policy revisions, OSA updates, financial audits and possibly procurements, update the original sequencing/timing of funding, add or change any projects and update the cost reflections to reflect administrative costs, per RESTORE Council advise. The Committee discussed that there was no policy for how SEP amendment costs would be handled and that it should be included in full board. Commissioner Betsy Barfield (Jefferson) made the motion to approve the SEP Amendment Request to the board for discussion, seconded by David Edwards (Wakulla).

ACTION: EXECUTIVE COMMITTEE APPROVED

Agenda Item #10 – Proposed Members for Procedures Review Committee

Valerie Seidel (The Balmoral Group) presented the proposed members for the Procedures Review Committee which was required to review the Policies and Procedures yearly. The proposed composition consisted of Sheree Keeler, Larry Jones, Yana Matiyuk, Matt Posner and Lynn Hoshihara. Commissioner Constance asked if the meetings would be still considered in the Sunshine since there were not board members on the proposed committee. Lynn Hoshihara (NGN) commented that they would be still subject to the Sunshine Law because they would be making recommendations to the board. Commissioner Betsy Barfield (Jefferson) made the motion to approve the proposed Procedures Review Committee Members, seconded by David Edwards (Wakulla).

ACTION: EXECUTIVE COMMITTEE APPROVED

Agenda Item #11 – Proposed Members for Risk & Audit Committee

Valerie Seidel (The Balmoral Group) presented the proposed Audit Committee members and schedule for recommendation to the full board. The Audit committee would consist of Robert Bender, Heather Larson, Scott Carnahan and Lane Lynchard and should consist of one or two calls. Commissioner Betsy Barfield (Jefferson) made the motion to approve the proposed Risk and Audit Committee Members, seconded by David Edwards (Wakulla).

ACTION: EXECUTIVE COMMITTEE APPROVED

Agenda Item #12 – Approval of the Gulf Consortium 2020 Meeting Calendar

Dan Dourte (The Balmoral Group) presented the Committee with the proposed calendar for 2020. There were five date ranges which were based on FAC events and the opportunity to add a fifth meeting in March. The specific dates would be decided in coordination with FAC 6-8 weeks out from the meeting date. The board would need to decide if they would like 4 or 5 meetings. Commissioner John Meeks (Levy) commented that 5 meetings would be better because a gap between January and June would be too far of a stretch. It was noted that the budget included four meetings and would

need to be revised prior to the Board meeting. David Edwards (Wakulla) made the motion to approve the calendar for board discussion, seconded by John Meeks (Levy.)

ACTION: EXECUTIVE COMMITTEE APPROVED

Agenda Item#13-Manager's Report

Valerie Seidel presented an update on the manager's report on Consortium activities since the last board meeting in written version per Chair request. There were no questions or comments on this item.

Agenda Item #14-Grant Status Update: PSEP

Valerie Seidel (The Balmoral Group) gave an update on the status of the PSEP grant. The PSEP had been extended through August 23, 2019 so it could be used to pay the Gulf Consortium's Audit. They were trying to extend the grant one more time and may know by the board meeting if that would be possible. There were no questions on this item. No action was required.

Agenda Item #15-General Counsel Report

Lynn Hoshihara had no legal update for the committee.

Agenda Item #16- Status of Bucket 2 Projects

Phil Coram(DEP) gave an update on the Status of Bucket 2 Projects. A Deep Water Horizon Summit was going to be held in November in Panama Beach and the Consortium was invited.

Agenda Item #17 – Public Comments

None.

Agenda Item #18– Upcoming Board Meeting

The next board meeting is to be held at Sheraton Panama City Beach Golf & Spa Resort at 2:00pm, CT.

Agenda Item #19 – Adjourn

There being no further business, Chairman Yeager adjourned the meeting at 5:11pm.

AGENDA ITEM 6

**Gulf Consortium Executive Committee Meeting
November 7, 2019**

**Agenda Item 6
Grant applications for review/approval and SEP project status**

Statement of Issue:

Grant applications approved at the September Board meeting were submitted to RESTORE Council through their grants management system. These are pending review and award from Council. A new grant application for Gulf County's project 6-2: St. Joseph Peninsula Coastal Erosion Control Project – E&D has been received by the Gulf Consortium. A summary table of all submitted applications is included as an attachment to this item.

Background:

The SEP was approved on September 30, 2018 and at the November 29, 2018 meeting, the Board approved a grant application timeline for SEP project implementation. Grant applications are required to be prepared and submitted by the implementing entity, The Gulf Consortium. Upon Board approval, these applications can be submitted to RESTORE Council for their review. Council has indicated that a 3 to 4 month review time is to be expected, and they have increased their personnel to accommodate the anticipated increase in grant processing.

The next recommended deadline for submission of grant application materials is 12/20/2019, to allow for staff time to prepare applications for the January Consortium Board Meeting. Any project milestones with 2019 or 2020 start date can be applied for – see page 1 of project data dashboard at <http://datavisual.balmoralgroup.us/GulfConsortiumProjects>.

As of October 31, 2019, 6 projects have been awarded (3 RESTORE Council awards to the Consortium):

- 15-5: Artificial Reef Program - Hudson Reef (\$117,905)
- 8-2: Coastal Public Access Program - Bayside Marina – feasibility/appraisal (\$81,004)
- Wastewater Improvement – Combined Project 1; \$1,150,464.00 (2-1 Santa Rosa, 3-4 Okaloosa, 13-1 Citrus, 20-1 Charlotte) - \$1,150,464.

A total of 23 grant applications have been received and processed. 11 are currently under RESTORE Council review; 1 is in “Award preparation” stage, 1 is one hold, 3 have been withdrawn, and 1 is pending submittal to RESTORE Council. The total amount of all grant applications or awards is about \$22.7M.

Most Recent Activity:

The following grant application for SEP project implementation has been prepared in conjunction with County personnel:

- Gulf 6-2: St. Joseph Peninsula Coastal Erosion Control Project – E&D

The total costs budgeted for this project is \$178,313. In addition to subrecipient (County) project costs, the following effort was budgeted: an estimated 36 hours/grant/year for management costs (grant application preparation, twice-annual performance and financial reporting, coordination with County, site visits, etc.), 18 hours/grant/year for legal costs (procurement and contract development and review, etc.), and 3 basis points for fiscal agent costs.

AGENDA ITEM 7

**Gulf Consortium Executive Committee Meeting
November 7, 2019**

**Agenda Item 7
SEP Amendment #2 DRAFT for public comment**

Statement of Issue:

An SEP amendment was prepared to 1) describe a new project in the SEP for Adaptive Planning, 2) to update the original sequencing/timing and costs of portions of projects in several counties, and 3) to update all project cost estimates to reflect administrative costs, per RESTORE Council advice.

Background:

An amendment to the SEP is required for new projects or substantial changes in scope of existing projects. This is the second amendment to Florida's SEP.

Analysis:

One new project was added to the SEP: project 24-1 "Adaptive Management and Compliance Project". That project was approved by the Board at the June Board meeting and preparation of the SEP amendment was approved at the September Board meeting. In addition to the new project, changes in timing and estimated Pot 3 amounts were made in Santa Rosa, Okaloosa, Wakulla, and Pasco Counties. These changes do not affect the county total amounts and do not substantially affect sequencing. A new milestone for "Project Administration" was added to each project in the SEP. The costs of Project Administration were estimated based on numbers of grants per project and duration of grants based on milestone start/end dates. 54 hours/year/grant was used as the combined management/legal effort required. Across the 23 counties Project Administration costs ranged from 1% to 6.8% of total costs; average administration cost for a county was 3.7%. All project milestone budgeted amounts were adjusted to accommodate the Adaptive Management and Compliance Project and to account for the project-specific administration effort. If approved in draft form at the November Board meeting, this would open the 45-day public comment starting around November 20, 2019. After public comment, edits will be incorporated and submission to RESTORE Council will be coordinated through DEP.

Fiscal Impact

There is a slightly increased chance that the funds applied for might exceed the trust fund balance in 2021. In the original SEP this was not expected until 2022. Based on the yearly amounts of grant activity in 2019, this risk seems low, and it would actually be a somewhat pleasant problem to have to manage. To be limited by the trust fund balance would require that applications and awards would proceed at about \$56M/year for the next 2 years in order to exceed the

trust fund balance (currently at \$93,771,642; will increase to 110,485,573 in April 2020).

Options:

- (1) Approval of draft SEP amendment #2 for full Board review
- (2) Executive Committee direction

Recommendation:

Option 1

Approved____; Approved as amended____; Defeated_____.

State of Florida

STATE EXPENDITURE PLAN – DRAFT Amendment 2 (November 2019)

Submitted Pursuant to the Spill Impact

Component of the RESTORE Act

33 U.S.C. § 1321(t)(3)

Executive Summary

This second amendment to the State Expenditure Plan (SEP) for the State of Florida, prepared by the Gulf Consortium (Consortium), addresses the following:

- Adding a new project to the SEP for Adaptive Planning (to accommodate future SEP amendments, policy revisions, OSA updates, financial audits, and possibly procurements),
- Revising the original sequencing/timing and amounts of project funding,
- Updating the cost projections to reflect project administrative costs, per RESTORE Council advice.

State Certification of RESTORE Act Compliance

In accordance with Section 5.2.2 of the SEP Guidelines provided by the Council, the Gulf Consortium hereby certifies the following:

- All projects, programs, and activities included in the Florida SEP amendment are eligible activities as defined by the RESTORE Act.
- All projects, programs, and activities included in the Florida SEP amendment contribute to the overall economic and/or ecological recovery of the Gulf Coast.
- The FL SEP amendment takes into consideration the Comprehensive Plan and is consistent with the goals and objectives of the Comprehensive Plan.
- Issues crossing Gulf State boundaries have been evaluated to ensure that a comprehensive, collaborative ecological and economic recovery is furthered by the Florida SEP.
- All projects, programs, and activities included in the SEP are based on and/or informed by the Best Available Science as defined in the RESTORE Act.

Public Participation Statement

The draft FL SEP Amendment 2 was delivered by email on **DATE** - TBD, 2019 to the Gulf Consortium Board of Directors, County personnel, industry stakeholders, Florida state agencies (including Florida Department of Environmental Protection and Florida Fish and Wildlife Conservation Commission), and conservation organizations (more than 100 people). The draft FL SEP Amendment 2 was presented in two public meetings on **DATE** (each with attendance of about 50 people, most of whom are involved in SEP implementation). During these meetings the content of the amendment was described and comments were invited. The draft FL SEP Amendment 2 was posted on the Gulf Consortium website (<https://www.gulfconsortium.org/>) and the link to a comment portal (<https://www.gulfconsortium.org/draft-sep-amendment-2>) was provided in the email delivery described above. In the message to County commissioners, County staff working on RESTORE efforts, DEP, FWC and NWF, it was requested that the amendment be forwarded along to other interested stakeholders for comments.

Financial Integrity

The Consortium is the legal entity in Florida responsible for implementation of this Florida SEP amendment, and will be the direct recipient of grant funds disbursed by the Council to the State of Florida pursuant to the Spill Impact Component of the RESTORE Act. The full original SEP (<https://www.gulfconsortium.org/state-expenditure-plan>) should be referred to for additional detail on the financial integrity of the Gulf Consortium.

Overall Consistency with the Goals and Objectives of the Comprehensive Plan

The process for goal development and the consistency of Florida SEP activities with the Council Comprehensive Plan is described in detail in the Florida SEP. This SEP amendment is fully consistent with, and furthers, the Council's Comprehensive Plan. The projects, programs, and activities proposed in this Florida SEP amendment were nominated through a county-driven process.

Compliance with 25 Percent Infrastructure Limitation

In accordance with Section 4.2.2 of the Council's SEP Guidelines, the State of Florida hereby certifies that the proposed projects, programs, and activities described in Section V of this SEP comply with the 25 percent infrastructure limitation. For SEP purposes, the term "infrastructure" has the same meaning as provided in 31 Code of Federal Regulations (CFR) Section 34.2. The 25 percent infrastructure limitation is defined in the RESTORE Act, 33 U.S.C. Section 1321(t)(3)(B)(ii). This provision states that not more than 25 percent of the allocated Spill Impact Component funds may be used by a State for infrastructure projects for RESTORE Act Eligible Activities 6 and 7, which include:

- Eligible Activity 6: Infrastructure projects benefiting the economy or ecological resources, including port infrastructure, and
- Eligible Activity 7: Coastal flood protection and related infrastructure.

This proposed amendment does not alter the total amount of funds in the State Expenditure Plan dedicated to infrastructure projects i.e., eligible activities 6 and 7.

Proposed Projects, Programs, and Activities

Adaptive Management and Compliance Project

PROJECT NO. 24-1

PROJECT DESCRIPTION - ADAPTIVE MANAGEMENT AND COMPLIANCE PROJECT

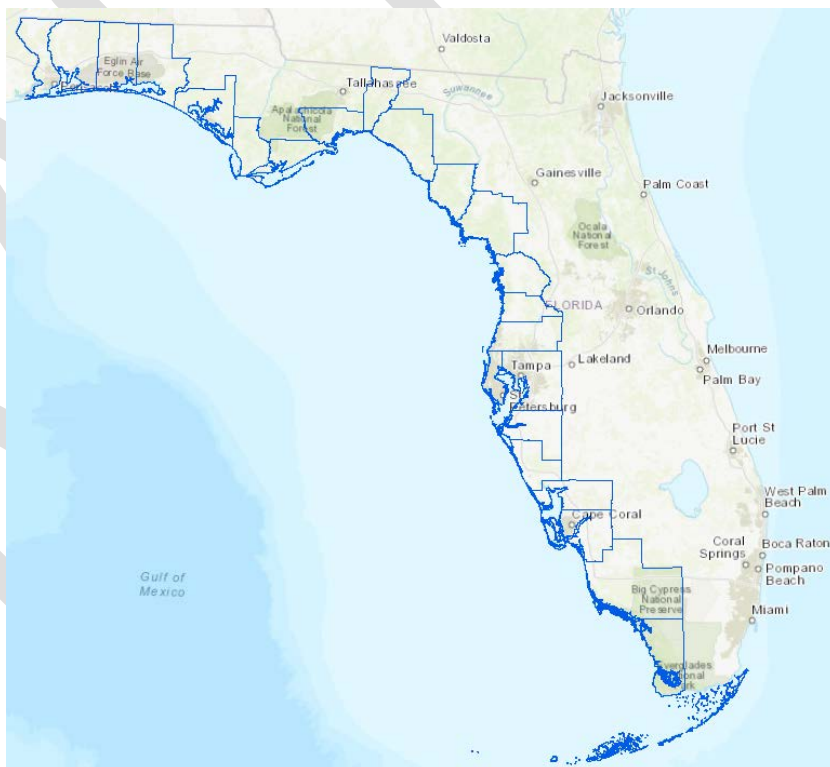

Overview and Location

The adaptive planning and financial integrity efforts of this project will be carried out between the primary office of the Consortium's General Manager and the offices of the Consortium's General Counsel. Efforts also occur at locations around the state of Florida during the Board meetings of the Consortium.

The project will impact the success of all projects in the Florida State Expenditure Plan, which are located among the 23 Gulf Coast counties of the State.

Need and Justification

This project will enable the Gulf Consortium to accommodate adaptive planning in order for the SEP to be updated to reflect changes in projects. Also, the project will support the Gulf Consortium's policy revisions and financial integrity.

Purpose and Objectives

The purpose of this project is to enable adaptive planning and to support the ongoing efforts related to financial integrity. This will allow the Gulf Consortium to develop SEP amendments as required when there are new projects or substantial project scope changes. Additionally, the project supports the maintenance and improvement of the Gulf Consortium's risk management and financial integrity procedures.

Project Components

The core activities of this project include the following:

- developing SEP amendments as needed
- conducting annual risk assessments of the Gulf Consortium and its sub-recipients
- completing the annual audits
- reviewing and improving policies and procedures

For SEP amendments this will include coordination with sub-recipients, documentation of efforts and costs, updates to project timing and project details. Risk assessments include OSA reviews – for the Consortium and sub-recipient counties – and review of sub-recipient financial/accounting procedures. The project also will support the annual financial audits of the Gulf Consortium. Procurement of additional service providers may also be supported by this project.

Contributions to the Overall Economic and Ecological Recovery of the Gulf

The project will support an Adaptive Planning and Compliance Project in the SEP.

Section 4.1.1 of the RESTORE Act lists “administrative cost of complying with the Act” as an eligible project for funding.

As an amendment to the planning project, there are no direct or immediate environmental benefits or outcomes. However, the accumulated environmental benefits of State Expenditure Plan (SEP) are directly reliant upon the ability to adapt in the face of policy, county-level, timeline, and cost changes.

This SEP Amendment 2 will allow for the adaptation of projects funded from RESTORE funds as necessary while allowing the Consortium to continue the submittal of project implementation grant applications to carry out the SEP’s projects.

Eligibility and Statutory Requirements

This project is consistent with, and addresses, the following RESTORE Act eligible activities:

- Eligible Activity 8: Planning Assistance (primary)
- Eligible Activity 9: Administrative Costs

Comprehensive Plans Goals and Objectives

This planning project aligns with the following Gulf-wide Council goals:

- Goal 5: Restore and Revitalize the Gulf Economy: Enhance the sustainability and resiliency of the Gulf economy,
- Goal 2: Restore Water Quality and Quantity: Restore and protect the water quality and quantity of the Gulf Coast region’s fresh, estuarine, and marine waters,
- Goal 1: Restore and Conserve Habitat: Restore and conserve the health, diversity, and resilience of key coastal, estuarine, and marine habitats.

This project supports the following Gulf-wide Council objectives:

- Objective 8: Restore, Diversify, and Revitalize the Gulf Economy with Economic and Environmental Restoration Projects
- Objective 7: Improve Science-Based Decision-Making Processes
- Objective 1: Restore, Enhance, and Protect Habitats
- Objective 2: Restore, Improve, and Protect Water Resources

Implementing Entities

The Gulf Consortium will have the primary responsibilities for carrying out the efforts of this Adaptive Management and Compliance Project. This includes the Gulf Consortium Board of Directors, sub-recipient county personnel, and contracted service providers for general management, legal support, accounting, and financial services.

Best Available Science and Feasibility Assessment

Best Available Science is not applicable to the scope of this project and its approach.

Risks and Uncertainties

One of the goals in this project is to support planning efforts to be able to manage risks effectively. As financial integrity weaknesses are discovered or as SEP project priorities change, this project allows the Gulf Consortium to commit the required effort to remedy those and other unexpected events or risks.

There are no material risks as far as project compliance with environmental or other regulations, permitting, etc. By content and intent, the SEP amendment being developed and implemented is itself intended to ensure compliance with RESTORE Act and Treasury requirements. Budgetary risks, if any, are nominal as far as the scope exceeding the budget and this situation, were it to arise could be addressed by either an amendment to the planning grant or provision of the needed funds by the Consortium itself.

Success Criteria and Monitoring

The metric used to evaluate performance of this project will be: "PRM010- Research - # studies used to inform mgmt." This metric reflects the fundamental purposes of the project including ensuring that the Consortium efficiently and equitably manages any and all contracts and sub-award agreements with all 23 counties. This includes all necessary administration, allocation, and compliance management costs to satisfy Council and all other applicable federal requirements.

The proposed metric is objective in that it relates strictly to the functionality of the Consortium and its relations to Council and its member counties as relates to administration of the SEP. The proposed metric is quantifiable in that success (and outcome targets) can be reliably tracked throughout the life of the grant in terms of items achieved and documented in the Organizational Self-Assessment.

The monitoring strategy will be the application of a checklist of reports and processes (such as completion of the annual audit) approved by the Board and implemented by the Consortium Manager and Counsel, as appropriate. The checklist (i.e., status of Compliance efforts) will be included with each deliverable to Council to indicate both task completion and the timing.

Project Milestones and Schedule

MILESTONE	YEARS FROM MONTH APPROVAL										Deliverable (Y/N)
	1	2	3	4	5	6	7	8	9	10	
Grant Management											Y
Reporting											Y
Auditing Services											Y

Budget and Funding Sources

This project is planned for 3-years, but these efforts are expected to be sustained for the duration of SEP implementation. In subsequent SEP amendments this project may be updated to extend its duration and provide updated costs and actual costs become better understood. The estimated costs reflect the key financial and risk management, reporting, and auditing services necessary to ensure the Gulf Consortium can adaptively manage and can improve and maintain its financial integrity.

MILESTONE	ESTIMATED TOTAL DOLLARS	ESTIMATED POT 3 ALLOCATION
Financial Integrity - audits and policy revisions	\$105,405	\$105,405
Federal Compliance - reporting and accounting	\$54,525	\$54,525
Procurement Support	\$12,750	\$12,750
SEP Amendments	\$19,180	\$19,180
Total Cost	\$191,860	\$191,860
COMMITTED FUNDING SOURCES		
Spill Impact Component		\$191,860
Direct Component		\$0
Other grants or co-funding		\$0
Other County funds		\$0
Total Committed Funding		\$191,860
Budget Shortfall		\$0

SEP project timing and cost revisions

This SEP amendment provides updated project costs to accommodate:

- 1) The costs associated with the Adaptive Management and Compliance Project (described

- in the new project above)
- 2) The Gulf Consortium costs of project-specific administration efforts to implement SEP projects – summarized below
 - 3) Changes in county priorities and timing (Santa Rosa, Okaloosa, Wakulla, and Pasco Counties) – summarized below

All project-specific milestone cost estimates are updated as shown in Table 1 and at <https://datavisual.balmoralgroup.us/GulfConsortiumProjects-Amendment2>.

Gulf Consortium Project Administration

A milestone and budgeted amount has been added to each project in the SEP to account for Gulf Consortium project-specific administration efforts (grant applications, coordination with sub-recipients, financial accountability/integrity, progress reporting, and legal counsel). These efforts are shown in the updated milestone Table 1. Project administration efforts were estimated based on an assumed number of grants per project and the estimate start and end dates. Costs were estimated based on annual hourly effort for each grant. For the life of the SEP, the total estimated project-specific grant administration costs are about 3.7% of total SEP project costs.

Santa Rosa County

The overall objectives and success criteria for Santa Rosa County's project 2-1 "Santa Rosa Sound Water Quality Improvement Program" are unchanged. However, there have been changes to the Pot 3 funding amounts among phases and milestones within the project.

The Holley-by-the-Sea Septic to Sewer component (\$3,962,500) is being withdrawn from the SEP project due to the lack of funding available to complete the entire project as well as a re-prioritization by both the Holley Navarre Water System and Santa Rosa County to move forward with the NBWWTF Effluent Relocation at an earlier timeframe. These adjustments do not change the objectives or success criteria from what was planned in the original SEP. The following funding changes are summarized:

- Increase the amount allocated toward the Navarre Beach Wastewater Treatment Facility (NBWWTF) Effluent Relocation activity by to \$6,462,196.
- Reallocate the funding amount initially designated to the NBWWTF Effluent Relocation from planning toward the Construction of the project
- Withdraw the Pot 3 funding amount for the Holley By The Sea Septic to Sewer phase of the project
- Adjust the project timeline for all remaining projects to reflect updated plans as indicated in Table 1 at the end of this document and at <https://datavisual.balmoralgroup.us/GulfConsortiumProjects-Amendment2>
- These changes result in an amount of about \$2.6M being available for future phases of project 2-1 to be described in another SEP amendment.

Okaloosa County

The estimated costs and sequencing of projects in Okaloosa have been revised to reflect plans for project 3-5 “Veterans Park Living Shoreline” to start sooner than originally planned (2020 instead of 2031). Efforts planned in project 3-1 “Coastal Stormwater Retrofit Program” and 3-2 “Offshore Fish Aggregating Devices (FADs)” have been moved to later years to accommodate Veterans Park Living Shoreline beginning earlier, with minor impacts on the total annual budgeted amounts. These adjustments do not change the objectives or success criteria from what was planned in the original SEP.

Wakulla County

The planned Pot 3 funding for Wakulla County’s project 8-3 “Artificial Reef and Oyster Habitat Enhancement” has been removed from the SEP. An additional project component has been added to project 8-1 “Wakulla Springshed Water Quality Protection Program.” The original SEP included effort for “Otter Creek WWTP Upgrade Feasibility Plan.” This amendment increases the effort substantially for Otter Creek WWTP from feasibility to engineering and construction. Based on current and projected wastewater flow data the Otter Creek Wastewater Treatment Plant (WWTP) existing trains will reach capacity within five years. In anticipation of reaching capacity a third train will be needed. Therefore, this project is seeking SEP funds for engineering services and construction costs for a third train in the Otter Creek WWTP. About \$500,000 is estimated for design services and about \$9M is planned for the Pot 3 construction costs for Otter Creek WWTP. These adjustments do not change the objectives or success criteria from what was planned in the original SEP. All updated costs and milestones are documented in Table 1.

Pasco County

The planned Pot 3 funding for Pasco County’s project 15-7 “Crews Lake Hydrologic Restoration” has been removed. This makes about \$1.4M available for increased Pot 3 spending on parts of existing SEP projects or potentially a new project. The planned spending for that amount will be specified in a future SEP amendment. These adjustments do not change the objectives or success criteria from what was planned in the original SEP.

Implementation

This project allows for a new project in the SEP for Adaptive Planning as well as updates to timing, projects, and cost projections for projects. This includes recurring grant-eligible, but non-project specific, costs which are allowed under section 4.1.1 of the RESTORE Act. There are a number of federal recordkeeping and reporting requirements that the Consortium is mandated to complete, regardless of the level of grant activity occurring. This project will maximize the effectiveness of coordination of restoration in the Gulf Coast Region and the development of new and/or amended State Expenditure Plan(s). Specific activities included under this project include single audits, financial audits, reporting and tracking financial data, administrative activities necessary for reporting and OSA compliance and input & upkeep for procurement record processing and accounting activities.

Table 1. SEP project milestone timing and costs

Project Number	County	Project Name - SEP Final	Program Project or Phase	Milestone Streamlined	Year Start	Year End	Total Cost	Pot 3 Cost

AGENDA ITEM 8

**Gulf Consortium Executive Committee Meeting
November 7, 2019**

**Agenda Item 8
Manager's Report**

Statement of Issue:

Consortium staff provides a report on updates to Consortium activities since the last Board meeting, or that require Board action or approval.

Discussion:

Additional Grant Awards: Two additional grants were awarded since the last Board meeting. Item 6 on the agenda provided the status of the remaining grant applications, which are in various stages of review and approval. We are on track for our budgeted estimate of about \$56 million in grant awards this fiscal year. Item 7 provided an updated status on the SEP Amendment to improve transparency and cover non-project-specific grant eligible costs of administering the SEP.

Audit: The financial audit and single audit kickoff meeting was held with Warren Averitt and is underway. The timeline for completion of the audit is on track with the schedule we agreed with Audit Committee last year, and Audit Committee meetings have been scheduled.

Procedures Review Committee: Following approval at the last Board meeting, the Procedures Review Committee meetings have been scheduled. The first round of policy reviews will occur November 13. Now that operations are underway, staff has identified a number of procedural updates that will be proposed to the Committee. In addition, the requested procedures for handling future county-specific SEP amendments will be addressed. Staff is in the process of updating the OSA to current conditions in preparation for the anniversary date after the new year.

Invoicing: County dues were invoiced this month.

Financial Reporting: The SF-425 was filed by its due date of 10/31/19.

RESTORE Council Updates: Barbara Shumar was introduced as one of our new Grants Specialists. She is located in St. Petersburg, and will be able to attend future meetings; she will be unable to attend the November meeting. RESTORE Council also raised an issue that Treasury has encountered with some counties. If Counties are claiming staff time and costs in their grant application, sufficient documentation has to exist within the County accounting system to differentiate time spent on grant activities from other paid time. The issue will be reviewed with RESTORE Coordinators at the RESTORE Coordinator meeting prior to the Board meeting.

Recommendation:

Informational only.

AGENDA ITEM 9

**Gulf Consortium Executive Committee
November 7, 2019**

**Agenda Item 9
Financial Statements**

Statement of Issue:

Presentation of the most recent monthly financial statements. The report also includes a snapshot of Grant applications for SEP Implementation.

Background:

Financial Statements are produced monthly for the Consortium. Additionally, attachments include a snapshot of the amounts allocated to the SSEP and PSEP, and the amounts pertaining to Grant Applications for SEP projects. The Consortium has achieved operational efficiency. Management costs for SEP Implementation this fiscal year have averaged less than the budgeted hours.

Attachments:

- a) Financial Statements through September 30, 2019 – Balance Sheet.
Income statement is being updated to reflect recent activity.
- b) Grant Status Summary
- c) Implementation Costs Graph
- d) Submitted Grants Graph
- e) SF425 for September 30, 2019
- f) Delegation of Authority
